Revolucion Y Guerra Formacion De Una Elite Dirigente En La Argentina Criolla:

La formación de la clase terrateniente bonaerense Tulio Halperín Donghi, 2005 **Revolución y guerra** Tulio Halperín Donghi, 1972 **La historiografía académica y la historiografía militante en Argentina y Uruguay** Fernando Devoto, 2004 Revolución y guerra Tulio Halperin Donghi, 2019-11-22

El síco indiscutible de la historiografía argentina contemporánea Revolución y guerra aborda la trama de múltiples procesos desde la crisis final del imperio español hasta el avance del nuevo orden económico y mercantil en el espacio atlántico y su impacto tanto sobre el equilibrio técnico económico y militar entre las regiones antes dominadas por la Corona de Quito a Buenos Aires como sobre el cambiante clima de ideas e ideologías que acompaña el tránsito de la autoridad de la monarquía católica a la de una veintena de estados sucesores. Con los acontecimientos desatados en 1810 se desarticulaban antiguos circuitos comerciales centrados en el Alto Perú de los que Buenos Aires era sólo abastecedor y se conformaron otros orientados al intercambio con el exterior allende el Atlántico. El tráfico de mercancías materias primas criollas por manufacturas europeas alentó también la importación de ideas innovadoras estrategias y concepciones sociales que reconstruyeron el mapa del poder en América del Sur. Tulio Halperin Donghi sigue las vicisitudes de una élite política creada destruida y vuelta a crear por el movimiento independentista y las relaciones que esta élite sostuvo con los sectores económicos y sociales del Río de la Plata con el trasfondo de las angustiosas luchas internas por implantar un orden hegemónico. A más de cuarenta años de su publicación original esta nueva edición revisada de Revolución y guerra cuenta con un prefacio iluminador en el que Tulio Halperin Donghi evoca las circunstancias en que concibió y escribió la obra así como las decisiones que fueron dando forma a un libro decisivo y que revelan la forja de un historiador enteramente excepcional.

Revolución y guerra Tulio Halperín Donghi, 2002 Crime and the Administration of Justice in Buenos Aires, 1785-1853, 2006-01-01

Crime and the Administration of Justice in Buenos Aires 1785-1853 analyzes the emergence of the criminal justice system in modern Argentina focusing on the city of Buenos Aires as a case study. It concentrates on the formative period of the postcolonial penal system from the installation of the second Audiencia the superior justice tribunal in the viceroyalty of Río de la Plata in 1785 to the promulgation of the Argentine national constitution in 1853 when a new phase of interregional organization and codification began. Through analysis of criminal cases Barreneche shows how different interpretations of liberalism the changing roles of the new police and the military and the institutionalization of education all contributed to the debate on penal reform during Argentina's transition from colony to state. Only through understanding the historical development of legal and criminal procedures can contemporary social scientists come to grips with the struggle between democracy and authoritarianism in modern Argentina.

Slave Subjectivities in the Iberian Worlds ,2023-12-18 The Iberian world played a key

role in the global trade of enslaved people from the 15th century onwards. Scholars of Iberian forms of slavery face challenges accessing the subjectivity of the enslaved given the scarcity of autobiographical sources. This book offers a compelling example of innovative methodologies that draw on alternative archives and documents such as inquisitorial and trial records to examine enslaved individuals and collective subjectivities under Iberian political dominion. It explores themes such as race, gender, labour, social mobility, and emancipation, religion, and politics, shedding light on the lived experiences of those enslaved in the Iberian world from the Indian Ocean to the Atlantic. Contributors are Magdalena Candiotti, Robson Pedroso, Costa R. Mulo da Silva, Ehalt James, Fujitani Michel, Kabalan Silvia, Lara Marta, Macedo Hebe, Mattos Michelle, McKinley Sophia, Blea Nu ez, Fernanda Pinheiro, Jo o, Jos Reis, Patricia Faria de Souza, Lisa Surwillo, Miguel Valerio, and Lisa Voigt. *Slave Subjectivities in the Iberian Worlds* is now available in paperback for individual customers. Panoramic in scope and incisive in its in-depth studies of authors' works and theoretical problems, this volume builds on available scholarship on canonical works but opens up the field to include a more diverse rendering as well as engaging with the full spectrum of textual interventions from travel writing to drama, from popular gauchesca to celebrated avant-garde works. Working at the crossroads of disciplines, languages, and critical traditions, this book accounts for the wealth of Argentine cultural production and maps the rich, diverse, and often overlooked history of Argentine literature. *Financing Sovereignty* Damian Clavel, 2025-08-12. *Financing Sovereignty* rewrites the story of one of the great financial frauds of the nineteenth century: Gregor MacGregor, a Scottish mercenary and self-proclaimed cacique of Poyais, borrowed massive sums on the City of London's burgeoning South American sovereign debt market by selling bonds of the State of Poyais. The only problem: Poyais did not exist. At least that is what MacGregor was quickly accused of by the press and public opinion at the time. From then on, MacGregor has embodied the figure of the swindler par excellence, the con artist behind the most audacious financial fraud in history. In Damian Clavel's deeply researched retelling of the Poyais story, MacGregor is less an unscrupulous adventurer aiming to defraud English investors than a luckless intermediary between Indigenous Miskitu elites and British financiers. From the coasts of Moskitia to the trading floors of London, Clavel traces the genesis, development, and downfall of the Poyais project, detailing how these events

