In the Garden of the Gods Eva Anagnostou-Laoutides, 2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods

through popular literature including the Epic of Gilgame and the Enuma Eli The author's research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites

The God of Jesus Christ Walter Kasper, 2012-03-01 Kasper is a master synthesiser and his display of erudition alone makes this book a worthy read and an invaluable resource for questions of God and Trinity Using admittedly polemical language he calls for a theological theology which makes the explanation of the confession of the triune God its first priority not only for speculative but also for pastoral reasons This is the reissue of a theological work of considerable importance for which Cardinal Kasper has written an entirely new introduction taking modern developments in theology fully into account

The Image of the Artist in Archaic and Classical Greece Guy Hedreen, 2016 This book explores the persona of the artist in Archaic and Classical Greek art and literature Guy Hedreen argues that artistic subjectivity first expressed in Athenian vase painting of the sixth century BCE and intensively explored by Euphronios developed alongside a self consciously constructed persona of the poet He explains how poets like Archilochos and Hipponax identified with the wily Homeric character of Odysseus as a prototype of the successful narrator and how the lame yet resourceful artist god Hephaistos is emulated by Archaic vase painters such as Kleitias In lyric poetry and pictorial art Hedreen traces a widespread conception of the artist or poet as socially marginal sometimes physically imperfect but rhetorically clever technically peerless and a master of fiction Bringing together in a sustained analysis the roots of subjectivity across media this book offers a new way of studying the The Gods Were Astronauts Erich von Däniken, 2023-07-03 relationship between poetry and art in ancient Greece Bestselling author Erich von D niken explores the evidence of ancient visitors treated as gods in religious scripture and mythology His findings shake the foundations of both science and faith Why do nearly all the world s major religions share similar myths and legends Whether it s the Old Testament ancient legends or the creation myths of New Zealand s natives you come across similar stories everywhere Erich von D niken author of the international bestseller Chariots of the Gods believes he knows the answer and it is as wondrous and awe inspiring as it is controversial. The winged angels populating the Bible the Koran and other religious texts from cultures the world over were in reality extraterrestrials who visited the Earth in ages long past Who were the gods of ancient lore How can the contradictions in the Bible be explained Why are the pagodas of Myanmar formerly Burma so amazingly similar to space capable rockets Erich von D niken provides convincing new and surprising interpretations and answers that fundamentally contradict both the teachings of religion and current

science His astonishing conclusion The gods were not metaphysical beings that humans created in their imagination but extraterrestrial intelligences that have left their traces all over the Earth He offers persuasive evidence that actual living beings inspired the legends that became the basis for many of our religious traditions God and Donald Trump Stephen E. Strang, 2017-11-07 Over 100 5 Star Reviews Featured on CNN Fox News and MSNBC One way to get President Donald Trump to stop and talk at the World Economic Forum wield a book about him On his way into the World Economic Forum Trump stopped and talked for about ten seconds to one delegate who was brandishing a copy of God and Donald Trump by Stephen E Strang He then proceeded to hold the book aloft in his left hand Associated Press With pundits asking How did he win this book explores whether there was a supernatural element involved Christian leaders prophesied before the election that God had raised up Donald Trump to lead the nation through a time of crisis But could this billionaire reality TV star actually convince the voters he was for real If so what is God doing now not only in Donald's Trump's life but also in the nation Trump is an enigma a brash self promoter casino owner and man of the world Yet he is also a devoted husband and father who has surrounded himself with men and women of faith and has made religion a key component of his image God and Donald Trump is a powerful first person account of one of the most contentious elections in American history with exclusive interviews and insightful commentary from the men and women who were there **God and Cancel Culture** Stephen E. Strang, 2021-09-07 FROM THE BEST SELLING AUTHOR OF GOD AND DONALD TRUMP 64% of Americans believe cancel culture is a threat to their freedom This book will help you realize the seriousness of the battle before us and illuminate the present circumstance for the purpose of doing good to bring hope It will document what is happening in our country how believers can respond and why we can look expectantly to the future This is the time for neither religious fatalism nor political inaction No matter how bad things get in the culture or in government the Bible is true and God has plans and purposes we don't understand and in the end we win Things are chaotic in America Liberal policies are advancing A rash of executive orders appears to be moving the nation closer to socialism and a one world government And conservatives including many Christians are being censored as never before There s even a term cancel culture which 64 percent of Americans believe poses a threat to their freedom according to a Harvard CAPS Harris Poll Among Republicans that figure is even higher at 80 percent The term applies to all conservatives who oppose the politically correct crowd but it s part of a bigger effort to cancel Christianity and those who espouse biblical principles It almost seems this is the beginning of the end and the Antichrist will appear at any time You pick the cultural or political issue and there likely is not even the semblance of widespread agreement It seems that Christians are in an unprecedented season of fragmentation potential division and actual separation on many fronts Instead of going forward much of the church seems to be moving backward or standing still waiting for what s next The body of Christ is a big diverse family and we must choose to cheer one another on rather than get into circular firing squads We are called to advance on every front This book will assess and affirm the

