Paul Strand Essays On His Life And Work:

Paul Strand Robert Adams,1990 Bundel opstellen over de Amerikaanse fotograaf 1890 1976 **Paul Strand, Circa 1916** Maria Morris Hambourg,Paul Strand,1998 Published to accompany an exhibition at The Metropolitan Museum of Art New York from February 1998 this is a study of the achievements of the early career of the American photographer Paul Strand 1890 1976 After studying photography in New York with the social reformer Lewis Hine Strand began to absorb the ideas of the European avant garde and fellow photographer and art entrepreneur Alfred Stieglitz heralded Strand s pictures as the first images of an incisive modern vision The Cultural Front Michael Denning,1996 Denning illuminates the radical movement of artists and intellectuals activists and workers which strove to create a genuinely democratic popular culture in America during the 1930s *Aspects of Modernism* Andreas Fischer,Martin Heusser,Thomas Herrmann,1997 **Just Before Dark** Jim Harrison,2016-05-03 Twenty five years of essays from one of America s most prolific and acclaimed writers the New York Times bestselling author of *Legends of the Fall* The bestselling author of thirty nine books of fiction nonfiction and poetry including *Dalva* and *Returning to Earth* Jim Harrison was one of our most beloved and acclaimed writers adored by both readers and critics In *Just Before Dark* Harrison s essays and articles have been selected from twenty five years of work from venues as diverse as *Playboy* *The Nation* *Outside* and the *American Poetry Review* They explore the passions and concerns of a classic American writer from ice fishing to bar pool nouvelle cuisine and night walks with keen insight and great humanity It is an exceptional reminder of why Harrison was one of our most cherished and important writers One of the most interesting and entertaining bodies of work by any writer of his generation Alan Cheuse *Chicago Tribune* **The Turn Around Religion in America** Michael P. Kramer,2016-02-24 Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles In particular this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them Taking as their point of departure the foundational scholarship of Sacvan Bercovitch the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right Examining authors as diverse as Pietro di Donato Herman Melville Miguel Algarin Edward Taylor Mark Twain Robert Keayne Nathaniel Hawthorne Paule Marshall Stephen Crane Ralph Waldo Emerson and Joseph B Soloveitchik among many others and a host of genres from novels and poetry to sermons philosophy history journalism photography theater and cinema the essays call for a discussion of religion s powers that does not seek to explain them as much as put them into conversation with each other Central to this project is Bercovitch s emphasis on the rhetoric ritual typology and symbology of religion and his recognition that with each aesthetic enactment of religion s power we learn

something new **How the Other Half Looks** Sara Blair, 2020-07-14 New York City's Lower East Side long viewed as the space of what Jacob Riis notoriously called the other half was also a crucible for experimentation in photography film literature and visual technologies This book takes an unprecedented look at the practices of observation that emerged from this critical site of encounter showing how they have informed literary and everyday narratives of America its citizens and its possible futures Taking readers from the mid nineteenth century to the present Sara Blair traces the career of the Lower East Side as a place where image makers writers and social reformers tested new techniques for apprehending America and their subjects looked back confronting the means used to represent them This dynamic shaped the birth of American photojournalism the writings of Stephen Crane and Abraham Cahan and the forms of early cinema During the 1930s the emptying ghetto opened contested views of the modern city animating the work of such writers and photographers as Henry Roth Walker Evans and Ben Shahn After World War II the Lower East Side became a key resource for imagining poetic revolution as in the work of Allen Ginsberg and LeRoi Jones and exploring dystopian futures from Cold War atomic strikes to the death of print culture and the threat of climate change How the Other Half Looks reveals how the Lower East Side has inspired new ways of looking and looking back that have shaped literary and popular expression as well as American modernity

