by secular philosophies as it has by the gospel To have a solid basis for an educational program the church must build upon its own faith this is the main thrust of her thought Clearly and concisely Henderlite lifts up for study some elements of Protestant theology which have been neglected in Christian education As she examines these beliefs she indicates the effects that would be felt in the church if they were more strongly emphasized Using the Reformation phrase justification by faith as the organizing principle behind her work the author considers four basic theological problems the nature of faith human nature Christian ethics and the meaning of history

God, the World, and Hope Harald Hegstad, 2018-10-31 Who is Jesus Christ What does it mean to say that we are created in the image of God What does salvation mean What is the meaning of baptism What characterizes the Christian fellowship What hope does a Christian faith give for the future These are only a few of the questions that this textbook on dogmatics takes up This book begins the discussion of the various topics by looking at what the Bible has to say Hegstad then examines how the church's doctrine has developed over the course of history and discusses how the Christian faith can best be formulated today This book understands the Christian faith as an answer to universal existential questions that challenge all religions and worldviews Dogmatics is understood here as the expression of a Christian interpretation of life Hegstad himself belongs to the Lutheran church tradition but his perspective is consistently ecumenical This introduction to dogmatics will interest not only students but everyone who is looking for a deeper insight into the Christian faith

Finding Grace with God Rose Ellen Dunn,2014-07-30 *Finding Grace with God* A Phenomenological Reading of the Annunciation engages in an interweaving of phenomenology mystical theology and feminist philosophy to unfold a theopoetic interpretation of the narrative of the Annunciation in the Gospel of Luke It begins with a discussion of the foundational phenomenologies of Edmund Husserl and Martin Heidegger and then moves to the more recent work of several French phenomenologists including Paul Ricoeur Jean Louis Chretien and Michel Henry The interpretation is then expanded through the philosophies of Luce Irigaray Jean Luc Marion and Jacques Derrida Finally the phenomenologies of Maurice Merleau Ponty and Martin Heidegger provide a means to interpret the Annunciation through theopoetics as a text that is infused with possibility Mary filled with grace is beckoned by the divine into possibility responding in grace she in turn beckons the divine into possibility Transgressing the limits of language this possibility slips into apophysis into a moment of Gelassenheit a mutual letting be or releasement of Mary and the divine into a mystical union of love a love that becomes manifest through a gift of life

The Christian Life Francis L. B. Cunningham,2010-02-01 The proper study of mankind said Alexander Pope is man an apt summary of the spirit of his age of rationalism All of Christian tradition protests against this mockery of the true state of things divine revelation contradicts it outright a just philosophy recoils from so limited an approach to reality That distilled wisdom of Catholicism which is theology knows one subject and one subject only God But theology first considers God as he is the cause of all things and their exemplar in this vision it considers all of reality which is more true in divine thought than when seen directly in itself Now the theologian turns to study God as he is the end and perfecting goal of creatures in their return to him from whom they first came forth in

particular he will study the creature who alone holds the reins of his own conduct man from the Introduction This edition is a scanned facsimile of the original edition published in 1959 by Priory Press *Living Hope* David H. Jensen,2010-01-01

Eschatology the theological name for the study of the endtime often conjures up frightening concepts of the rapture the final judgment heaven and hell Armageddon and the anti Christ Author David Jensen s theological approach offers a brighter perspective on the end time as a time of hope when Christians will see the full glory of the Kingdom of God the resurrection of the body and Christ s promised return *Hope for the Oppressor* Patrick Oden,2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg J rgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community **A Story of Faith, Hope and Love** William Dewberry,2016-03-01 Gods existence is conspicuous as a result of His creation and the history in the Bible of the blessings and punishment received by His people from the time of the Garden of Eden to the crucifixion of Jesus Christ to provide redemption Therefore the most important thing in life is faith in God which leads to hope love and obedience in Gods Word the Bible Christians understand God by his creation and His willingness to sustain human life God clearly reveals himself and His creation in the inspired account of the Bible God welcomes people to establish a relationship of faith in Him in order to avoid the consequences of sin The authenticity of the Bible was established many years ago and the people of every generation since its completion believe it is a divinely inspired book *Christ Our Hope* Paul O'Callaghan,2011 Christ Our Hope is a masterful reflection on Christian eschatology in a textbook of twelve accessible chapters **Recalling the Hope of Glory** Allen P.
