## **Reveille And Redemption Tales Of An Army Nurse:**

*Reveille and Redemption* Nancy Whitley, 2005 Fictionalized account of the author's experiences as an Army nurse in obstetrical care in American hospitals from the 1940s through the 1960s      **Books in Print**, 1982      **The New York Times Saturday Review of Books and Art**, 1968      New York Times Saturday Review of Books and Art, 1968 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback      **War Nurse** Kathleen Margaret Gerrie, 2020-03-06 This is my journey as an Army nurse before during and after a war During my first tour of duty and after a traumatic experience a transformation began that allowed me to become the strongest woman I could be This was a pivotal time that led me on the path to becoming an Army critical care nurse Other things began to transpire during this time For instance while sleeping I began having various random and very vivid nightmares about strangers being murdered These nightmares seemed too detailed and vivid to not be real Feeling compelled to help I reached out to homicide detectives Most detectives didn't accept this information and on occasion I was ridiculed However there were a couple of detectives that listened and worked with me on unsolved cases resulting in closure for families      **G. I. Nightingale** Theresa Archard, 1945      **My Story of the War**, 1891      **Nancy Dale, Army Nurse** Ruby Lorraine Radford, 2023-10-26 In *Nancy Dale Army Nurse* Ruby Lorraine Radford crafts a compelling narrative that intertwines personal sacrifice professional duty and the lived experiences of women during wartime Set against the backdrop of World War II the novel captures the resilience and bravery of Nancy Dale a young nurse navigating the trials of military service Radford employs a vivid literary style rich in detail and emotional depth reflecting the era's profound social changes and the often overlooked role of women in the armed forces Through Nancy's journey readers are confronted with themes of healing camaraderie and the harsh realities of conflict presented with an authenticity that resonates even today Ruby Lorraine Radford an accomplished writer and historian draws on her extensive research into military history and the social dynamics of the 1940s which undoubtedly informed her portrayal of Nancy Radford's passion for women's narratives and commitment to unveiling the often silenced voices of military nurses comes through in her meticulous character development Her background and experiences reflect the struggles and triumphs of a generation allowing her to craft a narrative that is both personal and universal *Nancy Dale Army Nurse* is a must read for anyone interested in historical fiction women's studies or the intricacies of wartime service Radford's brilliant storytelling invites readers to reflect on the sacrifices made by those in uniform while also celebrating the strength and courage found in the character of Nancy This poignant tale is not just a story of war but a tribute to the indomitable spirit of women who served steadfastly in the face of adversity      **My Story of the War** Mary Ashton Livermore, 1888      **Nurse and Spy** Sarah Emma Evelyn Edmonds, 1900      *My Story of the War* Mary Ashton Livermore, 1978      **G.I. Nightingale. The Story of an American Army Nurse** Theresa Archard (captain ANC), 1945      **Yes I Can** Loretta Scott, 2005 The true definition of the

