## **Revolution And Political Conflict In The French Navy 1789 1794:**

**Revolution and Political Conflict in the French Navy 1789-1794** William S. Cormack, 2002-05-09 A 1995 study of the navy in the French Revolution revealing its crucial role in the political conflict **Reinterpreting the French Revolution** Bailey Stone, 2002-10-21 Publisher Description **The French Revolution, 1789-1799** Peter McPhee, 2001-12-06 This book provides a succinct yet up to date and challenging approach to the French Revolution of 1789 1799 and its consequences Peter McPhee provides an accessible and reliable overview and one which deliberately introduces students to central debates among historians The book has two main aims One aim is to consider the origins and nature of the Revolution of 1789 99 Why was there a Revolution in France in 1789 Why did the Revolution follow its particular course after 1789 When was it over A second aim is to examine the significance of the Revolutionary period in accelerating the decay of Ancien Regime society How revolutionary was the Revolution Was France fundamentally changed as a result of it Of particular interest to students will be the emphasis placed by the author on the repercussions of the Revolution on the practices of daily life the lived experience of the Revolution The author's recent work on the environmental impact of the Revolution is also incorporated to provide a lively modern and rounded picture of France during this critical phase in the development of modern Europe *The Oxford History of the French Revolution* William Doyle, 2018-06-29 Since its first publication to mark the bicentenary of the French Revolution in 1989 this Oxford History has established itself as the Revolution's most authoritative and comprehensive one volume history in English and has recently been translated into Chinese Running from the accession of Louis XVI in 1774 it traces the history of France through revolution terror and counter revolution to the final triumph of Napoleon in 1802 It also analyses the impact of events in France upon the rest of Europe and the world beyond The study shows how a movement which began with optimism and general enthusiasm soon became a tragedy not only for the ruling orders but also for the millions of ordinary people whose lives were disrupted by religious upheaval economic chaos and civil and international war Now in its third edition this volume has been fully updated in the light of current research and includes an appendix surveying the past and present historiography of the revolutionary period **Soldiers, Commissars, and Chaplains** Dale Roy Herspring, 2001 This innovative study offers the first ever comparison of the military roles played by commissars political officers and chaplains in military settings ranging from the armies of Cromwell the Jacobins the Nazis the Soviets and the United States Despite the stark differences in the political systems of the countries of these disparate armed forces Dale R Herspring argues that there are certain critical functions that must be fulfilled in every military regardless of its ideological orientation Most vital are motivation morale boosting and political socialization In addition Herspring's comparative historical analysis decisively demonstrates that the roles of commissars political officers and chaplains alike have evolved in ways that are crucial yet rarely understood either by policymakers or scholars **Reform, Revolution and French Global Policy, 1787-1791** Jeremy J. Whiteman, 2017-09-19

The period following the American War of Independence was for the France of Louis XVI the high water mark of its diplomatic prestige With France s arch rival Britain humbled by the loss of her main north American colonies and deprived of any significant continental alliances Louis felt confident that France could at last re assume its natural role as the economic political and military leader of Europe That this did not happen and if anything France s international prestige sunk even lower was a bitter pill for its rulers and one that was to have important ramifications beyond the sphere of foreign policy Indeed continued frustration at France s impotence on the world stage became a pressing domestic issue with radically opposing solutions being put forward to bring about a national regeneration This work focuses on the policy responses of the National Constituent Assembly to the issues of global competition especially in the maritime colonial and economic sphere and with particular reference to Anglo French rivalry These responses are contrasted to the policies of the reforming royal government of the Pre Revolution of 1787 1789 From this analysis of the Old and New Regimes respective global policies it is shown how French responses to the demands of international competition played a role in both fostering and shaping the Revolution of 1789 Moreover Whiteman argues that in spite of profound ideological differences in material terms there was a significant degree of continuity between the policies of the Constituent deputies and the Old Regime royal government

The Wars of the French Revolution and Napoleon, 1792-1815 Owen Connelly, 2012-10-02 Written by an experienced author and expert in the field Wars of the French Revolution and Napoleon 1792 1815 provides a thorough re examination of the crucial period in the history of France for students of history and military studies Based on extensive research and including twenty detailed maps this study is unique in its focus on the wars of both the French Revolution and Napoleon Owen Connelly expertly analyzes them both to provide a broader context for warfare Examining the causes of the wars and how the practices of warfare during this period were to influence mode of combat throughout the nineteenth and twentieth centuries Connelly also establishes trends discernable in the First and Second World Wars and examines key issues including the impact of the population explosion on armies and war the legacy of the ancient regime impact on revolutionary armies the impact of the Revolution on leadership strategy organization and weaponry Was Napoleon s leadership style unique or could another have played his role contributions from the governments of the early Revolution the Terror the Directory and the Napoleonic regime What did twenty three successive years of war accomplish Was this era a turning point in the history of warfare

