Revolution In Hungary:

Explosion John P. C. Matthews, 2007 In late October 50 years ago the world witnessed one of the largest leaderless spontaneous revolutions Triggered by a confluence of fateful events Hungarian students led hundreds of thousands of their countrymen in an open revolt against the Soviet sponsored government Matthews a journalist at Radio Free Europe realised he had a ringside seat and saved every scrap of news Here at long last from those journalist reports and memoirs he recreates a picture of what it was like to live through that exhilarating time Hungary 1956 Revisited Ferenc Fehér, Agnes Heller, 2022-02-06 This book first published in 1983 is a radical reinterpretation of the Hungarian revolution in the context of world politics and Eastern Europe as a whole It examines the events and protagonists with a fresh eye and relies on witnesses and participants for the rigorous documentary backing **Hungary 1956--forty Years on** Terry Cox, 1997 This collection of new articles offers a retrospective view of the events of the 1956 revolution in Hungary the consequences they have had for Hungary's political development since and the significance of 1956 in current Hungarian politics Different articles draw on the findings of various kinds of research including work in documentary and archival collections that have only recently been opened up sociological survey research and in some cases on personal reminiscences as well 1956, 1984 **The Hungarian Revolution of 1956 in Retrospect** Béla K. Király, Paul Jonas, 1978 **The Hungarian Revolution of 1956** György Litván, János M. Bak, Lyman Howard Legters, 1996 This is a history of the 1956 Hungarian uprising and its aftermath The book sets the revolutionary events in their full context both nationally and internationally **Revolution and Counter-revolution in Hungary** Oszkár Jászi, 1924 *The Hungarian Revolution 1956*, 2004 As a service of SchoolHistory.co.uk A Field presents information on the Hungarian Revolution of 1956 Field provides a very brief summary of the events leading to and following the revolution including Soviet intervention **The Hungarian Revolution** David Pryce-Jones, 1970 The 1956 Hungarian Revolution Csaba Békés, Malcolm Byrne, M. János Rainer, 2002 This book tells the story of the Hungarian Revolution in 120 original documents ranging from the minutes of the first meeting of Khrushchev with Hungarian bosses after Stalin's death in 1953 to Yeltsin's declaration made in 1992 The majority of the material appears in English for the first time **Hungarian Revolution, 1956**, 1956 One Day That Shook the Communist World Paul Lendvai, 2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth

reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai's breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events *Resistance, Rebellion and Revolution in Hungary and Central Europe* László Péter, Martyn C. Rady, 2008 The Hungarian Cultural Centre in London is proud to be associated with this the third volume on the history of Hungary which the Centre has supported and co published Like its predecessors on Lajos Kossuth and on British Hungarian relations the present work demonstrates the sustained interest in Great Britain in the field of Hungarian history The collection draws together British Hungarian and North American historians and thus illuminates the continued scholarly exchange between both countries and continents The Hungarian Cultural Centre in London was opened in Covent Garden in 1999 From the very start its mission has been to familiarize the British people and the rest of the world with all the treasures that were spread to Europe by the Hungarians as well as to highlight the values that Hungary owes to foreign cultures in this way emphasizing Hungary's role as a bridge for inter cultural communication The present work comports entirely with this aim as well as having its focus on one of the most important events in post war Hungarian and European history the Revolution of 1956 preface p ix *Twelve Days* Victor Sebestyen, 2006 On the 50th anniversary of an important battle of the Cold War this account incorporates previously unreleased Hungarian and Soviet documents the author's family's diaries and eyewitness testimony 16 page photo insert

The 1956 Hungarian Revolution Christopher Adam, 2010 Based on papers presented at the conference The 1956 Hungarian Revolution 50 Years Later Canadian and International Perspectives held at the University of Ottawa Oct 12-14 2006 **Revolution and Counter-revolution in Hungary** Oszkár Jászi, 1924 **Twelve Days** Victor Sebestyen, 2010-11-25 The defining moment of the Cold War The beginning of the end of the Soviet empire Richard Nixon The Hungarian Revolution in 1956 is a story of extraordinary bravery in a fight for freedom and of ruthless cruelty in suppressing a popular dream A small nation its people armed with a few rifles and petrol bombs had the will and courage to rise up against one of the world's superpowers The determination of the Hungarians to resist the Russians astonished the West People of all kinds throughout the free world became involved in the cause For 12 days it looked miraculously as though the Soviets might be humbled Then reality hit back The Hungarians were brutally crushed Their capital was devastated thousands of people were killed and their country was occupied for a further three decades The uprising was the defining moment of the Cold War the USSR showed that it was determined to hold on to its European empire but it would never do so without resistance From the Prague Spring to Lech Walesa's Solidarity and the fall of the Berlin Wall the tighter the grip of

the communist bloc the more irresistible the popular demand for freedom The Hungarian Revolution of 1956 László Eörsi, 2006 Published on the occasion of the fiftieth anniversary of the revolution this groundbreaking book reexamines the events of the uprising and the activities of some of its well known participants presenting them as historical actors rather than mythological figures **Imagining Postcommunism** Beverly A. James, 2005-03-29 Although the 1956 Hungarian uprising failed to liberate the country from Soviet domination it became a symbol of freedom for people throughout Eastern Europe and beyond Labeling the events a counterrevolution communist authorities exacted revenge in two years of terror and intimidation Then for the next thirty years they pursued a policy of forced forgetting attempting to obliterate public memory of the events As communism unraveled in the late 1980s the 1956 revolution was resurrected as inspiration for a new political order In *Imagining Postcommunism* Beverly James demonstrates how 1956 became a foundational myth according to which the bloody events of that fall led to the ceremonial reburial of the martyred prime minister Imre Nagy in 1989 free elections in 1990 and the withdrawal of the last Soviet soldiers on June 19 1991 She shows how museums monuments and holiday rituals have aided the construction of a new Hungary through the reclamation and expression of competing memories of the critical events of 1956 Surveying the dazzling array of ceremonies exhibitions and memorials commemorating the revolution and its heroes James invites readers to consider the difference between the communist regime's master narrative of 1956 with its smug false unity and the multiple polemical stories woven by competing political forces in postcommunist Hungary A thoughtful application of communication and historical theories on the uses of memory this study offers a unique perspective on a crucial episode in the history of Eastern Europe Hungary and the superpowers Janos Radványi, 1972
