*A Revelation of the Chinese Revolution* John J. Mullooney,2017-09      **A Revelation of the Chinese Revolution: a Retrospect and Forecast. By a Chinese Compatriot. Edited by John J. Mullooney.**

**Illustrated. [With Special Reference to General Hwang Hsing. With Portraits.]** John James MULLOWNEY,Hsing HWANG,1914      The Bolsheviks and the Chinese Revolution 1919-1927 Alexander Pantsov,2013-10-23 Based mainly on unknown Russian archival sources which have previously been unobtainable this book analyses the Bolshevik concepts of the Chinese revolution and their reception in China Issues include the role of the three Bolshevik leaders Lenin Stalin and Trotsky in trying to lead the Chinese Communists to victory the real nature of the Trotsky Stalin split in the Comintern and a dramatic history of the Chinese Oppositionist movement in Soviet Russia      *The Great Powers and the Chinese Revolution, 1911-1913* Rose Pik Siu Chan,1979      *The Tragedy of the Chinese Revolution* Harold Isaacs,2010 The story of contemporary China typically dates back to Mao s 1949 revolution But in this classic work of Marxist scholarship historian Harold Isaacs uncovers how workers and peasants struggled for a different kind of revolution one built from the bottom up in the 1920s The defeat of their heroic efforts profoundly shaped the further course of modern Chinese history Harold Isaacs was an

acclaimed Marxist historian who identified with Leon Trotsky's critique of the Soviet Union's degeneration under Stalinism during the 1920s. *The Tragedy* his major work is dedicated to the martyrs of the 1925-1927 revolution who fought for a truly democratic society. Revolution in Science I. Bernard Cohen, 1985. Cohen's exploration seeks to uncover nothing less than the nature of all scientific revolutions, the stages by which they occur, their time scale, specific criteria for determining whether or not there has been a revolution, and the creative factors in producing a revolutionary new idea. Covenant Betrayed: Revelations of the Sixties, the Best of Time, the Worst of Time Mark Dahl, 2005-03-04. One can not understand the Sixties without understanding the Fifties. The Fifties were the first time the American youth had excess freedom. Before the 50s they worked on the family farm, dusk till dawn, slaved in the sweat shops 12 hours a day, six days a week, starved in the depression, and fought not knowing it they would be alive the next day in World War II and the Korean War. Then suddenly came the fifties. First there were the beatniks, led by their spiritual leader William S. Burroughs, then the bad boys of rock and roll, Elvis, Johnny Cochran, and Jerry Lee Lewis prevailed. This excess freedom led to freedom to think, freedom to question, freedom to challenge. In the sixties the peaceful, non-violent Civil Rights Movement progressed to the Black Power and the Black Panthers. The Civil Rights Movement was followed by the creeping involvement in Vietnam, first with military advisors, then massive troop deployments to Vietnam, resulting in death, violence, destruction, and then disillusion. And complementing the war, initially the educational teach-ins led to massive antiwar demonstrations, the Weathermen busting windows on Michigan Ave and planting bombs in the Capital. This all digressed to the second civil war, which recently resurfaced with the Iraq War. I am afraid now is progressing to the third civil war. Throughout the book we follow the characters' lives from romantic innocence to reality to Expressionism. Some fighting in Vietnam, some protesting the war, some marching for civil rights, friendships destroyed and then repaired. Some lives lost, some destroyed, some survived, but all caught up in the hubris characterized by a gross failure of governmental leadership. Those betrayed the most have their names on a black granite wall in Washington DC. **China** by James Whitford Bashford, James Whitford Bashford, 1916. **China an Interpretation** James W. Bashford, 1916. The Chinese Students' Monthly, 1922. *Marxism in the Chinese Revolution* Arif Dirlik, 2005-06-07. Representing a lifetime of research and writing by noted historian Arif Dirlik, the essays collected here explore developments in Chinese socialism and the issues that have occupied historians of the Chinese revolution for the past three decades. Dirlik engages Chinese socialism critically but with sympathy for the aspirations of

revolutionaries who found the hope of social political and cultural liberation in Communist alternatives to capitalism and the intellectual inspiration to realize their hopes in Marxist theory The book s historical approach to Marxist theory emphasizes its global relevance while avoiding dogmatic and Eurocentric limitations These incisive essays range from the origins of socialism in the early twentieth century through the victory of the Communists in mid century to the virtual abandonment by century s end of any pretense to a socialist revolutionary project by the leadership of the Chinese Communist Party All that remains of the revolution in historical hindsight are memories of its failures and misdeeds but Dirlik retains a critical perspective not just toward the past but also toward the ideological hegemonies of the present Taken together his writings reaffirm the centrality of the revolution to modern Chinese history They also illuminate the fundamental importance of Marxism to grasping the flaws of capitalist modernity despite the fact that in the end the socialist response was unable to transcend the social and ideological horizons of capitalism

**Staging Chinese Revolution** Xiaomei Chen, 2016-11-08  
Staging Chinese Revolution surveys fifty years of theatrical propaganda performances in China revealing a dynamic commercial capacity in works often dismissed as artifacts of censorship Spanning the 1960s through the 2010s Xiaomei Chen reads films plays operas and television shows from an interdisciplinary and comparative perspective demonstrating how in a socialist state with capitalist characteristics propaganda performance turns biographies memoirs and war stories into mainstream ideological commodities legitimizing the state and its right to rule Analyzing propaganda performance also brings contradictions and inconsistencies to light that throw common understandings about propaganda s purpose into question Chen focuses on revisionist histories that stage the lives of the founding fathers of the Communist Party such as Chen Duxiu Mao Zedong and Deng Xiaoping and the engaging mix of elite and ordinary characters that animate official propaganda in the private and public sphere Taking the form of personal memories and representing star and youth culture and cyberspace contemporary Chinese propaganda appeals through multiple perspectives complicating relations among self subject agent state building and national identity Chen treats Chinese performance as an extended form of political theater confronting critical issues of commemoration nostalgia state rituals and contested history It is through these reenactments that three generations of revolutionary leaders loom in extraordinary ways over Chinese politics and culture
