James D. Quiggle

Revelation And Religion:

Revelation and Religion Herbert Henry Farmer, 1981 **Revelation and Reason: The Christian Doctrine of Faith and Knowledge** Emil Brunner, 1946 Revelation Richard Swinburne, 2007-07-26 The great religions often claim that their books or creeds contain truths revealed by God How could we know that they do In the second edition of *Revelation* renowned philosopher of religion Richard Swinburne addresses this central question But since the books of great religions often contain much poetry and parable Swinburne begins by investigating how eternal truth can be conveyed in unfamiliar genres by analogy and metaphor within false presuppositions about science and history In the final part of the book Swinburne then applies the results of Parts I and II to assessing the evidence that the teaching of the Christian Church constitutes a revelation from God In the course of his philosophical exploration Swinburne considers how the church which Jesus founded is to be identified today and presents a sustained discussion of which passages in the Bible should be understood literally and which should be understood metaphorically This is a fuller and entirely rewritten second edition of *Revelation* the most notable new feature of which is a long chapter examining whether traditional Christian claims about personal morality divorce homosexuality abortion etc can be regarded as revealed truths A formal appendix shows how the structure of evidence supporting the Christian revelation can be articulated in terms of the probability calculus and shows that Plantinga's well known argument from dwindling probabilities against probabilistic arguments of this kind is not cogent

The Philosophy of Revelation Herman Bavinck, 2003-10-09 In addition to exegetical biblical and systematic theology there is room also for a philosophy of revelation which will trace the idea of revelation both in its form and in its content and correlate it with the rest of our knowledge and life writes the author one of the most distinguished Reformed theologians of the twentieth century Theological thought has always felt the need of such a science Thus *Philosophy of Revelation* first published in 1909 is part of the same discipline and heritage as James Orr's *The Christian View of God and the World* 1893 and Gordon Clark's *A Christian View of Men and Things* 1952 Bavinck deals with the relationship between revelation and in chapters 2 3 philosophy 4 nature 5 history 6 religion 7 Christianity 8 religious experience 9 culture and 10 the future He contends that the word cannot be explained without God that the natural and social sciences presuppose metaphysics and that none of the subjects under consideration here is intelligible or meaningful apart from special revelation *Revelation and Religion* Herbert Henry Farmer, 1961 **Revelation and the Religions** Avery Dulles, 1999 **The Concept of Revelation in Judaism, Christianity and Islam** Georges Tamer, 2020-05-05 The idea that God reveals himself to human beings is central in Judaism Christianity and Islam but differs in regard of content and conceptualization The first volume of the new series *Key Concepts in Interreligious Discourses* points out similarities and differences of revelation KCID aims to establish an archeology of religious knowledge in order to create a new conceptual platform of mutual understanding among religious communities Erratum Wenzel Maximilian Widenka is co author of the epilogue pp 195 206 Revelation and Grace

Philip Djung, 2021-06-01 Our globalized world with its increasingly pluralistic societies necessitates a theological framework that enables Christians to embrace their neighbors with respect understanding and love without compromising the essential components of their own faith In Revelation and Grace Dr Philip Djung explores the ways in which Hendrik Kraemer s theology of religions offers the church such a framework By placing Kraemer in conversation with other twentieth century Dutch Reformed theologians namely Herman Bavinck Johan H Bavinck and Abraham Kuyper Dr Djung allows the doctrine of revelation and grace to inform his interpretation of Kraemer s work He provides a critical assessment of Kraemer s theology illustrating the significance of Kraemer s commitment to the uniqueness of Christ and the necessity of Christian mission while advocating for the need to amend certain aspects of Kraemer s perspective to more fully reflect God s presence in world religions