Imaging the Scenes of War Christof Decker, 2022-04-04 In American visual culture the 1930s and 1940s were a key transitional period shaped by the era of modernism and the global confrontation of World War II Christof Decker demonstrates that the war and its iconography of destruction challenged visual artists to find new ways of representing its consequences Dealing with trauma and war crimes led to the emergence of complex aesthetic forms and media crossovers Decker shows that the 1940s were a pivotal period for the creation of horrific yet also innovative representations that boosted American visual modernism and set the stage for debates about the ethics of visual culture in the post 9 11 era

addition to the body of work on the importance of Maine to American art

Silent Film and U.S. Naturalist Literature

Katherine Fusco, 2016-03-17 Typically studies of early cinema's relation to literature have focused on the interactions between film and modernism. When film first emerged, however, it was naturalism, not modernism, competing for the American public's attention. In this media ecosystem, the cinema appeared alongside the works of authors including Charlotte Perkins Gilman, Jack London, and Frank Norris. Drawing on contemporaneous theories of time and modernity as well as recent scholarship on film narrative and naturalism, this book moves beyond traditional adaptation studies approaches to argue that both naturalism and the early cinema intervened in the era's varying experiments with temporality and time management. Specifically, it shows that American naturalist novels are constructed around a sustained formal and thematic interrogation of the relationship between human freedom and temporal inexorability and that the early cinema developed its norms in the context of naturalist experiments with time. The book identifies the silent cinema and naturalist novel's shared privileging of narrative progress over character development as a symbolic solution to social and aesthetic concerns ranging from systems of representation to historiography, labor reform, miscegenation, and birth control. This volume thus establishes the dynamic exchange between silent film and naturalism, arguing that in the products of this exchange, personality figures as excess, bogging down otherwise efficient narratives of progress. Considering naturalist authors and a diverse range of early film genres, this is the first book-length study of the reciprocal media exchanges that took place when the cinema was new. It will be a valuable resource to those with interests in Adaptation Studies, American Literature, Film History, Literary Naturalism, Modernism, and Narrative Theory.

The Oxford Handbook of Global Modernisms Mark Wollaeger, Matt Eatough, 2013-10

The Oxford Handbook of Global Modernisms expands the scope of modernism beyond its traditional focus on English and Irish literature to explore the contributions of artists from countries and regions like the US, Cuba, Spain, the Balkans, China, Japan, India, Vietnam, and Nigeria.

Silent Witnesses Jacqueline Ellis, 1998 This book shows how the silence of working-class women in American culture is constructed and reinforced in photographs by Dorothea Lange and Marion Post Wolcott and in writing by Meridel Le Sueur. Nevertheless, using work by Esther Bubley and Tillie Olsen to suggest how working-class female identity might be represented in more complicated ways, *Silent Witnesses* also reveals a cultural and political context where the creative and intellectual power of individual working-class women can be fully expressed.

Manly Arts David A.

Gerstner, 2006-03-06 Examines the anxieties of class and race and the conflicts between New and Old Worlds that attend the elevation of masculinity as a defining characteristic of early American cinema and visual culture.

Greater American

Camera Monica Bravo, 2021-01-01 An engaging investigation of how the relationships between four U.S. photographers and Mexican artists forged new developments in modernism. Photographers Edward Weston, Tina Modotti, Paul Strand, and Helen Levitt were among the U.S. artists who traveled to Mexico during the interwar period seeking a community more receptive to the radical premises of modern art. Looking closely at the work produced by these four artists in Mexico, this book examines

the vital role of exchanges between the expatriates and their Mexican contemporaries in forging a new photographic style Monica Bravo offers fresh insights concerning Weston s friendship with Diego Rivera Modotti s images of labor which she published alongside the writings of the Stridentists Strand s engagement with folk themes and the work of composer Carlos Ch vez and the influence of Manuel lvarez Bravo on Levitt s contributions to a New World surrealism Exploring how these dialogues resulted in a distinct kind of modernism characterized by inter American interests the book reveals the ways in which cross border collaboration shaped a new greater American aesthetic **The One and the Many** Grant H.

