Holidays and Holy Nights Christopher Hill, 2003 This joyous sparkling book opens the treasure chest of liturgical year to bring the creative power of the Divine into our ordinary lives here and now *The Long and Winding Road* Ted Greenwald, 1995 The Beatles were not only the most influential rock band of all time but also one of the most important cultural phenomena of the 20th century This book provides a firsthand look into the life of this fascinating group including bios on each Beatle and annotated discography of the groups recordings Abundantly illustrated with full color and bandw photos of the Fab Four and memorabilia *Keeping the Lid on* Logie Barrow, François Poirier, Susan Finding, 2010-04-16 The contributors to this book have explored various aspects of urban imagination so intimately related to a peculiar social environment They are historians and geographers linguists and cultural students Their methodologies are very different their sources poles apart And yet they address the same object of study social and spatial segregation and urban eruptions though

severally defined from epidemics to anarchist scares urban uprisings to mental maps or the reverberations of urban memories in song novels and museums Case studies consider the towns of Liverpool London Hull New York Salvador de Bahia or more generally France and America The networks created among intellectuals and labourers anarchists and migrants or the lack of communication between those who feel oppressed rioters strikers anti vaccination protesters and those in control are a further common denominator In a way urban epidemics were the epitome of the repulsive character large cities possessed in the eyes even of their own inhabitants If they were the receptacle of so many foreigners and shady political characters if they were the scenes of social and ethnic conflict and violence and promiscuity and prostitution and drunkenness and pauperism they were of necessity a festering sore which nothing could eradicate It is strange that something of this fear should linger on today otherwise how can one explain the lacunae in the official memory of museums despite the cultural efforts produced in the opposite direction with Ackroyd s love for East End London with the revival of a Little Italy in every major American city with the nostalgic folklorisation of past miseries in Salvador de Bahia and in popular song What sense of belonging can be generated by an obliteration of the past what dynamic local culture can spring from an absence from a hole in collective memory This book goes some way to filling those gaps
