Ayyoub, 2016-09-12 The Best of Two Lives is a love story as well as family history It is shaped as a journey beginning with the cultural foundations of Jordan and the United States Weaving threads of family stories Doris introduces us to compelling characters and describes ways of life that might be forgotten if not for projects such as this Ibrahim s early years are detailed as he lived in a mixed Muslim Christian community in Jordan and Doris tells of growing up as a small town conservative Christian in Oregon One of the fundamental messages is that despite superficial differences at the root Arab lives and concerns in the Middle East are relatable just as those of Americans in the United States Doris never shrinks from showing negative attributes that she couldn t be blamed for wanting to hide and that differentiates her book from a purely family history There s something here to help us see our own families more clearly and honestly and to understand them with compassion     **The Farewell Tree** Mert Urkmez, 2024-09-10 For fans of The Handmaid s Tale and Fahrenheit 451 The Farewell Tree follows the story of Saul a senior in high school who finds himself as a political assassin to stop a referendum that will criminalize suicide prevention The book takes place in a fictional city which prescribes taking one s own life as a panacea to all personal shortcomings or anomalies and even builds a train line only for people to jump on tracks After Saul witnesses his friend Sophie publicly hang herself among cheering crowds he sets out to learn whether her demise was his fault and how he can save himself from sharing the same fate In his quest to unearth Sophie s past Saul discovers betrayals of those closest to him and grapples with mounting guilt As killing people becomes the only way to save lives Saul tries to reconcile with himself to forge a future     **FROM GANGSTER TO GOD** Michael Faith, 2023-11-17 Writing my true crime autobiography is only half the story The second half is my redemption and repentance to my Lord and savior Jesus Christ The book is 100 percent truth

from my wild childhood days in New York City to me joining the US Navy at age sixteen and serving eight years honorably. The only problem I was living a double life I was also a mob associate and worked with a crew from one of the five families. It was the early 1990s the reign of the Teflon Don I want people to know I'm Irish and Polish not Italian I did a couple of successful heists by myself after I was betrayed by my mob connections who were also childhood friends I tell my complete story where I was charged with the RICO Act which is organized crime conspiracy to rob an armored truck as well as conspiracy to transfer currency across state lines I never did no major time because of one mob contact I'll call Big Loser who was a total idiot Every job he planned in New York with me went bust Besides all that he screwed up my job of a lifetime My biggest mistake was picking him and his neighbor to take the money from the armored truck company I worked for

*Zoo Studies* Tracy McDonald, Daniel Vandersommers, 2019-06-19 Do both the zoo and the mental hospital induce psychosis as humans are treated as animals and animals are treated as humans How have we looked at animals in the past and how do we look at them today How have zoos presented themselves and their purpose over time In response to the emergence of environmental and animal studies anthropologists sociologists philosophers theorists literature scholars and historians around the world have begun to explore the significance of zoological parks past and present *Zoo Studies* considers the modern zoo from a range of approaches and disciplines united in a desire to blur the boundaries between human and nonhuman animals The volume begins with an account of the first modern mental hospital La Salpêtrière established in 1656 and the first panoptical zoo the menagerie at Versailles created in 1662 by the same royal architect the final chapter presents a choreographic performance that imagines the Toronto Zoo as a place where the human body can be inspired by animal bodies From beginning to end through interdisciplinary collaboration this volume decentres the human subject and offers alternative ways of thinking about zoos and their inhabitants This collection immerses readers in the lives of animals and their experiences of captivity and asks us to reflect on our own assumptions about both humans and animals An original and groundbreaking work *Zoo Studies* will change the way readers see nonhuman animals and themselves
