These clinical implantations conducted by the ARTRO Group in France and Rudolf Geesink in the Netherlands authors working in Europe the United States and Japan. Following these pioneers many thousands of Japan and Australia do not all use English as their first language. Many made great efforts to provide HA coated hip implants of various designs from us with English language documents. Where various implant manufacturers have been implanted, the language was unclear. We made only those worldwide by many surgeons at many institutions. Minor changes needed to facilitate understanding. The coating technology has expanded to include the For manuscripts submitted in a language other than English as well as unicompartmental English. We employed professional interpretation. Total knees, total shoulders and an assortment and then made editorial changes if the content was unclear to us.
