Retracing Reality:

Retracing Reality Marie-Dominique Philippe, 1999 This text is a response to Socrates invitation to know thyself The journey moves from immediate experience to the discovery of first being with the human person as the central figure of enquiry in order to discover the purpose of human life [Are You in Reality?](#) Gregoire Plus, 2010-07 ARE YOU IN REALITY The quest for wisdom or man s search for what reality is in his experiences comes from man s astonishment in front of all that exist When we see something we are lucid that we do not know the whole that which is the most profound is so hidden from our eyes that we easily prefer believing our own ideas to searching to unveil what the reality is Rather than to be toward something we have not made and that escapes us we prefer to remain in the ideas we construct or to contemplate our own image We need to seek if we Are truly living in reality or if we remain in our ideas as the only full discovery of reality as it is can be a path to wisdom and allow us to blossom Written from a series of seminars Are You in Reality is the author s contribution coming from his own experiences to the research of wisdom understood as man s search for truth This search for wisdom rightly called philosophy is a quest without any preconceived ideas an insatiable desire for light which can ultimately enlighten man about every aspect of his existence It must be capable of meeting each man in his experiences in his quest and in his own journey Therefore philosophy is neither Christian nor Buddhist neither European nor American neither African nor Asian It is human and intelligent in the sense that it takes its truth from no other source than that of the real that we encounter and of those who place themselves at its school **In Person** Ivone Margulies, 2019 In Person Reenactment in Postwar and Contemporary Cinema delineates a new performative genre based on replay and self awareness The book argues that in person reenactment an actual person reenacting her past on camera departs radically from other modes of mimetic reconstruction In Person theorizes this figure s protean temporality and revisionist capabilities and it considers its import in terms of social representativity and exemplarity Close readings of select historicized examples define an alternate confessional performative vein to understand the self reflexive nature of postwar and post holocaust testimonial cinemas The book contextualizes Zavattini s proposal that in neorealism everyone should act his own story in a sort of anti individualist public display Love in the City and We the Women It checks the convergence between verite experiments a heightened self critique in France and the reception of psychodrama in France Chronicle of a summer and The Human Pyramid in the late fifties And through Bazin it reflects on the quandaries of celebrity biopics how the circularity of the star s iconography is checked by her corporeal limits Sophia her Own Story and the docudrama Torero In Person traces a shift from the exemplary and transformative ethos of fifties reenactment towards the un redemptive stance of contemporary reenactment films such as Lanzmann s Shoah Zhang Yuan s Sons Andrea Tonacci s Hills of Chaos It defines continuities between verite testimony Chronicle and Moi un Noir and later para juridical films such as the Karski Report and Rithy Panh s S21 the Khmer Rouge Killing Machine suggesting the power of co presence and in person actualization for an ethics of viewership **Psychic**

Reality Check Guy Kawasaki,2008-10-30 Don't even think about trying to launch a startup without reading Guy Kawasaki's Reality Check BizEd For a quarter of a century in his various guises as an entrepreneur evangelist, venture capitalist, and guru, Guy Kawasaki has cast an irreverent eye on the dubious trends, sketchy theories, and outright foolishness of what so often passes for business today. Too many people frantically chase the Next Big Thing only to discover that all they've made is the Last Big Mistake. Reality Check is Kawasaki's all-in-one guide for starting and operating great organizations, ones that stand the test of time and ignore any passing fads in business theory. This indispensable volume collects updates and expands the best entries from his popular blog and features his inimitable take on everything from effective e-mailing to sucking up to preventing bozo explosions.

Inventing Reality Jeffrey Schrank,2020-03-15 You are a reality inventor. People simply don't give you enough credit. In fact, you don't appreciate your own creative ability. What does it mean to be a reality inventor? Isn't reality simply stuff that's out there? We see, hear, taste, feel, and smell it, but we certainly don't invent it. This book claims that you do. Humans are animals who create stories. We are unable to not story; we speak and think in stories called sentences. INVENTING REALITY explores the psychology of story making and confabulation. We confabulate when we create stories without an awareness of our authorship. These confabulations are not perceived as invented stories; instead, they become our personal reality.

Constructing Reality in Comparative Theology Paul S. Chung,2023-01-01 In contemporary Western society, the church has been pushed to the margins, leading experts to describe the current era as a time after Christendom. Many traditional churches and congregations are struggling, a condition worsened by the COVID-19 pandemic regulations. As the practice of churchgoing wanes, the performance of the sacrament is called into question. How can we bring the traditional communal experience of sacrament into the modern world?

The Reality Effect Joel Black,2013-08-21 It used to be only movies were on film; now, the whole world is. The most intimate and most banal moments of our lives are constantly recorded for public consumption. In *The Reality Effect*, Joel Black argues that the desire to make visible every aspect of our lives is an impulse derived from cinema, one that has made life both more graphic and less real. He approaches film as a documentary medium that has obscured, if not obliterated, the line between reality and fiction. To illustrate this effect, Black traces the uncanny interplay between movies and real-life events through a series of comparative analyses: from *Lolita* and the murder of JonBenét Ramsey to *Wag the Dog* and the Clinton scandal to *Crash* and Princess Diana's violent death.

Reinhabiting Reality Freya Mathews,2012-02-01 In this sequel to *For Love of Matter: A Contemporary Panpsychism*, also published by SUNY Press, Freya Mathews argues that replacing the materialist premise of modern civilization with a panpsychist one transforms the entire fabric of culture in profound ways. She claims that the environmental crisis is a symptom of deeper issues facing modern civilization, arising from the loss of the very meaning of culture. To come to grips with this crisis requires a change in the metaphysical premise of modernity, deeper than

any as yet envisaged even by the radical ecology movement This is a change with profound implications for the full range of existential questions and not merely for questions regarding our relationship with nature **The Creation of Reality**

Bernhard Poerksen,2013-07-09 Constructivism has been traded as a new paradigm by its advocates and criticised by its opponents as legitimating deceit and lies as justifying a trendy post modern Anything goes In this book Bernhard Poerksen draws up a new rationale for constructivist thinking and charts out directions for the imaginative examination of personal certainties and the certainties of others of ideologies great and small The focus of the debate is on the author s thesis that our understanding of journalism and in particular the education and training of journalists would profit substantially from constructivist insights These insights instigate the claim is an original kind of scepticism they provide the underpinnings of a modern type of didactics oriented by the autonomy of learners and they supply the sustaining arguments for a radical ethic of responsibility in journalism **Knowledge and Reality** Syed Abdul Sayeed,1990 Mixed Reality In Architecture, Design, And Construction Xiangyu Wang,Marc Aurel Schnabel,2008-12-21 Mixed Reality is moving out of the research labs into our daily lives It plays an increasing role in architecture design and construction The combination of digital content with reality creates an exciting synergy that sets out to enhance engagement within architectural design and construction State of the art research projects on theories and applications within Mixed Reality are presented by leading researchers covering topics in architecture design collaboration construction and education They discuss current projects and offer insight into the next wave of Mixed Reality possibilities