were the outcome of a failed attempt to finance the making of a new country in Central America A microhistory set against the backdrop of global history Financing Sovereignty offers a new lens through which to view the political economic legal and social dynamics of the nineteenth century revolutionary financial and imperial transformations that took place across the Atlantic *The Rio de la Plata from Colony to Nations* Fabrício Prado,Viviana L. Kattr,2017-01-31 This is a history book that studies the thought and actions of Jos

Gervasio Artigas throughout the decade of his prominence 1810-1820 as leader of the Federal League which united his native territory of Uruguay to four neighboring provinces in today's Argentina. This was the period when the Spanish king's abdication propelled elites across that country's former American colonies to hastily construct new local institutions to carry on governing functions and to assure order and stability. Within a few years that new leadership had to do battle against the armies sent by Spain's new leadership that attempted to reassert its control. In the Banda Oriental today's Uruguay Artigas with democratic and egalitarian values enjoyed wide support among the rural poor as well as the landed elite. His military victories over the Spanish and then his successful defense of provincial autonomy before the imperialist ambitions of Buenos Aires account for the spread of his influence to neighboring provinces and the creation of the Federal League. His short-term successes infuriated powerful elites in both Buenos Aires and the Portuguese colonies of today's Brazil. These allied to the newly potent British empire then collaborated to bring about his defeat. Artigas' career as seen in retrospect was riddled with contradiction and ambiguity yet his record of achievements is worthy of remembrance and honor. The book provides information largely ignored by previous historians about his important dealings with three central figures in Argentina's independence movement: Generals Manuel Belgrano, Martín Gemes, and José de San Martín.

Facundo and the Construction of Argentine Culture Diana Sorensen Goodrich, 2010-01-01. Domingo F. Sarmiento's classic 1845 essay *Facundo: Civilization y Barbarie* opened an inquiry into the nature of Argentinian culture that continues to the present day. In this elegantly written study Diana Sorensen Goodrich explores the varied and often conflicting readings that *Facundo* has received since its publication and shows how these readings have contributed to the making and remaking of the Argentine nation and its culture. Goodrich's analysis sheds new light on the intersection between canon formation and nation building. While much has been written about *Facundo* as a primary text in Latin American letters, this is the first study that locates it within the problematics of canon formation and the cultural, social, and political contexts in which conflicting interpretations are constructed. This new approach to *Facundo* illuminates the interactions among institutions, cultural ideologies, and political life. This book will be important reading for everyone interested in questions of national identity and the institutionalization of a national tradition.

Great Britain and Argentina K. Gallo, 2001-10-02. Klaus Gallo examines the early nineteenth-century relationship between Great Britain and the Rio de la Plata, a period that represents a crucial point in the transformation of this area of South America into the independent state of Argentina. He highlights the initial ambiguities of British aims with the government entertaining both conquest and military aid. Gallo shows how the relationship survived this confusion and became much stronger once the Spanish colony gained independence in 1810. He unravels the tangled foreign policy implications for Britain, particularly in terms of its alliance with Spain that ultimately led to its recognition of Argentina as a sovereign state.
