Lubig,2011-09-13 Maltese in Michigan is an enlivening volume depicting the struggles and accomplishments of a singular culture an immigrant narrative at once recognizable and enigmatic Without realizing it most Americans are probably familiar with the Maltese people through the cross displayed by firefighters which

bears a strong similarity in design and meaning to the one used by the Knights of Malta The noble qualities embodied by the Maltese Cross are reflected in the pride and accomplishments of Maltese immigrants in Michigan a small but vibrant ethnic group Rooted in the post World War II experiences of the 20th century the Maltese established themselves in the city of Detroit and thrived due to a strong work ethic and Catholic faith while maintaining a strong central identity This volume is a tribute to the Maltese of Michigan and all who have begun anew in an unfamiliar land and culture American Book Publishing Record Cumulative, 1950-1977: Title index R.R. subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church's ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change
