Pavel Axelrod And The Development Of Menshevism:

Pavel Axelrod and the Development of Menshevism Abraham Ascher, 1972 Pavel Axelrod and the Development of Menshevism Abraham Ascher, 1972 **Who's Who in Russia since 1900** Martin McCauley, Martin Mccauley, 2002-09-11

Who's Who in Russia and the Soviet Union is a unique reference guide which examines the leading political economic cultural military scientific and sporting personalities from 1900 1991 Through analysis of figures such as Stalin Brezhnev Khrushchev Yeltsin Rastushinskaya and Sakharov a comprehensive portrait of Russian and Soviet society in this era emerges The book takes the reader up to the collapse of the Soviet Union and provides detailed biographical information on each leading figure bibliographical references with entries as an aid to further research a comprehensive glossary of Russian terms concepts and institutions and a useful chronology of events an accessible and user friendly A Z layout an invaluable guide for students teachers researchers and the general reader alike Lenin and the Logic of Hegemony Alan Shandro, 2014-07-10 In *Lenin and the Logic of Hegemony* by means of a careful textual and contextual analysis of the writings of Lenin and his Marxist contemporaries Alan Shandro traces the contours of the anti metaphysical event identified by Gramsci in Lenin's political practice and theory the emergence of the philosophical fact of hegemony In so doing he effectively disputes conventional caricatures of Lenin's role as a political actor and thinker and unearths the underlying parameters of the concept of hegemony in the class struggle He thereby clarifies the conceptual status of this pervasive but now increasingly elusive notion and the logic of theory and practice at work in it **The Mensheviks After October** Vladimir N. Brovkin, 1987 The fullest account to date of the Menshevik party during the first year of Soviet rule Focusing on the period from October 1917 through October 1918 months when the Soviet political system still permitted a degree of electoral competition among political parties he explores the moderate socialists' opposition to the Bolsheviks back cover **The Menshevik Leaders in the Russian Revolution** Ziva Galili, 2019-10-08 At the end of February 1917 the tsarist government of Russia collapsed in a whirlwind of demonstrations by the workers and soldiers of Petrograd Ziva Galili tells how the moderate socialists or Mensheviks then attempted to prevent the conflicts between the newly formed liberal Provisional Government the bourgeois camp and the Petrograd Soviet the democratic camp from escalating into civil war and how in October of that same year they finally failed Placing narrative history in a broad social and political context she creates an absorbing study of idealists who tried in vain to reflect as well as to contain the unfolding revolutionary process Galili focuses on the Menshevik Revolutionary Defensists who became the leaders of the Petrograd Soviet and of the all Russian network of soviets She examines Menshevik political strategy as well as the three way interaction between Mensheviks both in the Soviet and the Provisional Government workers and industrialists She emphasizes the perceptual and interactive aspects of the analysis of revolutions the relations between social realities perceptions of realities and the formulation of political strategies the roles of rhetorics and societal conflict in shaping social identities and the impact of political authority and state institutions on the

terms of social interaction Ziva Galili is Associate Professor of History at Rutgers University She is coeditor and annotator of *The Making of Three Russian Revolutions* series Voice from the Menshevik Past Cambridge Studies of the Harriman Institute Columbia University Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Lenin And The Mensheviks Vera Broido, 2019-03-04 This book focuses on the persecution of the Mensheviks and other Russian socialists and Anarchists whose fate was much the same It is about the years of wars and upheavals the enforced migrations and how the Mensheviks had managed to keep a social community and a political culture in being

An Intellectual Biography of N.A. Rozhkov John A. González, 2016-09-19 An Intellectual Biography of N A Rozhkov is the first English language study to follow Russia's most gifted and important historian to emerge from the school of V O Kliuchevskii through the transformative decades that bridged the nineteenth and twentieth centuries Rozhkov's early philosophical influences are examined to explain his radicalisation from middle class intellectual academic to Leninist Bolshevik to Menshevik social democrat His Marxist socialist beliefs landed him in gaol several times and eventually he was exiled to Siberia for a decade where he was able to refine his political worldview and develop his theory of historical development Critical of Lenin and the 1917 revolution he spent the last decade of his life being persecuted by the Bolshevik regime

