Revival Of 1857 58 Interpreting An American Religious Awakening:

The Revival of 1857-58 Kathryn Teresa Long,1998-07-02 This book provides a fresh in depth examination of the Revival of 1857 58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857 58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen s revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women s history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis

The Revival of 1857-58 Kathryn Long,2023 **Victorian Religious Revivals** David Bebbington,2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions In this book the phenomenon of revival is set in its broad historical and historiographical context David Bebbington provides detailed case studies of awakenings that took place between 1841 and 1880 in Britain North America and Australia showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations These revivals occurred in many places across the globe but revealed the shared characteristics of evangelical Protestantism Bebbington explores the preconditions of revival giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants No single cause can be assigned to the awakenings but one of the chief factors behind them was occupational structure and striking instances of death were often a precipitant Ideas were far more involved in these events than historians have normally supposed so that the case studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period Laymen and women played a disproportionate part in their promotion and converts were usually drawn in large numbers from the young There was a trend over time away from traditional spontaneity towards more organised methods sometimes entailing interdenominational co operation

The Chance of Salvation Lincoln A. Mullen,2017-08-28 The Chance of Salvation offers a history of conversions in the United States which shows how religious identity came to be a matter of choice Shortly after the American Revolution people in the

United States increasingly encountered an expanded array of religious options Evangelical Protestants began an effort to convert Americans while developing new practices that emphasized conversion as an immediate choice Their missionary effort extended to Native American nations such as the Cherokee in the Southeast who received Christianity on their own terms Enslaved and newly freed African Americans likewise created a variety of Christian conversion that was centered on religious hope and eschatological expectation Mormons drawing on earlier Protestant practices and beliefs enthusiastically proselytized for a new tradition that emphasized individual choice and free will By uncovering the way that religious identity is structured as an obligatory decision this book explains why Americans change their religions so much and why the United States is both highly religious in terms of religious affiliation and very secular in the sense that no religion is an unquestioned default

Haykin, Ian Hugh Clary, 2016-02-19 When Jesus ascended to heaven and sat down at the right hand of God the Father He poured out His Holy Spirit at Pentecost This significant historical and redemptive event was not the last time Christ poured out His Spirit in redemptive history Mindful of these subsequent acts Pentecostal Outpourings presents historical research on revivals in the Reformed tradition during the eighteenth and nineteenth centuries Investigating the British Isles it observes the outpourings experienced among Welsh Calvinistic Methodists Irish Dissenters Calvinistic English Baptists and Scottish Presbyterians It then moves on to evaluate the revival instincts among Presbyterians Congregationalists Baptists and the Dutch Reformed in

America May the knowledge of these outpourings of the Holy Spirit help us seek God earnestly to revive His Church once again

Sin in the City Thekla Ellen Joiner, 2013-05-20 Long before today s culture wars the Third Great Awakening rocked America During the late nineteenth and early twentieth centuries evangelists such as Dwight L Moody and Billy Sunday roused citizens to renounce sin as it manifested in popular culture moral ambiguity and the changing role of women Sin in the City examines three urban revivals in turn of the century Chicago to show how revivalists negotiated that era s perceived racial sexual and class threats While most studies of this movement have focused on its male leaders and their interactions with society Thekla Ellen Joiner raises new questions about gender and race by exploring Third Awakening revivalism as the ritualized performance of an evangelical social system defined by middle class Protestant moral aspirations for urban America Rather than approaching these events merely as the achievements of persuasive men she views them as choreographed collective rituals reinforcing a moral order defined by ideals of femininity masculinity and racial purity Joiner reveals how revivalist rhetoric and ritual shifted from sentimentalist identification of sin with males to a more hard nosed focus on females castigating loose women whose economic and sexual independence defied revivalist ideals and its civic culture She focuses on Dwight L Moody s 1893 World s Fair revival the 1910 Chapman Alexander campaign and the 1918 Billy Sunday revival comparing the locations organization messages and leaders of these three events to depict the shift from masculinized to feminized sin She identifies the central role women played in the Third Awakening as the revivalists promoted feminine virtue as the corrective to America s urban decline She also shows that even as its definition of sin became more feminized Billy Sunday s revivalism began to conform to Chicago s emerging color line Enraged by rapid social change in cities like Chicago these preachers spurred Protestant evangelicals to formulate a gendered and racialized moral regime for urban America Yet as Joiner shows even as revivalists demonized new forms of entertainment they used many of the modern cultural practices popularized in theaters and nickelodeons to boost the success of their mass conversions Sin in the City shows that the legacy of the Third Awakening lives on today in the religious right s sociopolitical activism crusade for family values disparagement of feminism and promotion of spirituality in middle class racial and cultural terms Providing cultural and gender analysis too often lacking in the study of American religious history it offers a new model for

