Paul Klee Robert Kudielka, Paul Klee, Bridget Riley, 2002 Featuring an essay by Robert Kudielka this book brings to the fore the seminal role Paul Klee had in the development of 20th century art and asserts the continuing relevance of his work today **Paul Klee** Robert Kudielka, 2002 The Shape of Revelation Zachary Braiterman, 2007 The Shape of Revelation highlights the image of form creation sheer presence lyric pathos rhythmic repetition open spatial dynamism and erotic pulse unique in the work of Martin Buber Franz Rosenzweig and German Expressionism in order to explore the overlap between revelation and aesthetic shape from the perspective of Judaism Marginal Gains Jane I. Guyer, 2004-03 In America almost all the money in circulation passes through financial institutions every day But in Nigeria's cash and carry system 90 percent of the currency never comes back to a bank after it's issued What happens when two such radically different economies meet and mingle as they have for centuries in Atlantic Africa The answer is a rich diversity of economic practices responsive to both local and global circumstances In Marginal Gains Jane I. Guyer explores and explains these often bewildering practices including trade with coastal capitalism and across indigenous currency zones and within the modern popular economy Drawing on a wide range of evidence Guyer demonstrates that the region shares a coherent if loosely knit commercial culture She shows how that culture actually works in daily practice addressing both its differing scales of value and the many settings in which it operates from crisis conditions to ordinary household budgets The result is a landmark study that reveals not just how popular economic systems work in Africa but possibly elsewhere in the Third World The Columbia Dictionary of Quotations Robert Andrews, 1993 Over 11 000 of these 18 000 quotations have never before appeared in a quotation book Chosen not for their familiarity but for their quality and their relevance in the 1990s these provocative quotations cover subjects from adolescence and adoption to yuppies and zoos **History of Modern Art** H.
