Writing Home Glenn Morrison,2017-01-30 Writing Home explores the literary representation of Australian places by those who have walked them In particular it examines how Aboriginal and settler narratives of walking have shaped portrayals of Australia s Red Centre and consequently ideas of nation and belonging Central Australia has long been characterised as a frontier the supposed divide between black and white ancient and modern But persistently representing it in this way is preventing Australians from re imagining this internationally significant region as home Writing Home argues that the frontier no longer adequately describes Central Australia and that the Aboriginal songlines make a significant but under acknowledged contribution to Australian discourses of hybridity belonging and home Drawing on anthropology cultural theory journalism politics and philosophy the book traces shifting perceptions of Australian place and space since precolonial times through six recounted walking journeys of the Red Centre

Wolves Eat Dogs Martin Cruz Smith,2004-11-16 A Moscow detective is sent to Chernobyl for a frightening case

in the most spectacular entry yet in Martin Cruz Smith's Arkady Renko series In his groundbreaking Gorky Park Martin Cruz Smith created an iconic detective of contemporary fiction Quietly subversive brilliantly analytical and haunted by melancholy Arkady Renko survived barely the journey from the Soviet Union to the New Russia only to find his transformed nation just as obsessed with corruption and brutality as was the old Communist dictatorship In *Wolves Eat Dogs* Renko returns for his most enigmatic and baffling case yet the death of one of Russia's new billionaires which leads him to Chernobyl and the Zone of Exclusion closed to the world since 1986's nuclear disaster It is still aglow with radioactivity now inhabited only by the militia shady scavengers a few reckless scientists and some elderly peasants who refuse to relocate Renko's journey to this ghostly netherworld the crimes he uncovers there and the secrets they reveal about the New Russia make for an unforgettable adventure

Martin Cruz Smith Ebook Boxed Set Martin Cruz Smith, 2011-05-03 Stalin's Ghost Investigator Arkady Renko the pariah of the Moscow prosecutor's office has been assigned the thankless job of investigating a new phenomenon late night subway riders report seeing the ghost of Joseph Stalin The illusion seems part political hocus pocus and also part wishful thinking for among many Russians Stalin is again popular the bloody dictator can boast a two to one approval rating Decidedly better than that of Renko whose lover Eva has left him for Detective Nikolai Isakov a charismatic veteran of the civil war in Chechnya a hero of the far right and Renko suspects a killer for hire The cases entwine and Renko's quests become a personal inquiry fueled by jealousy *Wolves Eat Dogs* The death of one of Russia's new billionaires leads Arkady Renko to Chernobyl and the Zone of Exclusion closed to the world since 1986's nuclear disaster It is still aglow with radioactivity now inhabited only by the militia shady scavengers a few reckless scientists and some elderly peasants who refuse to relocate Renko's journey to this ghostly netherworld the crimes he uncovers there and the secrets they reveal about the New Russia make for an unforgettable adventure

Three Stations In *Three Stations* Renko's skills are put to their most severe test Though he has been technically suspended from the prosecutor's office for once again turning up unpleasant truths he strives to solve a last case the death of an elegant young woman whose body is found in a construction trailer on the perimeter of Moscow's main rail hub It looks like a simple drug overdose to everyone except to Renko whose examination of the crime scene turns up some inexplicable clues most notably an invitation to Russia's premier charity ball Thus a sordid death becomes interwoven with the lifestyles of Moscow's rich and famous many of whom are clinging to their cash in the face of Putin's crackdown on the very oligarchs who placed him in power

Ketha's Daughter [Song of the Arkafina #2] Suzanne Francis, 2009-03 Queen Katrione Arkafina ably rules the kingdom of Beaumarais but she has had less success with her boisterous daughter Gwenn born under the sway of a brutal Goddess Keth Dirane has given Gwenn awesome strength and almost complete invulnerability but manipulates her cruelly in return Now to further her own ends she convinces Gwenn she must seek revenge for an old betrayal On the eve of her sixteenth birthday Gwenn runs away After she allies herself with some marauding coastal raiders captained by Gunnar Strong Arm she has the army she requires Now as the dreaded warrior

Faircrow Gwenn will steer the Fynara inexorably towards her former home the City of Isle St Valery The Song of the Arkafina series Heart of Hythea Ketha s Daughter Dawnmaid Beyond the Gyre *Diamonds in the Rough* Walter Kurtzman,2019-03-15 *Diamonds in the Rough* by Walter Kurtzman **The Americans and Philosophy** Robert Arp,Kevin Guilfooy,2017-10-16 The Americans a dark tense action thriller with comic touches has been hailed by many critics as currently the best show on television The story created by a former CIA spy centers on two Soviet agents posing as an ordinary American couple Philip and Elizabeth Jennings in 1980s Washington DC They have two teenage children who know nothing of their clandestine occupation and function as part of their cover story The Americans and Philosophy brings together diverse philosophers who take a close look at the metaphysical and ethical aspects of the The Americans The Jenningses believe they are living in a decadent capitalist society and draw emotional uplift from their dedication to a higher ideal Just one step ahead of the FBI they practice murder and seduction as instruments to further the goals of Communist subversion This gives their lives more meaning and more excitement than those of the other people around them and serious questions arise as to whether their lives can be truly fulfilling and ennobled Quaint looking 1980s culture plays a conspicuous role in The Americans an example being the psychotherapeutic self awareness cult known as est which features in the story and also serves as an allegory of espionage as est along with ancient philosophy asks the question Do our secret inner lives truly align with how we act The gadgetry of espionage including the poorly adapted but actually historically accurate mail robot of the 1980s FBI prompt speculations about the interaction of humans with artificial intelligence Philip and Elizabeth s genuine horror when they find that one of their children is praying and attending church brings out the ambiguities in the popular notion of brainwashing and indoctrination Since the Jenningses children enjoy a comfortable life with many opportunities can it be true that they are immorally exploited Knowing that all weapons of war are intended to kill and maim can we uniquely stigmatize some weapons such as the biological weapon called Glanders in Season Four as unacceptable All governments practice the duplicity and deception of espionage but special problems arise when continual lying invades personal relationships Is it true that in the modern world devotion to the state has become a sacred fiction like a religion Lying is everywhere in The Americans but much of the lying is very similar to everyday deception parents often withhold from their children facts about the parents jobs which might cause needless anxiety and tell their children apparently harmless fibs like saying that Santa Claus exists The boundary between criminal lying and everyday lying is a continual irony in the script of The Americans Can the demands of a lofty cause even the survival of freedom or justice in the world justify the deliberate killing of an innocent individual Such questions continually bombard the show s protagonists while existentialist philosophy poses the question Is Elizabeth truly free to quit being a spy Fathers and Sons Ivan Sergeevich Turgenev,1921
