Revolution Of Peter The Great:

The Revolution of Peter the Great James Cracraft, 2006-03-15 Many books chronicle the remarkable life of Peter the Great but none analyze how his famous reforms took root and spread in Russia By century s end Russia was poised to play a critical role in the Napoleonic wars and boasted an elite culture on the cusp of its golden age Here Cracraft offers a brilliant new interpretation of this pivotal era

The Image of Peter the Great in Russian History and Thought Nicholas Valentine Riasanovsky, 1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to demonstrate how the image of Peter has reflected the changing cultural values of Russian people

Peter the Great Lindsey Hughes, 2008-10-01 Peter the Great 1672 1725 tsar of Russia for forty three years was a dramatic appealing and unconventional character This book provides a vivid sense of the dynamics of his life both public and private and his reign Drawing on his letters and papers as well as on other contemporary accounts the book provides new insights into Peter s complex character giving information on his actions deliberations possessions and significant fantasy world his many disguises and pseudonyms his interest in dwarfs his clowning and vandalism It also sheds fresh light on his relationships with individuals such as his second wife Catherine and his favorite Alexander Menshikov The book includes discussions of Peter s image in painting and sculpture and there are two final chapters on his legacy and posthumous reputation up to the present

Russian and Soviet History Steven A. Usitalo, William Benton Whisenhunt, 2008-01-28 An original and thought provoking text Russian and Soviet History uses noteworthy themes and important events from Russian history to spark classroom discussion Consisting of twenty essays written by experts in each area the book does not simply repeat the conventional themes found in nearly all Russian history texts anthologies and documentary compilations Rather it showcases current thinking on Russian cultural political economic and social history from the end of the sixteenth century to the demise of the Soviet experiment Informed by archival work in the former Soviet Union and a broad range of published sources this book is intended to introduce students to Russian history in an accessible and provocative format Its eclectic essays offer readers an incomparable taste of the complexity and richness of Russia as it has evolved from late Muscovy to the modern era This text is perfect for undergraduate and graduate students in Russian history and is a great resource for scholars in the field

The Military History of the Russian Empire from Peter the Great until Nicholas II John W. Steinberg, 2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival

sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare *The Russian Empire 1450-1801* Nancy Shields Kollmann,2017-02-09 Modern Russian identity and historical experience has been largely shaped by Russia s imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450 1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state s needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related to communities and religions vertically according each a modicum of rights and autonomies but didn t allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian empire was multi ethnic and multi religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government s strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation The Russian Empire 1450 1801 explores the empire s primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire s many peoples and cultures **A Companion to Russian History** Abbott Gleason,2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field Peter the Great Changes Russia Marc Raeff,1972 **Quest for Status** Deborah Welch Larson,Alexei Shevchenko,2019-01-01 A look at how the desire to improve international status affects Russia s and China s foreign policies Deborah Welch Larson and Alexei Shevchenko argue that the desire for world status plays a key role in

shaping the foreign policies of China and Russia Applying social identity theory the idea that individuals derive part of their identity from larger communities to nations they contend that China and Russia have used various modes of emulation competition and creativity to gain recognition from other countries and thus validate their respective identities To make this argument they analyze numerous cases including Catherine the Great s attempts to westernize Russia China s identity crises in the nineteenth century and both countries responses to the end of the Cold War The authors employ a multifaceted method of measuring status factoring in influence and inclusion in multinational organizations military clout and cultural sway among other considerations Combined with historical precedent this socio psychological approach helps explain current trends in Russian and Chinese foreign policy *Russia in the Early Modern World* Donald Ostrowski,2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia s historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia s success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government *Personality and Place in Russian Culture* Simon Dixon,2010 Lindsey Hughes 1949 2007 made her reputation as one of the foremost historians of the age of Peter the Great by revealing the more freakish aspects of the tsar s complex mind and reconstructing the various physical environments in which he lived Contributors to *Personality and Place in Russian Culture* were encouraged to develop any of the approaches featured in Hughes s work pointillist and panoramic playful and morbid quotidian and bizarre The result is a rich and original collection ranging from the sixteenth century to the present day in which a group of leading international scholars explore the role of the individual in Russian culture the myriad variety of individual lives and the changing meanings invested in particular places The editor Simon Dixon is Sir Bernard Pares Professor of Russian History at UCL School of Slavonic and East European Studies **Revolutions and the Making of the Modern World** James Cracraft,2021 Professor James Cracraft is an established specialist on early modern Russian history particularly the era of Peter the Great 1682 1725 tsar and first Russian emperor This volume gathers some of the many key articles and reviews published by him over the last forty years and more in a wide variety of scholarly venues some of which are not readily accessible They constitute in sum important

contributions not only to Russian history broadly understood but also to the study of history itself The collection will include a preface by the editor and an introduction by the author where he will sum up his decades of historical work and point to new avenues of needed research all the while emphasizing that history properly understood does not exist somewhere on its own but is the creation however imperfect of professional historians as chemistry say is properly understood as the work however imperfect of professional chemists