understanding the development of a gendered theology and set of religious practices that influenced Protestantism in a period of enormous social change *Politics and Piety* Aaron Menikoff, 2014-05-29 Historians have painted a picture of nineteenth century Baptists huddled in clapboard meetinghouses preaching sermons and singing hymns seemingly unaware of the wider world According to this view Baptists were so heavenly minded they were of no earthly good Overlooked are the illustrative stories of Baptists fighting poverty promoting abolition petitioning Congress and debating tax policy *Politics and Piety* is a careful look at antebellum Baptist life It is seen in figures such as John Broadus whose first sermon promoted temperance David Barrow who formed an anti slavery association in Kentucky and in a Savannah church that started a ministry to the homeless Not only did Baptists promote piety for the good of their churches but they did so for the betterment of society at large Though they aimed to change America one soul at a time that is only part of the story They also engaged the political arena forcefully and directly Simply put Baptists were social reformers Relying on the ideas of rank and file Baptists found in the minutes of local churches and associations as well as the popular parochial newspapers of the day *Politics and Piety* uncovers a theologically minded and controversial movement to improve the nation Understanding where these Baptists united and divided is a key to unlocking the differences in evangelical political engagement today *Religion, Education and Academic Success* William Jeynes, 2003-08-01 The goal of this book is to examine the relationship between religion and academic success both historically and in modern society Very few books are dedicated to examining this very important topic In addition to this date there has never been a published quantitative meta analysis examining the effects of religiosity and religious schools on academic outcomes It is my hope that this book will be a useful tool for educators researchers professors and parents who desire to examine this relevant and practical area of study Our nation owes much of its educational foundation to the religious orientation of many of its founders educational pioneers and educational reformers Although educational historians used to focus on the religious and moral orientation of people like Noah Webster Horace Mann Johann Pestalozzi Emma Willard Friedrich Froebel and many others contemporary educational historians inappropriately omit the religious roots of these individuals **America's Religious Crossroads** Stephen T. Kissel, 2021-12-28 Between 1790 and 1850 waves of Anglo Americans African Americans and European immigrants flooded the Old Northwest modern day Ohio Indiana Michigan Illinois and Wisconsin They brought with them a mosaic of Christian religious belief Stephen T Kissel draws on a wealth of primary sources to examine the foundational role that organized religion played in shaping the social cultural and civic infrastructure of the region As he shows believers from both traditional denominations and religious utopian societies found fertile ground for religious unity and fervor Able to influence settlement from the earliest days organized religion integrated faith into local townscapes and civic identity while facilitating many of the Old Northwest s earliest advances in literacy charitable public outreach formal education and social reform Kissel also unearths fascinating stories of how faith influenced the bonds networks and relationships that allowed isolated

western settlements to grow and evolve a distinct regional identity Perceptive and broad in scope America's Religious Crossroads illuminates the integral relationship between communal and spiritual growth in early Midwestern history

