Interpreting the Personal Susan Leslie Campbell, Sue Campbell, 1997 The author reinstates the personal as an important dimension in analytic philosophy of mind She argues that the category of feelings has a unique role in psychological explanation the expression of feelings is the attempt to communicate personal significance To develop a model for affective meaning the author moves attention away from the classic emotions to feelings which are more personal inchoate and idiosyncratic

Journal of American Folklore, 1908 **Mysticism** Jess Hollenback, 1996-11-01 This sweeping study of mysticism by Jess Hollenback considers the writings and experiences of a broad range of traditional religious mystics including Teresa of Avila Black Elk and Gopi Krishna It also makes use of a new category of sources that more traditional scholars have almost entirely ignored namely the autobiographies and writings of contemporary clairvoyants mediums and out of body travelers This study contributes to the current debate about the contextuality of mysticism by presenting evidence that not only are the mystics' interpretations of and responses to experiences culturally and historically conditioned but historical context and cultural environment decisively shape both the perceptual and affective content of the mystics'

experience as well Hollenback also explores the linkage between the mystic's practice of recollection and the onset of other unusual or supernormal manifestations such as photisms the ability to see auras telepathic sensitivity clairvoyance and out of body experiences He demonstrates that these extraordinary phenomena can actually deepen our understanding of mysticism in unexpected ways A unique feature of this book is its in depth analysis of empowerment an important phenomenon ignored by most scholars of mysticism Empowerment is a peculiar enhancement of the imagination thoughts and desires that frequently accompanies mystical states of consciousness Hollenback shows its cross cultural persistence its role in constructing the perceptual and existential environments within which the mystic dwells and its linkage to the fundamental contextuality of mystical experience **Humanity & Society** ,2003 **Aztec Philosophy** James Maffie,2013-09-15 In **Aztec Philosophy** James Maffie reveals a highly sophisticated and systematic Aztec philosophy worthy of consideration alongside European philosophies of their time Bringing together the fields of comparative world philosophy and Mesoamerican studies Maffie excavates the distinctly philosophical aspects of Aztec thought Aztec Philosophy focuses on the ways Aztec metaphysics the Aztecs understanding of the nature structure and constitution of reality underpinned Aztec thinking about wisdom ethics politics and aesthetics and served as a backdrop for Aztec religious practices as well as everyday activities such as weaving farming and warfare Aztec metaphysicians conceived reality and cosmos as a grand ongoing process of weaving theirs was a world in motion Drawing upon linguistic ethnohistorical archaeological historical and contemporary ethnographic evidence Maffie argues that Aztec metaphysics maintained a processive transformational and non hierarchical view of reality time and existence along with a pantheistic theology Aztec Philosophy will be of great interest to Mesoamericanists philosophers religionists folklorists and Latin Americanists as well as students of indigenous philosophy religion and art in the Americas **Maidu Texts** Roland Burrage Dixon,1912 WEEKLY RETURNS OF BIRTHS AND DEATHS IN DUBLIN ,1877 **Teachings from the American Earth** Dennis Tedlock,Barbara Tedlock,1992 Essays discuss North American Indian views of medicine the spiritual world the ghost dance peyote death reality and the world *The Sacred Pipe* Black Elk,Joseph Epes Brown,2012-05-05 Black Elk of the Sioux has been recognized as one of the truly remarkable men of his time in the matter of religious belief and practice Shortly before his death in August 1950 when he was the keeper of the sacred pipe he said It is my prayer that through our sacred pipe and through this book in which I shall explain what our pipe really is peace may come to those peoples who can understand and understanding which must be of the heart and not of the head alone Then they will realize that we Indians know the One true God and that we pray to Him continually Black Elk was the only qualified priest of the older Oglala Sioux still living when *The Sacred Pipe* was written This is his book he gave it orally to Joseph Epes Brown during the latter's eight month's residence on the Pine Ridge Reservation in South Dakota where Black Elk lived Beginning with the story of White Buffalo Cow Woman's first visit to the Sioux to give them the sacred pipe Black Elk describes and discusses the details and meanings of the seven rites which were disclosed one

by one to the Sioux through visions He takes the reader through the sun dance the purification rite the keeping of the soul and other rites showing how the Sioux have come to terms with God and nature and their fellow men through a rare spirit of sacrifice and determination The wakan Mysteries of the Siouan peoples have been a subject of interest and study by explorers and scholars from the period of earliest contact between whites and Indians in North America but Black Elk s account is without doubt the most highly developed on this religion and cosmography The Sacred Pipe published as volume thirty six in the Civilization of the American Indian Series will be greeted enthusiastically by students of comparative religion ethnologists historians philosophers and everyone interested in American Indian life **Native American Mythology** Lewis Spence,James Owen Dorsey, Frank Hamilton Cushing, Washington Matthews,James Mooney,Erminnie A.
