Revival Thinking Clearly Thinking Clearly:

Love The Heartbeat of God for Revival Dr. Jo Anna Watson, 2014-06-10 The end times are upon us and since God is more concerned about redemption than judgment He is calling all people especially the church to return to Him in first love We have been given a commandment to love God with all of our mind soul will and strength and to love others as we love ourselves Unfortunately such love is lacking Many are crying out for revival but unless there is a turning back to God with sincere repentance there will be no substance for the fires of revival to be ignited during these end times God's love as does all love demands a response and He is waiting for your response When love is returned wholeheartedly who knows if God will rend the heavens and come down in power thus ushering in a revival that will blaze through our churches and nations bringing the much needed healing to our lands A treatise on 'the first resurrection' and 'the thousand years', foretold in the twentieth chapter of Revelations Henry Gipps, 1831 **Revival: How Natives Think (1926)** Lucien

Lévy-Bruhl, 2018-12-20 Lévy Bruhl speculates about what he posited as the two basic mind sets of mankind primitive and Western The primitive mind does not differentiate the supernatural from reality but rather uses mystical participation to manipulate the world Moreover the primitive mind doesn't address contradictions The Western mind by contrast uses speculation and logic **How Natives Think** IS an accurate and valuable contribution to anthropology **The Case for Miracles** Lee Strobel, 2018-03-27 New York Times bestselling author Lee Strobel trains his investigative sights on the hot button question is it really credible to believe God intervenes supernaturally in people's lives today This provocative book starts with an unlikely interview in which America's foremost skeptic builds a seemingly persuasive case against the miraculous But then Strobel travels the country to quiz scholars to see whether they can offer solid answers to atheist objections Along the way he encounters astounding accounts of healings and other phenomena that simply cannot be explained away by naturalistic causes The book features the results of exclusive new scientific polling that shows miracle accounts are much more common than people think What's more Strobel delves into the most controversial question of all what about miracles that don't happen If God can intervene in the world why doesn't he do it more often to relieve suffering Many American Christians are embarrassed by the supernatural not wanting to look odd or extreme to their neighbors Yet **The Case for Miracles** shows not only that the miraculous is possible but that God still does intervene in our world in awe inspiring ways Here's a unique book that examines all sides of this issue and comes away with a passionate defense for God's divine action in lives today Also available **The Case for Miracles** Spanish edition kids edition and student edition

Incarnation and Resurrection Paul D. Molnar, 2007-06-15 For too long contemporary theology has downplayed the importance of holding together the incarnation and the resurrection when thinking theologically Paul Molnar here surveys the place of these key doctrines in the thought of several influential theologians Karl Barth Karl Rahner Thomas F Torrance John Macquarrie Gordon Kaufman Sallie McFague Roger Haight John Hick and Wolfhart Pannenberg Molnar demonstrates

that whenever the starting point for interpreting the resurrection is not Jesus himself the incarnate Son of the Father then Christology and Soteriology are undermined because they are not properly rooted in a plausible doctrine of the Trinity Fair comprehensive and balanced Molnar's analysis following Torrance and Barth highlights the details of contemporary theology of the resurrection linked to the incarnation and maintains the necessity of the incarnation in its intrinsic unity with the resurrection as the beginning rather than the end of Christology