Roots of Rebellion Victoria E. Bonnell, 2023-07-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983

The Russian Revolution Walter Rodney, 2018-07-10 A never before published history of the Russian Bolshevik Revolution and its post colonial legacy woven together from lecture excerpts by the renowned Pan African revolutionary socialist theorist In his short life Guyanese intellectual Walter Rodney emerged as one of the foremost thinkers and activists of the anticolonial revolution leading movements in North America Africa and the Caribbean Wherever he was Rodney was a lightning rod for working class Black Power organizing His deportation sparked Jamaica's Rodney Riots in 1968 and his scholarship trained a generation how to approach politics on an international scale In 1980 shortly after founding the Working People's Alliance in Guyana the 38 year old Rodney was assassinated Walter Rodney's *The Russian Revolution* collects surviving texts from a series of lectures he delivered at the University of Dar es Salaam an intellectual hub of the independent Third World It had been his intention to work these into a book a goal completed posthumously with the editorial aid of Robin D G Kelley and Jesse Benjamin Moving across the historiography of the long

Russian Revolution with clarity and insight Rodney transcends the ideological fault lines of the Cold War Surveying a broad range of subjects the Narodniks social democracy the October Revolution civil war and the challenges of Stalinism Rodney articulates a distinct viewpoint from the Third World one that grounds revolutionary theory and history with the people in motion **The Making of Three Russian Revolutionaries** Ziva Galili y Garcia, Richard Wortman, 1987 This book presents the life histories of three prominent survivors of the Menshevik party Lydia Dan Boris Nicolaevsky and George Denike

Revolutionary Democracy Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women s Studies and History at Jadavpur University **The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture** Jay Bergman, 2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics **Commissars, Commanders, and Civilian Authority** Timothy J. Colton, 1979 For six decades the Soviet system has been immune to military rebellion and takeover which often characterizes modernizing countries How can we explain the stability of Soviet military politics asks Timothy Colton in his compelling interpretation of civil military relations in the Soviet Union Hitherto most western scholars have posited a basic dichotomy of interests between the Soviet army and the Communist party They view the two institutions as conflictprone with civilian supremacy depending primarily upon the party s control of officers through its organs within the military establishment Colton challenges this thesis and argues that the military party organs have come to possess few of the attributes of an effective controlling device and that the commissars and their heirs have operated as allies rather than adversaries of the military commanders In explaining the extraordinary stability in army party relations in terms of overlapping interests rather than controlling mechanisms Colton offers a major case study and a new

model to students of comparative military politics Russia Edward Acton,2014-09-19 This text has established itself as the best general introduction to Russian history providing a forceful and highly readable survey from earliest times to the post Soviet State At the heart of the book is the changing relationship between the State and Russian society at large The second edition has been substantially rewritten and updated and new material and fresh insights from recently accessible research have been incorporated into every chapter **Lenin and the Revolutionary Party** Paul Le Blanc,2016-02-01 For generations historians of the right left and center have all debated the best way to understand V I Lenin s role in shaping the Bolshevik party in the years leading up to the Russian Revolution At their worst these studies locate his influence in the forcefulness of his personality At their best they show how Lenin moved other Bolsheviks through patient argument and political debate Yet remarkably few have attempted to document the ways his ideas changed or how they were in turn shaped by the party he played such a central role in building In this thorough concise and accessible introduction to Lenin s theory and practice of revolutionary politics Paul Le Blanc gives a vibrant sense of the historical context of the socialist movement in Russia and abroad from which Lenin s ideas about revolutionary organization spring What emerges from Le Blanc s partisan yet measured account is an image of a collaborative ever adaptive and dynamically engaged network of revolutionary activists who formed the core of the Bolshevik party *A History of Marxian Economics, Volume I* Michael Charles Howard,John Edward King,2014-07-14 The first volume of this critical history covers the social political and theoretical forces behind the development of Marxian economics from Marx s death in 1883 until 1929 the year marking the onset of Stalin s revolution from above which subsequently transformed the Soviet Union into a modern superpower During these years Marxists in both Russia and Germany found their economic ideas inextricably linked with practical political problems and treated theory as a guide to action This book systematically examines the important theoretical literature of the period including insightful works by political functionaries outside academia journalists party organizers underground activists and teachers in the labor movement presented here as the primary forgers of Marxian economic thought Beginning with Engels s writings this book analyzes the work of leading Marxist economists in the Second International then concludes with a review of the intellectual movements within the Marxian political economy during the 1920s A second volume treating the period from 1929 to the present will follow Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Russian Revolution, 1905-1921 Mark D. Steinberg,2016-11-17 The Russian Revolution 1905 1921 is a new history of Russia s revolutionary era as a story of experience of people making sense of history as it unfolded in their own lives and as they took