different approaches playing out The body needs clarity and unity and has little of both right now Wounded armies want hope focus and encouragement This book will not throw anyone overboard who is standing for the truth in some positive way Rather it will allow readers to look critically at the various approaches vying for our allegiance and attention here in the middle of 2021 In the course of this survey we will find reason to affirm where people are fighting on the battlefield and validate the perspectives they bring Featuring interviews with a cross section of leaders this book will document what is happening in our country how believers can respond and why we can look to the future with hope Even though things are bad we must understand that conditions have been this bad or worse in the past and God always came through He has plans and purposes we don't understand Christians must not lose heart We must stand strong and not be intimidated We must pray and we must believe God for a great awakening No matter how bad things get in the culture or in government the Bible is true and all things work together for good to those who love God Rom 8 28 MEV That's because we are called according to His purpose A purpose never goes in reverse This book will reveal what that looks like in its various forms in the day in which we live It gives a great handle for promoting unity and appreciation of one another when that is breaking down so badly elsewhere Indeed maybe the love Jesus spoke about that makes us recognizable to the world will be seen as this book illuminates the supernatural unity among people of very diverse opinions and approaches while pointedly addressing these Gate of the Gods Thurman C. Petty, Thurman C. Petty, Jr., 2008 Flushed with victory the young various hot button areas Babylonian prince surveyed the battleground where his army had defeated the Egyptians In the distance a division of elite soldiers rapidly pursued the fleeing survivors He mourned the loss of so many brave warriors but quickly focused on his questto expand Babylons control of world trade Egypt was only one of the nations to be conquered before long Lebanon Phoenicia Syria and Judah would feel the edge of Babylonian swords Soon he Nebuchadnezzar would be king and all the world would pay homage to him **Sharing with the Gods** Suk Fong Jim, 2014 Sharing with the Gods examines one of the most ubiquitous yet little studied aspects of ancient Greek religion the offering of so called first fruits aparchai and tithes dekatai from the Archaic period to the Hellenistic While most existing studies of Greek religion tend to focus on ritual performance this volume investigates questions of religious belief and mentality why the Greeks presented these gifts to the gods and what their behaviour tells us about their religious world view presuppositions and perception of the gods Exploiting an array of ancient sources the author assesses the diverse nature of aparchai and dekatai the complexity of the motivations underlying them the role of individuals in shaping tradition the deployment of this religious custom in politics and the transformation of a voluntary practice into a religious obligation By synthesizing a century of scholarship on first fruits practices in Greek and other religious cultures the author challenges prevailing interpretations of gift exchange with the gods in terms of do ut des and da ut dem which emphasize the reciprocal obligatory and sometimes commercial aspects of the gift and explores hitherto neglected notions including gratitude and thanksgiving Drawing on current approaches to gift

giving in anthropology sociology and economics in particular the French anthropologist Godelier's idea of debt the volume offers new perspectives with which to conceptualize human divine relations and challenges traditional views of the nature of gift giving between men and gods in Greek religion

The Faces of the Gods Leslie G. Desmangles,2000-11-09 Vodou the folk religion of Haiti is a by product of the contact between Roman Catholicism and African and Amerindian traditional religions In this book Leslie Desmangles analyzes the mythology and rituals of Vodou focusing particularly on the inclusion of West African and European elements in Vodouisants beliefs and practices Desmangles sees Vodou not simply as a grafting of European religious traditions onto African stock but as a true creole phenomenon born out of the oppressive conditions of slavery and the necessary adaptation of slaves to a New World environment Desmangles uses Haitian history to explain this phenomenon paying particular attention to the role of the seventeenth and eighteenth century maroon communities in preserving African traditions and the attempts by the Catholic educated elite to suppress African based superstitions The result is a society in which one religion Catholicism is visible and official the other Vodou is unofficial and largely secretive
