Revolution From Within Inscribed:

Revolution Within Dwight Edwards, 2013-07-24 One of the fundamental misunderstandings the first century world had in regard to Jesus was that He had come to stir up an outward political revolution Dwight Edwards reminds us in his powerful book that the revolution like the kingdom is essentially within that Jesus is still a King whose kingdom is the heart Michael Card recording artist and author of *A Violent Grace What Actually Happened When You Came to Christ* Because of what God has done for every believer you actually possess outlandish treasures you may never have dreamed existed God has made New Covenant promises to each of us And in fulfillment of those promises He has placed within every believer four revolutionary provisions a new purity a new disposition a new identity and a new power These lavish supernatural resources permanently reside within your soul right now ready for release every day of your life on earth *Revolution Within* shows what these four provisions really are and how to release them so you can experience all the best God has for you And when you do you fulfill your God given purpose in life Because God doesn't want us just to be spiritually whole but to be spiritually provocative As you tap into this vibrant eternal reality you'll experience fresh intimacy with God new liberty a deepened sense of community with other believers and a new capacity for ministry And through it all you'll grow in your passion for what God Himself is most passionate about His glory

Revolution within the Revolution Michelle Chase, 2015-11-30 A handful of celebrated photographs show armed female Cuban insurgents alongside their comrades in Cuba's remote mountains during the revolutionary struggle However the story of women's part in the struggle's success has only now received comprehensive consideration in Michelle Chase's history of women and gender politics in revolutionary Cuba Restoring to history women's participation in the all important urban insurrection and resisting Fidel Castro's triumphant claim that women's emancipation was handed to them as a revolution within the revolution Chase's work demonstrates that women's activism and leadership was critical at every stage of the revolutionary process Tracing changes in political attitudes alongside evolving gender ideologies in the years leading up to the revolution Chase describes how insurrectionists mobilized familiar gendered notions such as masculine honor and maternal sacrifice in ways that strengthened the coalition against Fulgencio Batista But after 1959 the mobilization of women and the societal transformations that brought more women and young people into the political process opened the revolutionary platform to increasingly urgent demands for women's rights In many cases Chase shows the revolutionary government was simply formalizing popular initiatives already in motion on the ground thanks to women with a more radical vision of their rights