Seapower States Andrew Lambert, 2018-11-27 A fascinating geopolitical chronicle A superb survey of the perennial opportunities and risks in what Herman Melville called the watery part of the world The Wall Street Journal In this volume one of the most eminent historians of our age investigates the extraordinary success of five small maritime states Andrew Lambert author of *The Challenge Britain Against America in the Naval War of 1812* winner of the prestigious Anderson Medal turns his attention to Athens Carthage Venice the Dutch Republic and Britain examining how their identities as seapowers informed their actions and enabled them to achieve success disproportionate to their size Lambert demonstrates how creating maritime identities made these states more dynamic open and inclusive than their lumbering continental rivals Only when they forgot this aspect of their identity did these nations begin to decline Recognizing that the United States and China are modern naval powers rather than seapowers is essential to understanding current affairs as well as the long term trends in world history This volume is a highly original big think analysis of five states whose success and eventual failure is a subject of enduring interest by a scholar at the top of his game An intriguing series of stories of communities thinking seriously about how to stand their own ground when outpowered how to do so in ways that are consistent with their values and sometimes how to negotiate the descent from being a great power when the cards just aren't in their favor any more These are timely questions Times Higher Education Supplement Lambert is without a doubt the most insightful naval historian writing today The Times

Pushkin's Historical Imagination Svetlana Evdokimova, 1999-01-01 This book explores the historical insights of Alexander Pushkin 1799-1837 Russia's most celebrated poet and arguably its greatest thinker Svetlana Evdokimova examines for the first time the full range of Pushkin's fictional and nonfictional writings on the subject of history writings that have strongly influenced Russians' views of themselves and their past Through new readings of his drama Boris Godunov such narrative poems as *Poltava* *The Bronze Horseman* and *Count Nulin* prose fiction including *The Captain's Daughter* and *Blackamoor of Peter the Great* lyrical poems and a variety of nonfictional texts the author presents Pushkin not only as a progenitor of Russian national mythology but also as an original historical and political thinker Evdokimova considers Pushkin within the context of Romantic historiography and addresses the tension between Pushkin the historian and Pushkin the fiction writer She also discusses Pushkin's ideas on the complex relations between chance and necessity in historical processes on the particular significance of great individuals in Russian history and on historical truth

Reforming the Tsar's Army David Schimmelpenninck van der Oye, Bruce W. Menning, 2004-03-18 This volume examines how Imperial Russia's armed forces sought to adapt to the challenges of modern

warfare From Peter the Great to Nicholas II rulers always understood the need to maintain an army and navy capable of preserving the empire's great power status Yet they inevitably faced the dilemma of importing European military and technological innovations while keeping out political ideas that could challenge the autocracy's monopoly on power Within the context of a constant race to avoid oblivion the impulse for military renewal emerges as a fundamental and recurring theme in modern Russian history

The Court of the Last Tsar Greg King, 2008-04-21 It was the most magnificent court in Europe a world of fairy tale opulence ornate architecture sophisticated fashion extravagant luxury and immense power In the last Russian imperial court a potent underlying mythology drove its participants to enact the pageantry of medieval Orthodox Russia infused with the sensibilities of Versailles against a backdrop of fading Edwardian splendor providing a spectacle of archaic ceremonies carefully orchestrated as a lavish stage upon which Nicholas II played out his tumultuous reign While a massive body of literature has been devoted to the last of the Romanovs *The Court of the Last Tsar* is the first book to examine the people mysteries traditions scandals rivalries rituals and riches that were part of everyday life in the last two decades of the Romanov dynasty It is as difficult for the twenty first century mind to imagine the pomp and splendor that accompanied the tsar and his family everywhere they went as it was for the simple Russian peasant toiling a thousand miles from St Petersburg This stunningly illustrated volume removes the mystery with more than a hundred black and white photos floor plans of the tsar's Winter Palace the Alexander Palace and the Grand Kremlin Palace a map of St Petersburg and plans of the imperial parks at Tsarskoye Selo and Peterhof This eye popping tour of hedonistic imperial Russia on the edge of oblivion draws on hundreds of previously unpublished primary sources including memoirs personal letters diary entries and official documents collected during author Greg King's fifteen years of research in Russia and elsewhere in Europe It invites you to experience dozens of extravagant ceremonies and entertainments attended only by members of the court exposes the numerous sexual intrigues of the imperial family including rape incest and brazen affairs and introduces many of the more than fifteen thousand individuals who made the imperial court a society unto itself Chief among these of course was Tsar Nicholas II He ruled an empire that stretched over one sixth of the earth's land surface but lacked according to one courtier both his father's inspiring presence and his mother's vibrant charm His wife Alexandra was a strong and passionate woman who never developed the social skills necessary to her rank Their wedding and the tsar's coronation are two of the most spectacular ceremonies described in this lavish volume Vetted with care by the last remaining members of the Russian imperial court *The Court of the Last Tsar* brings the people places and events of this doomed but unforgettable wonderland to vivid and sparkling life

[The Cambridge Companion to Modern Russian Culture](#) Nicholas Rzhevsky, 2012-04-05 A fully updated new edition of this overview of contemporary Russia and the influence of its Soviet past

Revolution Of Peter The Great Introduction

In today's digital age, the availability of Revolution Of Peter The Great books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Revolution Of Peter The Great books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Revolution Of Peter The Great books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Revolution Of Peter The Great versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Revolution Of Peter The Great books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Revolution Of Peter The Great books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Revolution Of Peter The Great books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Revolution Of Peter The Great books and manuals for download have

transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Revolution Of Peter The Great books and manuals for download and embark on your journey of knowledge?

FAQs About Revolution Of Peter The Great Books

1. Where can I buy Revolution Of Peter The Great books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