**English/British Naval History to 1815** Eugene L. Rasor, 2004-10-30 The English British have always been known as the sailor race with hearts of oak the Royal Navy as the Senior Service and First Line of Defense It facilitated the motto The sun never set on the British Empire The Royal Navy has exerted a powerful influence on Great Britain its Empire Europe and ultimately the world This superior annotated bibliography supplies entries that explore the influence of the English British Navy through its history This survey will provide a major reference guide for students and scholars at all levels It incorporates evaluative qualitative and critical analysis processes the essence of historical scholarship Each one of

the 4 124 annotated entries is evaluated assessed analyzed integrated and incorporated into the historiographical scholarship

**Blundering to Glory** Owen Connelly, 2006-06-02 Renowned for its accuracy brevity and readability this book has long been the gold standard of concise histories of the Napoleonic Wars Now in an updated and revised edition it is unique in its portrayal of one of the world s great generals as a scrambler who never had a plan strategic or tactical that did not break down or change of necessity in the field Distinguished historian Owen Connelly argues that Napoleon was the master of the broken play so confident of his ability to improvise cover his own mistakes and capitalize on those of the enemy that he repeatedly plunged his armies into uncertain seemingly desperate situations only to emerge victorious as he blundered to glory Beginning with a sketch of Napoleon s early life the book progresses to his command of artillery at Toulon and the whiff of grapeshot in Paris that netted him control of the Army of Italy where his incredible performance catapulted him to fame The author vividly traces Napoleon s campaigns as a general of the French Revolution and emperor of the French knowledgeably analyzing each battle s successes and failures The author depicts Napoleon s art of war as a system of engaging the enemy waiting for him to make a mistake improvising a plan on the spot and winning Far from detracting from Bonaparte s reputation his blunders rather made him a great general a natural who depended on his intuition and ability to read battlefields and his enemy to win Exploring this neglected aspect of Napoleon s battlefield genius Connelly at the same time offers stirring and complete accounts of all the Napoleonic campaigns

**War and Society in Revolutionary Europe, 1770-1870** Geoffrey Best, 1998 Armed force was used to make and prevent revolution in modern Europe and as it spread it came to determine the affairs and fates of all the European nations Beginning with the eve of the French Revolution Geoffrey Best explains in lively detail the vast armed forces and militarized societies of the Napoleonic age He then proceeds to analyse the contest between Europe s continuing revolutionary underground and the armies of reactionary and alien governments that culminated with the revolutions and wars of national liberation of 1848 66 Under the banners of Napoleon Bonaparte and other warrior heroes of the epoch a military stamp was set on the European mind the consequences of which Best critically assesses

*Quatremère de Quincy* David Gilks, 2024-05-31 Antoine Chrysosth me Quatrem re de Quincy 1755 1849 was the most distinguished writer on art and architecture at the end of the enlightenment However as David Gilks shows in *Quatrem re de Quincy Art and Politics during the French Revolution* he was never simply an esoteric antiquarian and theoretician he was also a zealous functionary and skilled publicist whose writings on the arts often served political purposes *Quatrem re de Quincy Art and Politics during the French Revolution* demonstrates how Quatrem re s early writings on art and antiquity formed the foundation for a politics grounded in faith authority and hierarchy that favoured gradual social and political evolution over destruction and experimentation Gilks then traces how Quatrem re set aside his antiquarian research and became a royalist politician and publicist during the revolutionary decade Quatrem re feared that the Revolution would destroy the cosmopolitan republic of letters that had flourished when states across Europe supported

the papacy's rediscovery of the past restoration of taste and revival of learning Yet Gilks reveals that Quatremere was also a resourceful and an opportunistic political actor who deployed his opponents language for strategic reasons Gilks therefore reinterprets Quatremere's interventions by situating them in their polemical contexts and treating them as contributions to debates and quarrels by locating his sources and reconstructing his social and political networks The resulting study revises our understanding of Quatremere's famous reflections on the Academy of Painting and Sculpture the Pantheon art plunder and museums but it also discovers and sheds light on previously ignored writings Although the study focuses on the period 1789-1799 it examines the second half of Quatremere's life to substantiate his commitment to crown and altar and show how he fought against the Revolution's legacy of godless materialism and calculation that was inimical to the arts This is a thoroughly researched and richly detailed contextual study of the most eventful period in Quatremere's life but it also offers an original and unfamiliar history of the French Revolution Gilks integrates the study of political power with the history of ideas and art history and provides a window into institutional and legal reforms and debates about cultural patronage and education

**From Louis XIV to Napoleon** Professor Jeremy Black, Jeremy Black, 2013-04-03 Much of the period 1661-1815 appeared to be the age of France France was the greatest power in Western Europe in the late seventeenth and eighteenth centuries and Louis XIV and Napoleon seemed to dominate their periods yet when Louis XIV died in 1715 and again after Napoleon's attempt to resume power was defeated at Waterloo a century later France appeared as a waning power This failure in Europe was matched on the world scale France was overtaken by Britain in the struggle for maritime predominance and ended the period with her empire in ruins From Louis XIV to Napoleon is a scholarly yet accessible account which considers why France was not more successful and throws light on French history international relations warfare and the rise and fall of French power

