Revolution And War In Spain 1931 To 1939:

Revolution and War in Spain, 1931-1939 Paul Preston, 2012-10-12 This collection of essays constitutes a magnificent monument to recent scholarship on the Second Republic and the Civil War It is indispensable for a full understanding of the period Raymond Carr *Anarchism, the Republic and Civil War in Spain: 1931-1939* Julián Casanova, 2014-04-09 The Spanish Civil War became the setting for the struggle between revolution and counter revolution as well as being for many outsiders the place of armed conflict between the forces of democracy and fascism This book is a path breaking synthesis of political social and cultural history concerning the anarchist revolution during the Spanish Civil War by Spain's leading historian of the Civil War Revolutionary Movements in World History James DeFronzo, 2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes Revolutionary Movements in World History covers 79 revolutions from the American and French uprisings of the late 18th century to the rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world's human drama Revolutionary Movements in World History offers a new way of looking at how societies reinvent themselves The Working Class and Politics in Europe and America 1929-1945 Stephen Salter, John Stevenson, 2014-09-25 This volume contains a series of essays which examines various regimes and working classes of such countries as Italy France Poland the USA the Soviet Union and Great Britain in the early 20th century **AntiFascism and Memory in East Germany** Josie McLellan, 2004-10-07 AntiFascism and Memory in East Germany is a book about remembering and about forgetting about war and about the peace which eventually followed In the unlikely setting of the German Democratic Republic GDR the Spanish Civil War became the subject of a debate which both predated and outlasted the Cold War involving historians veterans politicians censors artists writers and Church activists Examining these multiple memories and interpretations of Spain casts new and unexpected light on the legacy of the Spanish Civil War and the relationship between history and memory under state socialism The ruling Socialist Unity Party made full use of the antifascist legacy as legitimation for a non democratic state But despite dogged attempts at control and censorship the state was unable to silence competing voices All over East Germany International Brigade veterans preserved their version of events in letters to each other in communications with the party in discussions with friends and family around the kitchen table and in memoirs written for the

desk drawer For younger East Germans the war retained an undeniably romantic aura From their perspective Spain was a far away land to which they were forbidden to travel the stuff of camp fire singalongs and fantasies of adventure This book dissects the relationship between state sponsored history the lobbying of veterans cultural interpretations of war and the memory traces left behind by marginalised or politically oppositional groups and individuals It is a cultural history of memory under state socialism a social history of veteran groups and their relationship with the state and a political history of communist culture Above all it is the story of how post war Europeans came to terms with the heavy burden of their pre war past

European Dictatorships 1918-1945 Stephen J. Lee, 2016-02-12 European Dictatorships 1918 1945 surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study www.routledge.com/cw/lee European Dictatorships 1918 1945 is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe

The Penguin History of Modern Spain Nigel Townson, 2023-04-13 The best account in a single volume of Spain since 1898 exemplary for concision and for accuracy in the use of language as well as for equanimity and generosity of spirit Felipe Fern ndez Armesto TLS A revelatory new history of Spain from the late nineteenth century to the twenty first Spain is different proclaimed the Franco regime in the 1940s keen to attract foreign tourists For the most part the world has agreed From the end of its glorious empire in 1898 to the dazzling World Cup victory in 2010 the prevailing narrative of modern Spain has emphasized the country's peculiarity Generations of historians and readers have been transfixed by its implosion into civil war in the 1930s seduced by the valiant struggle of the republicans horrified by the barbarity of the dictatorship which followed Franco's Spain was seen as an anomaly in the midst of prosperous and permissive post war Western Europe But as Nigel Townson shows in this richly layered and exciting new history beyond the familiar image there lies a radically different history of Spain of a dynamic and progressive society that fits firmly into the narrative of modern Europe Drawing on over forty years of post Franco scholarship The Penguin History of Modern Spain transforms our knowledge of Spain and its politics society economics and culture It interweaves cutting edge Spanish led research never before published in English and testimonies of peasants housewives soldiers workers entrepreneurs feminists and worker priests for an original and surprising portrait which allows us at last to discern the

country behind the veil of propaganda and romantic myths which still endure today **Library of Congress Subject Headings** Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013 *Library of Congress Subject Headings* Library of Congress. Cataloging Policy and Support Office, 2009 **The Routledge Companion to World History since 1914** Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history **Library of Congress Subject Headings** Library of Congress. Office for Subject Cataloging Policy, 1992

