Retos De La Politica Exterior Colombiana:

Los retos de la Colombia contemporánea Mauricio Nieto Olarte, 2017-10-01 Si bien las disciplinas o los campos del conocimiento especializados son necesarios es evidente que las parcelas disciplinares fragmentan y reducen los análisis a marcos de referencia limitados que dificultan el diálogo entre los académicos de distintas áreas pues cada una de ellas opera con paradigmas modelos y lenguajes propios En la vida universitaria esta realidad se traduce en departamentos programas académicos de formación y proyectos de investigación específicos Por ello en la Facultad de Ciencias Sociales de la Universidad de los Andes se quiere propiciar la comunicación entre los departamentos y los campos del conocimiento en apariencia distintos con la esperanza de que dichos intercambios de ideas conduzcan a una reflexión crítica sobre las propias limitaciones para enriquecer la comprensión de la realidad social Así este libro es el resultado de este diálogo interdisciplinario entre distintos ensayos que reflexionan sobre los desafíos que actualmente enfrenta el país y son una muestra de los posibles resultados no solo del diálogo entre los departamentos de la facultad sino también de las diversas formas de pensar la sociedad y la naturaleza

Relaciones internacionales y política exterior de Colombia Sandra Borda, Arlene Tickner, 2011-01-01 El Centro de Estudios Internacionales CEI hoy parte activa del Departamento de Ciencia Política de la Universidad de los Andes se consolidó como pionero en los estudios internacionales en Colombia Desde allí se exploraron debates cruciales en la teoría de las relaciones internacionales y se produjeron algunas de las conclusiones más importantes sobre análisis de la política exterior colombiana Algunas de estas tuvieron que ver con el desarrollo de modelos analíticos y conceptuales para explicar la evolución histórica de la política exterior del país siendo los más influyentes las ideas del *respeice polum* y *respeice similia* estrategias diferentes pero no necesariamente exclusivas o contradictorias de inserción en el sistema internacional También se elaboraron varias aproximaciones al estudio crítico y juicioso de la complejidad de las relaciones con los Estados Unidos con la región y los países vecinos y con el resto del mundo En este contexto se construyeron aproximaciones a temas como el narcotráfico la integración los derechos humanos el medio ambiente la negociación internacional y la seguridad nacional regional e internacional Este libro recopila algunos de los trabajos más representativos que se produjeron en el CEI y el Departamento de Ciencia Política y que hoy hacen parte del acervo académico sobre las relaciones internacionales y la política exterior del país Aquí se reconstruye parte importante del estado del debate en esta área y por supuesto se sugiere la necesidad de continuar alimentando la discusión

Del discurso a la acción: la autonomía en la política exterior colombiana

Catherine Ortiz-Morales, 2025-08-20 Del discurso a la acción la autonomía en la política exterior colombiana revisa de manera innovadora la evolución de la autonomía en la política exterior de Colombia entre 1990 y 2018 La autora presenta un análisis multidimensional que supera el enfoque tradicional centrado exclusivamente en la subordinación económica y plantea la necesidad de integrar factores internos clave como el interés nacional y las capacidades internas A través de un modelo analítico que combina los conceptos de autonomía relacional y poder transestructural la obra proporciona herramientas teóricas y metodológicas para comprender cómo Colombia puede poseer mantener y ejercer autonomía en un contexto internacional complejo y dinámico La obra presenta un marco innovador para construir una política exterior más asertiva y efectiva Identifica pilares fundamentales como la fortaleza económica la legitimidad política la cohesión social y la madurez diplomática destacando sus interacciones y relevancia para superar el denominado efecto Ceberg Esta contribución es clave para repensar el papel de Colombia como potencia subregional y traza un camino hacia una inserción internacional asertiva autoafirmativa posicionando la obra como una referencia esencial en los debates sobre política exterior en América Latina

La Ciencia Política en Colombia, la construcción de una comunidad académica Javier Duque Daza, 2015-01-15 Este libro aborda un escenario como es el presente en el que el pasado juega un papel relevante. También es una evidencia de la consolidación de una disciplina, la Ciencia Política en Colombia. Siempre se ha dicho con acierto que un área del saber alcanza su madurez o términos del autor, la institucionalización, disciplinar, autonomización y diferenciación cuando además tiene capacidad de autorreflexión, de pensarse y evaluarse a sí misma. Javier Duque lleva a cabo esa laboriosa tarea y plantea un fructífero diálogo entre la disciplina que lentamente va floreciendo en Colombia, al unsono de lo que ocurre en América Latina con las tradiciones más asentadas de Europa y de Estados Unidos. Su perspectiva ecléctica en la metodología de la historia de la ciencia le lleva a ahondar minuciosamente en los cimientos que con timidez se van asentando a partir de 1968 en la marcha que construye el marxismo y una posición ciertamente reactiva al empirismo y a la cuantificación de lo político.

The Return of Cultural Heritage to Latin America Pierre Losson,2022-02-10 The Return of Cultural Heritage to Latin America takes a new approach to the question of returns and restitutions It is the first publication to look at the domestic politics of claiming countries in order to understand who supports the claims and why Drawing on analysis of articles published in national newspapers and archival documents and interviews with individuals involved in return claims the book demonstrates that such claims are inherently political Focusing on Colombia Mexico and Peru the book analyses how return claims contribute to the strengthening of state sponsored discourses on the nation the policy formation process that leads to the formulation of return claims and who the main actors of the claims are including civil society individuals experts state authorities and Indigenous communities The book proposes explanations for why Latin American countries are interested in specific objects held in Western museums and why these claims have come to light over the past three decades The Return of Cultural Heritage to Latin America argues that return claims ought to be the object of public debate allowing contemporary societies to address the legacy of colonialism The book will be essential reading for scholars and students engaged in the study of museums and heritage political science history anthropology cultural policy and Latin America

The Politics of Clientelism John Martz,2017-12-02 In Latin America the state is the prime regulator coordinator and pace setter of the entire national system the apex of the pyramid from which patronage wealth power and programs flow The state bears responsibility for the realization of civic needs providing goods and services to each citizen Doing so requires the exercise and maintenance of social and political control It is John Martz s contention that clientelism underlines the fundamental

character of Latin American social and political life As the modernizing bureaucratic state has developed in Latin America there has been a concurrent shifting away from clientelistic relationships Yet in one form or another political clientelism still remains central Clientelism occurs when large numbers of low status individuals such as those in the slums of rural and underdeveloped areas are protected by a powerful patron who defends their interests in return for deference or material reward In Colombia the rural patron has become a member of the higher clientelistic system as well he is dependent on a patron who operates at the national level This enables urban elites to mobilize low status clients for such acts as mass demonstrations of political loyalty to the regime Thus traditional clientelism has been modified through the process of modernization Part One of The Politics of Clientelism examines Colombian politics focusing on the incarnation and traditional forms of clientelism Part Two explores the policies of Colombian governance from the administrations of Lleras Camargo through Julio Cesar Turbay Ayala Part Three discusses the modernization and restructuring of Colombia in recent decades under Belisario Betancur Virgilio Barco and Cesar Gaviria As the modernizing bureaucratic state has unfolded there has been a similar shift in many clientelistic relationships Martz argues that whether corporate clientelism remains or more democratic organization develo
