enclosed spaces and the applicability of modern categories such as transgender butch and femme or sexual orientation to medieval culture Taking in a multitude of images texts and methodologies this book will be of interest to all scholars regardless of discipline who engage with gender and sexuality in their work

**Criticising the Ruler in Pre-Modern Societies - Possibilities, Chances and Methods** Karina Kellermann, Alheydis Plassmann, Christian

Schwermann, 2019-12-09 In vormodernen Monarchien beobachteten wir Widerspruch und Widerstand gegen einzelne Herrscher ihre politischen Entscheidungen und ihre Verwaltung aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System Wenn Unzufriedenheit zu Aufständen und Revolten führte blieb es normalerweise bei einem bloßen Austausch des Regenten Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Gehör verschaffen und zielten darauf ab die Qualitäten des Regenten zu verbessern oder spezifische Modi der Amtsführung zu reformieren Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes When looking at pre modern monarchical societies one does not expect to observe fundamental dissent directed at the social order as such or at the political system As a rule criticism was limited to individual monarchs their performance and decisions While discontent could lead to insurrection and rebellion which normally only culminated in the ruler being replaced by another monarchical figurehead the subtler methods of voicing criticism were applied within a framework of legality of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court The various forms of verbal or staged censure of rulers in pre modern monarchical societies are the subject of this volume

Experiencing God in Late Medieval and Early Modern England David J. Davis, 2022 The book highlights a common discourse running through the sources that underpinned this collective representation of how human beings experienced the divine and it demonstrates a continual effort across large swathes of English religion to prepare an individual's soul for an encounter with the divine through different spiritual disciplines and devotional practices Over a period of several centuries this discourse and the larger culture of revelation provided an essential structure and legitimacy both to contemporary claims of divine revelation and the biblical precedents that contemporary experiences were modelled after This discourse detailed the physical metaphysical and epistemological

features of how a human being was understood to experience divine revelation providing a means to delimit and define what happened when an individual was raptured by God *The Month*, 1898 [Later Medieval English Literature](#) Douglas Gray, 2008-04-10 A guide to the literature written in English from the death of Chaucer to the early sixteenth century from one of the period's pre eminent literary scholars Includes a valuable chronology an informative introductory survey and detailed sections on prose poetry Scottish writing and drama **The Oxford Handbook of Shakespeare and Embodiment** Valerie Traub, 2016 The Oxford Handbook of Shakespeare and Embodiment brings together 42 of the most important scholars writing on the subject today They explore representations of gender in the context of race ethnicity sexuality disability and religion and consider Shakespeare's life contemporary editing practices and the performance of his plays **Imagining the Medieval Afterlife** Richard Matthew Pollard, 2020-12-17 Where do we go after we die This book traces how the European Middle Ages offered distinctive answers to this universal question evolving from Antiquity through to the sixteenth century to reflect a variety of problems and developments Focussing on texts describing visions of the afterlife alongside art and theology this volume explores heaven hell and purgatory as they were imagined across Europe as well as by noted authors including Gregory the Great and Dante A cross disciplinary team of contributors including historians literary scholars classicists art historians and theologians offer not only a fascinating sketch of both medieval perceptions and the wide scholarship on this question they also provide a much needed new perspective Where the twelfth century was once the high point of the medieval afterlife the essays here show that the afterlives of the early and later Middle Ages were far more important and imaginative than we once thought [A Companion to Hildegard of Bingen](#), 2013-10-17 This volume provides an introduction to Hildegard and her works with a focus on the historical literary and religious context of the seer's writings and music Its essays explore the cultural milieu that informs Hildegard's life and various compositions and examine understudied aspects of the magistra's oeuvre such as the interconnections among her works A Companion to Hildegard of Bingen builds on earlier studies and presents to an English speaking audience various facets of the seer's historical persona and her cultural significance so that the reader can grasp and appreciate the scope of the unparalleled life and contributions of Hildegard who was declared to be a saint and a doctor of the Church in 2012 Contributors include Michael Embach Margot E Fassler Franz J Felten George Ferzoco William T Flynn Felix Heinzer Beverly Mayne Kienzle Tova Leigh Choate Constant J Mews Susanne Ruge Travis A Stevens Debra L Stoudt and Justin A Stover [Hybridity in the Literature of Medieval England](#) Rosanne P. Gasse, 2023-07-04 Hybridity in the Literature of Medieval England offers a wide ranging exploration of hybridity in medieval English literature Anxiety about hybridity surfaces in characters of mixed ethnic identity in the romances But anxiety is found also in the intersection of the natural and the supernatural and its site can be located inside the human body's unstable physical frame living and dead as much as in the cultural and social forces at work upon the human body politic at large Hybridity is unlike other constructs of difference in that while it is grounded in difference

hybridity points toward sameness The four types of hybridity studied in medieval English literature show that hybridity can resolve the problems caused by difference Understanding medieval hybridity can help us to deal with our own contemporary struggles with the mixtures of our own lives and societies