Focal Encyclopedia of Photography Michael R. Peres,2013-05-29 This volume is a complete revision of the 1996 third edition shares the ever changing breadth of photographic topics with a special emphasis on digital imaging and contemporary issues Produced by an international team of photographic and imaging experts with collaboration from the George Eastman House the world s oldest photography museum this fourth edition contains essays and photographic reproductions sharing information where photography and imaging serve a primary role ranging from the atomic to the cosmic **History and Modern Media** John Mraz,2021-04-15 In History and Modern Media John Mraz largely focuses on

Mexican photography and his innovative methodology that examines historical photographs by employing the concepts of genre and function He developed this method in extensive work on photojournalism it is tested here through examining two genres Indianist imagery as an expression of imperial neo colonizing and decolonizing photography and progressive photography as embodied in worker and laborist imagery as well as feminist and decolonizing visuality The book interweaves an autobiographical narrative with concrete research Mraz describes the resistance he encountered in US academia to this new way of showing and describing the past in films and photographs as well as some illuminating experiences as a visiting professor at several US universities More importantly he reflects on what it has meant to move to Mexico and become a Mexican Mexico is home to a thriving school of photohistorians perhaps unequaled in the world Some were trained in art history and a few continue to pursue that discipline However the great majority work from the discipline known as photohistory which focuses on vernacular photographs made outside of artistic intentions A central premise of the book is that knowing the cultures of the past and of the other is crucial in societies dominated by short term and parochial thinking and that today s hyper audiovisuality requires historians to use modern media to offer their knowledge as alternatives to the perpetual present in which we live **The American Essay in the American Century** Ned Stuckey-French,2011-05-31 In

modern culture the essay is often considered an old fashioned unoriginal form of literary styling The word essay brings to mind the uninspired five paragraph theme taught in schools around the country or the antiquated Edwardian meanderings of English gentlemen rattling on about art and old books These connotations exist despite the fact that Americans have been reading and enjoying personal essays in popular magazines for decades engaging with a multitude of ideas through this short

form means of expression To defend the essay that misunderstood staple of first year composition courses Ned Stuckey French has written *The American Essay in the American Century* This book uncovers the buried history of the American personal essay and reveals how it played a significant role in twentieth century cultural history In the early 1900s writers and critics debated the death of the essay claiming it was too traditional to survive the era's growing commercialism labeling it a bastion of British upper class conventions Yet in that period the essay blossomed into a cultural force as a new group of writers composed essays that responded to the concerns of America's expanding cosmopolitan readership These essays would spark the magazine revolution giving a fresh voice to the ascendant middle class of the young century With extensive research and a cultural context Stuckey French describes the many reasons essays grew in appeal and importance for Americans He also explores the rise of E B White considered by many the greatest American essayist of the first half of the twentieth century whose prowess was overshadowed by his success in other fields of writing White's work introduced a new voice creating an American essay that melded seriousness and political resolve with humor and self deprecation This book is one of the first to consider and reflect on the contributions of E B White to the personal essay tradition and American culture more generally *The American Essay in the American Century* is a compelling highly readable book that illuminates the history of a secretly beloved literary genre A work that will appeal to fiction readers scholars and students alike this book offers fundamental insight into modern American literary history and the intersections of literature culture and class through the personal essay This thoroughly researched volume dismisses once and for all the death of the essay proving that the essay will remain relevant for a very long time to come

[John Walker's Passage](#) Darrell Varga, 2012-08-08 John Walker is one of Canada's most prolific and important documentary filmmakers and is known for his many thoughtful personally inflected films His masterwork *Passage* centres on Sir John Franklin's failed expedition to find the final link of the Northwest Passage connecting the Atlantic and Pacific oceans through the Canadian Arctic It also gives us the story of John Rae the Scottish explorer who discovered the fate of Franklin and the final link in the passage but was left to the margins of history Walker's film brings to this story a layering of dramatic action and behind the scenes documentary footage that build tension between the story of the past and interpretations of the present Darrell Varga provides a close analysis of *Passage* situating it within Walker's rich body of work and the Canadian documentary tradition Varga illuminates how the film can be viewed through the lens of Harold Innis's theories of communication and culture opening up the work of this great Canadian political economist to film studies
