Between Hope and Despair Roger I. Simon, Sharon Rosenberg, Claudia Eppert, 2000-03-15 At the end of a century of unfathomable suffering societies are facing anew the question of how events that shock resist assimilation and evoke contradictory and complex responses should be remembered *Between Hope and Despair* specifically examines the pedagogical problem of how remembrance is to proceed when what is to be remembered is underscored by a logic difficult to comprehend and subversive of the humane character of existence This pedagogical attention to practices of remembrance reflects the growing cognizance that hope for a just and compassionate future lies in the sustained if troubled working through of these issues      **Days of Gold** Malcolm J. Rohrbough, 2023-09-01 On the morning of January 24 1848 James W Marshall discovered gold in California The news spread across the continent launching hundreds of ships and hitching a thousand prairie schooners filled with adventurers in search of heretofore unimagined wealth Those who joined the procession soon called 49ers included the wealthy and the poor from every state and territory including slaves brought by their owners In numbers they represented the greatest mass migration in the history of the Republic In this first comprehensive history of the Gold Rush Malcolm J Rohrbough demonstrates that in its far reaching repercussions it was the

most significant event in the first half of the nineteenth century No other series of events between the Louisiana Purchase and the Civil War produced such a vast movement of people called into question basic values of marriage family work wealth and leisure led to so many varied consequences and left such vivid memories among its participants Through extensive research in diaries letters and other archival sources Rohrbough uncovers the personal dilemmas and confusion that the Gold Rush brought His engaging narrative depicts the complexity of human motivation behind the event and reveals the effects of the Gold Rush as it spread outward in ever widening circles to touch the lives of families and communities everywhere in the United States For those who joined the 49ers the decision to go raised questions about marital obligations and family responsibilities For those men and women whose experiences of being left behind have been largely ignored until now who remained on the farm or in the shop the absences of tens of thousands of men over a period of years had a profound impact reshaping a thousand communities across the breadth of the American nation On the morning of January 24 1848 James W Marshall discovered gold in California The news spread across the continent launching hundreds of ships and hitching a thousand prairie schooners filled with adventurers in search of heretofore unimagined wealth

*American and Chinese-Language Cinemas* Lisa Funnell, Man-Fung Yip, 2014-09-19 Critics frequently describe the influence of America through Hollywood and other cultural industries as a form of cultural imperialism This unidirectional model of interaction does not address however the counter flows of Chinese language films into the American film market or the influence of Chinese filmmakers film stars and aesthetics in Hollywood The aim of this collection is to reconsider the complex dynamics of transnational cultural flows between American and Chinese language film industries The goal is to bring a more historical perspective to the subject focusing as much on the Hollywood influence on early Shanghai or postwar Hong Kong films as on the intensifying flows between American and Chinese language cinemas in recent decades Contributors emphasize the processes of appropriation and reception involved in transnational cultural practices examining film production distribution and reception

**Education as Enforcement** Kenneth Saltman, David A. Gabbard, 2010-09-13 The first volume to focus on the intersections of militarization corporations and education *Education as Enforcement* exposed the many ways schooling has become the means through which the expansion of global corporate power are enforced Since publication of the first edition these trends have increased to disturbing levels as a result of the extensive militarization of civil society the implosion of the neoconservative movement and the financial meltdown that radically called into question the basic assumptions undergirding neoliberal ideology An understanding of the enforcement of these corporate economic imperatives remains imperative to a critical discussion of related militarized trends in schools whether through accountability and standards school security or other discipline based reforms *Education as Enforcement* elaborates upon the central arguments of the first edition and updates readers on how recent events have reinforced their continued original relevance In addition to substantive updates to several original chapters this second edition includes a new foreword by Henry Giroux a new

introduction and four new chapters that reveal the most contemporary expressions of the militarization and corporatization of education. New topics covered in this collection include zero tolerance foreign and second language instruction in the post 9/11 context, the rise of single sex classrooms and the intersection of the militarization and corporatization of schools under the Obama administration.

**Return to Sri Lanka** Razeen Sally, 2025-01-02. A blend of travel writing, memoir, history and current affairs that tells the story of Sri Lanka. A perfect read for first time visitors, Sri Lankans abroad or at home or anyone looking to deepen their understanding of one of the world's most fascinating and paradoxical countries. Razeen Sally was born to a Sri Lankan Muslim father and a Welsh mother. Just before his teens, a political conflict tore his family apart and he left Sri Lanka barely going back for thirty years. When he finally returned home, he spent much of the next decade crisscrossing the island trying to understand this paradoxical place. Blessed with nature's bounty and an easy pleasure-loving people, it was nevertheless scarred by ethnic conflict and the violence of civil war. As a native and a tourist, Sally makes an ideal guide to Sri Lanka's past and present. He won't tell you which restaurant has the best reviews or the price of a hotel room. Instead, he will accompany you like a learned friend, sharing his journeys, pointing out the unmissable gems beyond the obvious spots and unpacking the nation's culture and history. Insightful, intimate and moving, *Return to Sri Lanka* is an indispensable book whether you're already familiar with this spectacular country or planning your first visit.

**ENCOUNTERS** Jacob Prince, 2024-07-21. *ENCOUNTERS* is an expedition taking you through a journey of unusual. Reading like a fiction, occasionally getting carried to a different world, and it's not just memoirs but reflections making it a unique reading experience. While we all encounter experiences varying in nature through out life, the experience of reading a book of this kind would be another unusual encounter which will be etched in your memory forever. From the blossoming of life beginning from mother's womb, cradled in her hands, the journey of life is abundant with encounters. From the cradle through the places, people, the environment and eventually setting out for a journey to an unknown eternity. Whether the encounters we underwent were by design, were they avoidable and how worth it was to take them all.

*Hope for Troubled Times* Mark Finley, 2020-06-03. Fear, worry, stress. These emotions can overwhelm and consume us. They fill our minds with unanswerable questions: What will I lose? My health, my family, my job, my home. Will our lives ever be normal again? What is normal? We live in a sin-sick world. Catastrophes surround us, but we can surrender our fears to Jesus. He is the answer to overwhelming fears that consume our energy, rob our joy and ruin our health. Fear is an emotion, faith is an attitude and focus is a choice. Fear must give way to faith as we adjust our focus. If our eyes are focused on the problem, fear will overcome us. If our eyes are fixed upon Jesus, the emotion of fear may still be present but it will not cripple us. Fear will no longer dominate our lives. Discover with Pastor Mark Finley as he shows us that we have One who is larger than our fears, bigger than our worries and greater than our anxieties by our side and He has practical, down-to-earth, real solutions to our problems. We have the assurance of the One who said, "I will never leave you nor forsake you." Hebrews 13:5.