Longman Handbook of Twentieth Century Europe Chris Cook, J. Stevenson, 2014-09-19 The twentieth century was one of constant upheaval across Europe The continent saw wars revolutions and the collapse of empires and a range of leading figures from Stolypin and Stalin to Chirac Schroder and Putin This book provides a detailed yet wide ranging guide to the turbulent events of twentieth century Europe Covering the whole period from Tsarist Russia and Imperial Germany to the Balkan Wars of the 1990 s and the final birth of the Euro in 2002 it provides a convenient user friendly compendium of key fact and figures for the whole of Europe from the Atlantic to the Urals **Historical Dictionary of Spain** Angel Smith, 2017-12-29 Following Spain s transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on

important personalities as well as aspects of the country's politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain

Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Modern Spain Pamela Beth Radcliff,2017-05-08 Modern Spain 1808 to the Present is a comprehensive overview of Spanish history from the Napoleonic era to the present day Places a large emphasis on Spain's place within broader European and global history The chronological political narrative is enriched by separate chapters on long term economic social and cultural developments This presentation of modern Spanish history incorporates the latest thinking on key issues of modernity social movements nationalism democratization and democracy

The Routledge Companion to Iberian Studies Javier Muñoz-Basols,Manuel Delgado Morales,Laura Lonsdale,2017-03-16 This book provides a comprehensive state of the art account of the field reaffirming Iberian Studies as a dynamic and evolving discipline offering promising areas of future research It is an essential tool for research in Iberian Studies

Marxism and the Failure of Organised Socialism in Spain, 1879-1936 Paul Heywood,2003-02-13 This is the first full length study in English of the role of Marxist theory in the Spanish Socialist movement prior to the outbreak of Civil War in 1936 In particular the author stresses the intellectual poverty of this aspect of leftwing politics in Spain In concentrating on the Partido Socialista Obrero Español PSOE the major organised party of the left prior to the Civil War the study seeks to achieve two main aims first to attempt to isolate the political social and intellectual factors which led to a particularly distorted version of Marxism which became established in Spain at the end of the nineteenth century and second to demonstrate how this particular conception of Marxism had a crucial negative impact on the political formulations and fortunes of the PSOE between 1879 and 1936 The central argument of the book is that the significance of Spanish Marxism lay precisely in its poverty since it was this decaffeinated version of the theory which set the parameters within which the PSOE formulated its strategy for socialism

The Routledge Companion to European History Since 1763 Chris Cook,John Stevenson,2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps

Democracy, Trade Unions and Political Violence in Spain Richard Purkiss,2011 Drawing on a range of previously underused primary

sources this title shows that not only was Valencia a hugely important source of anarchist support but that the local movement was far more radical than has previously been thought

Desertion Theodore D. McLauchlin, 2020-12-15

Theodore McLauchlin's *Desertion* examines the personal and political factors behind soldiers' choices to stay in their unit or abandon their cause. He explores what might spur widespread desertion in a given group, how some armed groups manage to keep their soldiers fighting over long periods, and how committed soldiers are to their causes and their comrades. To answer these questions, McLauchlin focuses on combatants in military units during the Spanish Civil War. He pushes against the preconception that individual soldiers' motivations are either personal or political, either selfish or ideological. Instead, he draws together the personal and the political, showing how soldiers come to trust each other or not. *Desertion* demonstrates how the armed groups that hold together and survive are those that foster interpersonal connections, allowing soldiers the opportunity to prove their commitment to the fight. McLauchlin argues that trust keeps soldiers in the fray; mistrust pushes them to leave, and political beliefs and military practices shape both. *Desertion* brings the reader into the world of soldiers and rigorously tests the factors underlying desertion. It asks honestly and without judgment what you would do in an army in a civil war: Would you stand and fight? Would you try to run away? And what if you found yourself fighting for a cause you no longer believe in or never did in the first place?