part in making history themselves The major events trends and explanations reaching from Bloody Sunday in 1905 to the final shots of the civil war in 1921 are viewed through the doubled perspective of the professional historian looking backward and the contemporary journalist reporting and interpreting history as it happened The volume then turns toward particular places and people city streets peasant villages the margins of empire Central Asia Ukraine the Jewish Pale women and men workers and intellectuals artists and activists utopian visionaries and discontents of all kinds We spend time with the famous Vladimir Lenin Lev Trotsky Alexandra Kollontai Vladimir Mayakovsky Isaac Babel and with those whose names we don't even know Key themes include difference and inequality social economic gendered ethnic power and resistance violence and ideas about justice and freedom Written especially for students and general readers this history relies extensively on contemporary texts and voices in order to bring the past and its meanings to life This is a history about dramatic and uncertain times and especially about the interpretations values emotions desires and disappointments that made history matter to those who lived it

Twentieth-Century Marxism Daryl Glaser, David M. Walker, 2007-09-12 This book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty-first century It is divided into three parts examining Marxism historically geographically and thematically Part 1 analyzes early Marxism in Russia and Europe as it developed after the death of Marx Lenin Trotsky Luxemburg Kautsky Bernstein and the school of thought associated with them are all examined Part 2 deals with thinkers debates and movements that followed the early Marxism focused on in part one and includes chapters on Marxism in Europe the Soviet Union Africa Asia and Latin America Part 3 is concerned with more contemporary debates in relation to Marxism and its standing and role today The chapters in this section consider various themes including the relationship between theory and practice in Marxism democratic procedure and liberties Marxism as an economic critique of capitalism and Marxist methodology Twentieth Century Marxism is not an introspective discussion of Marxism that would be of interest only to a limited number of specialists Rather it provides a thoughtful and stimulating contribution to debates about the role of Marxism today and its future direction

Social Structures Barry Wellman, S. D. Berkowitz, 1988-01-29 This study of social structures looks at the network approach It contains non-technical articles that contrast structural analysis with other social scientific approaches It deals with individual behaviour and identity and with neighbourhood and community ties It examines the relationships within and between organizations discussing how firms occupy strategically appropriate niches It also explores the impact of the growth of the Internet equating computer networks as social networks connecting people in virtual communities and collaborative work

Whispering the Strategies of Language: An Emotional Quest through **Pavel Axelrod And The Development Of Menshevism**

In a digitally-driven world wherever monitors reign great and immediate interaction drowns out the subtleties of language, the profound strategies and mental subtleties concealed within words frequently go unheard. Yet, located within the pages of **Pavel Axelrod And The Development Of Menshevism** a charming literary value sporting with raw emotions, lies a fantastic quest waiting to be undertaken. Composed by a skilled wordsmith, that wonderful opus invites viewers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within the very fabric of each and every word.
