Mexico trilogy The Magic Journey tells the tale of how relentless progress transformed a rural backwater into a boomtown Boom times came to the forgotten little southwestern town of Chamisaville just as the rest of America was in the Great Depression They came when a rattletrap bus loaded with stolen dynamite blew sky high leaving behind a giant gushing hot spring Within minutes the town s wheeler dealers had organized and within a year Chamisaville was flooded with tourists and pilgrims and the wheeler dealers were rich At first it was a magic time for Chamisaville almost as if every day were a holiday But the euphoria gradually dissipated and the land hungry developers speculators and interlopers moved in Finally the day came when Chamisaville s people found themselves all but displaced their children no longer heirs to their land or their tradition With mounting intensity The Magic Journey reaches a climax that is tragically foreordained A sensitive vital and honest chronicle of life in America s Southwest it is also an incisive commentary on what America has become on its road to progress The Magic Journey is part of John Nichols s New Mexico trilogy which includes The Milagro Beanfield War and The Nirvana Blues
