Martinus C. de Boer,2011-07-29 This new commentary in the New Testament Library series is not a systematic study of Pauline theology rather the aim of this study is to trace Paul s theology as it unfolds in his letter to the church at Galatia and to attempt to illuminate as far as possible how the Galatians likely comprehended it at the time they received it The author asks readers to imagine themselves as silent witnesses to Paul s dictation of the letter and to observe through a historical perspective how the Galatian Christians might have understood Paul s words **The Great Falling Away** Adrian Salupo,2008-02-19 This first volume of our Great Falling Away Series biblically explicates both the beginning and the end of the biblical age while also revealing mankind's great falling away from a biblically defined faith in God and His mortal immortal and eternal Messiah Jesus the Christ of Bethlehem Nazareth Judea The full title for this first book of our series is The Great Falling Away Volume I The Biblical Age This book is now available directly from Xlibris as well as from on line booksellers and retail bookstores everywhere The second book of our Great Falling Away Series is entitled The Great Falling Away Volume II Anti Christ Babylon and the Bride of the Lamb This second and final book in our Great Falling Away series is now completed and is now also available directly from Xlibris as well as from booksellers everywhere **Gnosis and Hermeticism from Antiquity to Modern Times** R. van den Broek,Wouter J. Hanegraaff,1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one s true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement Truth and Error Alan W. Gomes,1998 This series of brief books on contemporary religious movements compares what they believe with Christian doctrine and explains effective ways of witnessing to their adherents A Kingdom of the Truth or Deception? David K. Hebert Th.D.,2024-12-18 This book has been the culmination of over forty years

of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them Since 2007 the study took on a more academic researched scholarly tone while writing one chapter in the doctoral work It was during that time frame that studying the false religions and cults took on a more focused biblical historical and Christian orthodox direction So the foundation of this book uses the Parable of the Wheat and the Weeds Tares in Matthew 13 24 30 36 43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness and God's truth versus Satan's lies error throughout biblical history from the Garden of Eden to the present day especially as the day of Jesus Christ's return so rapidly approaches

**Paul, Theologian of God's Apocalypse** Martinus C. de Boer, 2020-05-13 This collection of essays argues that Paul's articulation of Christ and his saving work makes use of the categories and perspectives of ancient Jewish apocalyptic eschatology Such eschatology is concerned with the expectation that God will finally and irrevocably put an end to the present order of reality this age and replace it with a new transformed order of reality the age to come In Paul's view God has initiated this eschatological act of cosmic rectification in the person and work of Christ The essays included two of them previously unpublished investigate and illuminate various aspects of Paul's christologically focused appropriation of ancient Jewish apocalyptic eschatology particularly in his letters to the Galatians and the Romans The collection begins with the author's seminal essay on the two tracks of Jewish apocalyptic eschatology forensic and cosmological from 1989 and ends with an essay from 2016 containing the author's retrospective restatement and elaboration of his views

*Nation and Word, 1770-1850* Mary Anne Perkins, 2016-12-05 The emergence of the modern nation state in Europe and the accompanying rise in national consciousness led to a heightened awareness of the close relationship between language and national identity In this book the author shows that this relationship was expressed through the themes and figures of a language of nationhood drawn from a common European cultural heritage particularly the Classical and Christian traditions Despite its common roots this language became the medium through which the diversity of national characters was expressed The idea of the divine Word for example enabled the sacredness and power of national language to be celebrated The identification of poet and prophet gave Romantic nationalists an authority to speak for and to the nation and the theme of the Chosen People was often adopted to express the elect status of a writer's own nation In conclusion it is shown that this language of nationhood remains a powerful force at the end of the twentieth century