**Napoleonic Wars** Frederick C. Schneid, 2012-07-01 It is only in the past two decades that English speaking scholars have fully breached European language barriers permitting a comprehensive reexamination of the Napoleonic Wars beyond the limitations of English French and German dependent works This new volume in the Essential Bibliography Series examines the changing nature of Napoleonic historiography and provides the student and scholar an invaluable guide to those changes

*Reader's Guide to Military History* Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

*Britain As A Military Power, 1688-1815* Professor Jeremy Black, Jeremy Black, 2002-01-04 In 1688 Britain was successfully invaded its army and navy unable to prevent the overthrow of the government 1815 Britain was the strongest

power in the world with the most successful navy and the largest empire Britain had not only played a prominent role in the defeat of Napoleonic France but had also established itself as a significant power in South Asia and was unsurpassed in her global reach Her military strength was related to and based on one of the best systems of public finance in the world and held a strong trade position This illustrated text assesses the military aspects of this shift concentrating on the multi faceted nature of the British military effort Topics covered include the rise of Britain an analysis of military infrastructure warfare in the British Isles conventional warfare in Europe trans oceanic warfare with European powers the challenge of America and the challenge of Revolutionary and Napoleonic France *War and Empire* Bruce Collins,2014-09-19 Bringing naval and military campaigns together this book demonstrates the sheer scale and reach of Britains power during an intense phase of warfare from 1790 to 1830 The book also considers the impact of this period of warfare on the British state showing how at the national level Britain became both the worlds leading commercial country whilst operating as a global military and naval power **The Oxford Handbook of the French Revolution** David Andress,2015-01-22 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions Placing core dimensions of the history of the French Revolution in their transnational and global contexts the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors whether the king and his ministers or the besieged leaders of the Jacobin republic and attention to the deeply local politics of both rural and urban populations Identities of class gender and ethnicity are interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics *The Cambridge History of the Napoleonic Wars: Volume 2, Fighting the Napoleonic Wars* Bruno Colson,Alexander Mikaberidze,2023-03-02 The Napoleonic Wars saw almost two decades of brutal fighting Fighting took place on an unprecedented scale from the frozen wastelands of Russia to the rugged mountains of the Peninsula from Egypt s Lower Nile to the bloody battlefield of New Orleans Volume II of The Cambridge History of the Napoleonic Wars provides a comprehensive guide to the Napoleonic Wars and weaves together the four strands military naval economic and diplomatic that intertwined to make up one of the greatest conflicts in history Written by

a team of the leading Napoleonic scholars this volume provides an authoritative and comprehensive analysis of why the nations went to war the challenges they faced and how the wars were funded and sustained It sheds new light not only on the key battles and campaigns but also on questions of leadership strategy tactics guerrilla warfare recruitment supply and weaponry

**Muslims and Citizens** Ian Coller, 2020-03-20 A groundbreaking study of the role of Muslims in eighteenth century France This elegant braided history of Muslims and French citizenship is urgently needed It will be a must read for students of the French Revolution and anyone interested in modern France Carla Hesse University of California Berkeley From the beginning French revolutionaries imagined their transformation as a universal one that must include Muslims Europe's most immediate neighbors They believed in a world in which Muslims could and would be French citizens but they disagreed violently about how to implement their visions of universalism and accommodate religious and social difference Muslims too saw an opportunity particularly as European powers turned against the new French Republic leaving the Muslim polities of the Middle East and North Africa as France's only friends in the region In *Muslims and Citizens* Coller examines how Muslims came to participate in the political struggles of the revolution and how revolutionaries used Muslims in France and beyond as a test case for their ideals In his final chapter Coller reveals how the French Revolution's fascination with the Muslim world paved the way to Napoleon's disastrous invasion of Egypt in 1798

**The French army 1750-1820** Rafe Blaufarb, 2021-02-02 This book examines the transformation of the French military profession during the momentous period that saw the death of royal absolutism the rise and fall of successive revolutionary regimes the consolidation of Napoleonic rule and the restoration of the Bourbon monarchy after the Empire's final collapse Crossing traditional chronological boundaries it brings together periods in French history that are usually treated separately and challenges established views of change and continuity during the Age of Revolution Based on a wealth of archival sources this book is as much a social history of ideas like equality talent and merit as a military history

As recognized, adventure as capably as experience practically lesson, amusement, as with ease as settlement can be gotten by just checking out a ebook **Revolution And Political Conflict In The French Navy 1789 1794** with it is not directly done, you could take even more more or less this life, nearly the world.