Revival, Renewal, and the Holy Spirit Dyfed Wyn Roberts, 2009-11-01 The revival of 1904-05 had a profound effect not only on Wales but also on many other nations This volume of academic papers from the centenary conference in 2004 explores the local and International Impact of the revival as well as previous eighteenth and nineteenth century Welsh revivals Contributors include David Bebbington and Mark A Noll *A Documentary History of Unitarian Universalism, Volume One* Dan McKanan, 2017 A panel of top scholars presents the first comprehensive collection of primary sources from Unitarian Universalist history This critical resource covers the long histories of Unitarianism Universalism and Unitarian Universalism in the United States and around the world and offers a wealth of sources from the first fifty five years of the Unitarian Universalist Association From Arius and Origen to Peter Morales and Rebecca Parker this two volume anthology features leaders thinkers and ordinary participants in the ever changing tradition of liberal religion Each volume contains more than a hundred distinct selections with scholarly introductions by leading experts in Unitarian Universalist history The selections include sermons theologies denominational statements hymns autobiographies and manifestos with special attention to class cultural gender and sexual diversity Primary sources are the building blocks of history and *A Documentary History of Unitarian Universalism* presents the sources we need for understanding this denomination's past and for shaping its future *America's God* Mark A. Noll, 2002-10-03 Religious life in early America is often equated with the fire and brimstone Puritanism best embodied by the theology of Cotton Mather Yet by the nineteenth century American theology had shifted dramatically away from the severe European traditions directly descended from the Protestant Reformation of which Puritanism was in the United States the most influential In its place arose a singularly American set of beliefs In America's God Mark Noll has written a biography of this new American ethos In the 125 years preceding the outbreak of the Civil War theology played an extraordinarily important role in American public and private life Its evolution had a profound impact on America's self definition The changes taking place in American theology during this period were marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life Vividly set in the social and political events of the age America's God is replete with the figures who made up the early American intellectual landscape from theologians such as Jonathan Edwards Nathaniel W Taylor William Ellery Channing and Charles Hodge and religiously inspired writers such as Harriet Beecher Stowe and Catherine Stowe to dominant political leaders of the day like Washington Jefferson and Lincoln The contributions of these thinkers combined with the religious revival of the 1740s colonial warfare with France the consuming struggle for independence and the rise of evangelical Protestantism to form a common intellectual coinage based on a rising republicanism and commonsense principles As this Christian republicanism affirmed itself it imbued in dedicated Christians a conviction that the Bible

supported their beliefs over those of all others Tragically this sense of religious purpose set the stage for the Civil War as the conviction of Christians both North and South that God was on their side served to deepen a schism that would soon rend the young nation asunder Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln It is a story of a flexible and creative theological energy that over time forged a guiding national ideology the legacies of which remain with us to this day *Family Values and the Rise of the Christian Right* Seth Dowland,2015-12-17 Family Values and the Rise of the Christian Right chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians **The Heart of the Gospel** Bernie Van De Walle,2009-01-01 The Fourfold Gospel most often associated with Albert B Simpson founder of The Christian and Missionary Alliance which focuses on the doctrines of Christ as Savior Sanctifier Healer and Coming King has been identified as a key contributing factor to the birth and development of the modern Pentecostal movement Through a close observation of the doctrinal themes of select and renowned Evangelical leaders in America A J Gordon of Boston D L Moody of Chicago A T Pierson of Philadelphia Detroit and A B Simpson of New York this work shows that the Fourfold Gospel and therefore the theological source for modern Pentecostalism rather than being a marginal movement within late nineteenth century Evangelicalism was instead its very heart *Love and the Working Class* Karen Lystra,2024 Love and the Working Class is a unique look at the emotions of hard living racially diverse nineteenth century Americans who were often on the cusp of literacy Wrongly assumed to be inarticulate on paper these laboring folk highly valued letters and however difficult it was wrote to stay connected to those they loved *God and Mammon* Mark A. Noll,2002 This collection of essays offers a close look at the connections between American Protestants and money in the Antebellum period They provide essential background to an issue that continues to generate controversy in the Protestant community today **Religion and the New Republic** James H. Hutson,2000 A collection of the country s most respected historians philosophers and theologians examines the role of religion in the founding of the United States This collection of never before published essays originally delivered at the Library of Congress presents the most original and recent scholarship on a topic that still generates considerable controversy Anyone interested in colonial history religion and politics and the relationship between church and state will benefit by reading this important new book *The Surprising Work of God* Garth M. Rosell,2020-03-18 The Surprising Work of God tells the story of how America s mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and

development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century **Handbook of Religion and Social Institutions** Helen Rose Ebaugh,2007-10-23
