Dynamics of Residential Water Demand and Supply in India A. Munian,2010 **Social Theory, The State And Modern Society** Marinetto, Michael,2007-09-01 In recent years there has been a proliferation of approaches which have redefined our understanding of political power and the state These contemporary state theories have philosophical and theoretical antecedents that can be traced to post classical social and political thought their influences can be traced to feminism structuralism and poststructuralism cultural theory network analysis and globalisation theory The classical theories of Marx Weber and Durkheim are altogether less important in contemporary state theory In Social Theory the State and Modern Society Mike Marinetto considers the philosophical and theoretical heritage of modern state theory and then critiques the theories that have evolved from this legacy Topics covered include The poststructural state Governance and the decentred state The gendered state The cultural turn in state theory The state in a global context The past present and future of state theory Social Theory the State and Modern Society is key reading for students of Sociology Politics and Public Policy It is also of interest to researchers and academics with an interest in state theory Transforming Asian Governance M Ramesh,Scott Fritzen,2009-01-13 There are a multitude of hazards that confront attempts to change institutional or political orders in pursuit of good governance Even seemingly technical prescriptions run up against local political and social realities which make their adoption difficult and if adopted require significant modification of the original prescriptions Moreover the technical rationalist and or normative language employed in the good governance discourse masks contests over power rights resources and actors conflicting interests There is a definite need to situate the good governance debate in the local context rather than reflexively adopting a universalistic positing of the fact or desirability of governance convergence across countries and sectors because the reality is that the world wide deployment of good governance rhetoric is not accompanied by convergence in thinking or practices across nations Transforming Asian Governance asks How do good governance principles translate into local settings How do local settings influence the conception of what is good governance and how the debate over good governance is deployed as a political or administrative strategy Using case studies in governance from Thailand the Philippines Pakistan Malaysia India Indonesia Korea and Japan this book will be essential reading for anyone interested in the public and social policy of Asia and international and comparative governance more generally Political Marketing, Modern State And Civil Society Dr. Umakanta Hazarika,2022-04-12 The book is an attempt for exploring genesis of political marketing in modern state It tries to focus on how political marketing determines both individual and collective life of people irrespective of democratic authoritarian communist or any other ruling and government system Individual and collective behavior is the outcome of socio political culture and pre dominant values of any existing society Therefore it is claimed that politics and society are integrally connected to each other Political socialization is an integral segment of continuous process of socialization Socialization refers to the process in vogue in society by which a generation gets

integrated into society Similarly being an integral part of greater socialization process political socialization is the learning process by which individuals acquire and adopt orientations including values beliefs feelings and expectations towards the political system Political Marketing is an emerging trend of political socialization in moder

Governance and the Depoliticisation of Development Wil Hout, Richard Robison, 2008-11-24 This book is about the way governance has become the new orthodoxy of development following earlier failed attempts at building working market economies through policy reform in developing countries Considering how its proponents define good governance the contributors to this volume assess why programmes of governance building in developing countries have proven to be no less problematic than the previous agendas of market reform Governance and the Depoliticisation of Development challenges ideas that deeper political and social problems of development may be addressed by institutional or governance fixes It examines the principles and prescriptions of good governance as part of larger conflicts over power and its distribution The volume provides a series of case studies from Latin America Middle East and Asia a link to current theorising on neoliberalism and the post Washington Consensus a focus on governance at the global and national levels from a comparative perspective The collection will be essential reading for researchers and scholars of international political economy governance studies and political science

India and elsewhere **Power in the 21st Century** Tanguy Struye de Swielande, Dorothée Vandamme, 2015-12-23 This book results from a symposium organized by Genesys Network which took place on April 29th 2015 in Louvain la Neuve Belgium The organizers invited contributors to think about the concept of power in the context of the evolving international system and what it implied for the study of the concept in IR academic field Indeed if the end of the Cold War was characterized by a unipolar moment as defined by Krauthammer in 1991 this period is starting to come to an end While the United States remains arguably a global superpower its position is more and more disputed by other actors Likewise new centers of power have emerged Today's world is complex and transitional characterized by both short and long term challenges interactions among these powers remain to be apprehended and understood In the last decade we have also observed an economic and partially political shift or redistribution of power from the West to the Rest on the classical state power chessboard The beginning of the 21st century thus constitutes an important challenge for the super and emerging or resurgent powers The new global state of affairs is characterized by conditions that are more complex than in the past In these circumstances and in the face of these worldwide trends the concept of power has evolved and the need to redefine or think the concept has become a necessity The present book thus aims at presenting the diversity of views on the concept of power but also perhaps more importantly their complementarity **Effective People** T V Rao, 2015-12-15 Is Shah Rukh Khan an effective actor Is Naresh Trehan an effective doctor Was A P J Abdul Kalam an effective nation builder Are you an effective person In this book bestselling author T V Rao studies and analyses effective doctors actors civil servants social workers educationists nation builders and entrepreneurs Some of them seem to go beyond the tenets of effectiveness and shine out as what the author calls Very Effective People and Super Effective People His diverse examples and cases range from A P J Abdul Kalam Devi Shetty Anil Gupta to Kangana Ranaut Sachin Tendulkar Anupam Kher to ordinary people whose lives are no less effective Hugely readable with self assessment tools at the end of each chapter Effective People will propel you to leap forward and discover the best in you **The Political Economy of Underdevelopment and Poverty in Nepal** Sri Ram Poudyal, 2023-04-05 This book argues that mainstream economics cannot explain the underdevelopment and poverty of Nepal neither can it be explained in terms of economics alone nor capital inadequacy even as is conventionally believed The author asserts that Nepal's underdevelopment needs to be located in the nature of the state which has been shaped by the collusion of interest among politicians and the resulting bureaucracy triggering the growth of crony capitalism The book presents a critical and radical analysis of factors that have kept Nepal in a state of underdevelopment and poverty with huge section of the society in underprivileged and deprived socio economic conditions despite six decades of planning seven decades of dependence on foreign aid and numerous political regime changes from the Rana regime for over a century from 1846 1950 through to the republic regime from 2007 onwards To support this argument the book delves into an exploration of growth performance in Nepal government attempts at poverty alleviation foreign aid and its effects in the economy and

the nature of the state with a focus on Maoists 10 year rebellion Each chapter presents the existing picture and examines the possible reasons for the failure in achieving the desired results A comparative analysis of Nepal s position with respect to South Asian Association for Regional Cooperation SAARC countries is also presented in a number of chapters The audience for the book will be students academics and researchers and within Nepal itself intellectuals politicians and officials of the National Planning Commission the central bank and other banks and financial institutions Towards the Next Orbit Subir Verma,2011-01-06 The global meltdown the concomitant demise of legendary corporate behemoths and the challenge of competing in a world marked by unprecedented complexities volatility discontinuities and ambiguities have pushed discussions on survival and excellence to the forefront Towards the Next Orbit A Corporate Odyssey brings forth ideas experiences studies insights and suggestions from renowned theoreticians and practitioners towards changing and succeeding in a new world The first part of the book comprises rich conceptual papers and research based empirical papers written primarily by thought leaders from all over the world The second part comprises dialogs with persons who are well known in the business landscape as change masters The chapters discuss cutting edge ideas in the areas of corporate behavior positioning growth leadership employee relations and so on Together the articles and interviews will help readers develop perspective cognitive framework behavioral repertoire and portfolio of practices for making the transition from simply functioning to achieving excellence *Management and Labour Studies* ,1999 *Public administration* ,2000 *The Indian Journal of Public Administration* ,1999 *Report of the National Commission to Review the Working of the Constitution* India.