word War per various defining sources is A state of open armed often prolonged conflict carried on between nations states or parties And a true definition of the word Nurse per various defining sources is A person educated and trained to care for the sick or disabled I chose to become a part of the second definition My main being in life besides that of a family member is to help another human being to become well or to assist them to gain the ability to care for themselves doing their disabling times Never would I have thought that my career would have taken me into the vials of pure hell But it did Not after I became an adult in a world that sometimes seems unfair Not after I became a member of my country s armed forces But after I went to live up to my responsibilities as an Army Nurse to assist those in need did such a saddening of events occur Events that I sometimes would prefer to forget Events that won t stay out of my memory Events that were at times enjoyable and others not worth the seconds or minutes they took to become processed This is my story this is the person I am This is the person I became This is the person I shall remain to be An Army Nurse proud to have provided the best service I could have in disastrous times when your daily routine 24 7 was often to work while wearing gas masks Or in strenuous times when the casualties from all sides would mount and you would find yourself working on persons from other countries such as the enemies whose hygienic way of cleaning themselves was by using their hands instead of tissue Or in less patient times when the anxiety of participation to get this war finally started and over with would put you in the role of confidant to your peers and them to you This story welcomes you to find the inner strength to say regardless what comes along in life you can say I can beat this obstacle Yes I Can      *Albanian Escape* Agnes Jensen Mangerich,2006-04-01 Thrust into a perilous situation and determined to survive a group of World War II Army flight nurses crash lands in Albania finding courage and strength in the kindnesses of Albanians and guerrillas who hide them from the Germans 26 illustrations      **The Duration and Six Months** Shirley Coressel,2002-07 Single Women Alive and Well is the intelligent answer to all those books telling women they need a man in order to be happy Its stories are about and by single women who have learned to be strong on their own Whether never married divorced or widowed these women have not let society dictate to them that alone means incomplete Single Women Alive and Well inspires women of all ages backgrounds and circumstances even those married to strive for contentment in their lives apart from a relationship Fulfillment says Single Women Alive and Well is found within And once found it can never be lost stolen or broken unlike a heart In a perfect world every woman would find her Prince Charming and live happily ever after In the real world even married women know that such fantasy is a figment of Hollywood s imagination Yet society continues to convince single women that their main goals in life should be to find a man marry him and give birth to his children A career friends and outside interests are simply substitutes for this true road to contentment Why then are women who have it all not satisfied Because nothing outside of herself can make a woman happy As Abraham Lincoln said Most folks are about as happy as they make up their minds to be Single Women Alive and Well demonstrates this truth over and over again from the perspective of women who used to agonize over their solitary existence thinking that

something was wrong with them that they weren't normal that they would be happy when These single women all discovered either through an epiphany or many experiences that they did not want to sit around waiting for life to happen to them That they would live life to the fullest choose to enjoy the blessings of being single and take charge of their future From their newfound freedom they emerged stronger more confident and capable to do something as simple as eat out alone As one writer says I'm alone but not lonely Another writer tackles the fear of driving cross country by herself for the first time Others tell about attending a bullfight alone overcoming a phobia of horses or mastering a college chemistry class as an older student These stories are as individual as the women who wrote them as diversified as our culture and more rewarding to read than any romance novel For they are true taken from real life These Single Women Alive and Well didn't need a million dollars for incentive to survive on their own little islands Instead they built their boats and bridges and found the secret to life getting to know accept and love oneself

*Mission Accomplished* Muriel Engelman, 2008-08 A former World War II army nurse shares her extraordinary life stories visualized from her earliest childhood memories over eighty years ago to the present Muriel Engelman begins her fascinating narrative by detailing her journey through childhood during the Great Depression and then

transitioning into her structured life as a student nurse Caring for polio patients in a city hospital she becomes skilled in dealing with difficult patients Upon graduation she was commissioned a second lieutenant in the U S Army Nurse Corps and sailed with her hospital unit in late 1943 for England serving there for six months Her unit arrived in Normandy France after D Day followed the advancing army and eventually operated a 1 000 bed tent hospital in Liege Belgium Lighter off duty moments balanced out the threat of capture and continuous buzz bombs all while caring for wounded American soldiers This is all described in excerpts from actual letters penned to her family often by the dim light of a kerosene lantern or flashlight knowing as she wrote that survival was not a guaranteed possibility Engelman shares vivid descriptions of the people settings and memories in a timeless style that will transport anyone back to an era when the future of the world was uncertain and the bravery of those who sacrificed everything to protect America was not forgotten      **Lingering Fever** LaVonne Telshaw Camp, 2012-11-22 During 1945 the author found herself in the monsoon drenched jungles of Assam caring for soldiers in the China Burma India theater of war Nothing in her training had prepared her for the tropical diseases or the thatched roof hospital where men spat on the floor rats were pervasive and patients used handguns to chase gigantic cockroaches and whereas likely to sell their medicine as swallow it The experience was made tolerable by Nurse Camp s romance with one of the airmen who flew the Hump supplying O S S troops behind Japanese lines and carrying General Joseph Stilwell s Chinese troops to fight the battle of North Burma She accompanied her future husband on some of his missions Based in part on letters she wrote to her parents this is the poignant story of one nurse s experience in World War II
