

## HANNAH ARENDT ON REVOLUTION

The phenomenon of social revolution is one with which all of us have to come to terms in a century which has seen more and greater revolutions than any other in recorded history. By the very nature of their impact, however, revolutions are very difficult to analyze satisfactorily, surrounded as they are and must be by a cloud of hope and disillusion, of love, hatred and fear, of their own myths and the myths of counter-propaganda. After all, few historians of the French Revolution who wrote before the 100th anniversary of its outbreak are now read, and the real historiography of the Russian Revolution, in spite of some accumulation of preliminary material, is only just beginning. The scientific study of revolutions does not mean dispassionate study. It is fairly certain that the major achievements in this field will be 'committed' – generally to sympathy with revolutions, if the historiography of the French is any guide. Committed study is not necessarily mere pamphleteering, as Mommsen and Rostovzeff demonstrated. Yet it is natural that in the early stages of the investigation of social revolutions the market tends to be swamped by pamphlets, sometimes simple, sometimes masquerading as serious historical and sociological work, and therefore demanding serious criticism. Their public is normally not that of the experts or the serious student. Thus it is perhaps not without significance that the four encomia printed on the cover of Miss Hannah Arendt's *On Revolution*<sup>1</sup> come not from historians or sociologists, but from literary figures. But of course such works may hold great interest for the specialist nevertheless. The question to be asked about Miss Arendt's book is whether it does.

The answer, so far as the student of the French and most other

*Revolutionaries* Eric John Hobsbawm, 1975      Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1975      **Revolutionary Biographies in the 19th and 20th Centuries** Sandra Dahlke, Nikolaus Katzer, Denis Sdvizhkov, 2023-12-04 The volume contains selected contributions to the Max Weber Foundation's annual conference organised by the German Historical Institute Moscow. The contributors look at the crisis-ridden processes of modernity through the prism of individual biographies which manifest themselves in national and social, anti-imperial and de-colonial, global and regional movements. The contributions cover the Russian Habsburg and Ottoman Empires, Germany, Italy, the USA, France, the Soviet Union, Iran, Poland, Turkey, and Africa. They focus on transnational and trans-imperial life paths, networks, and the imprints of the actors, as well as forms of auto-biographical self-constitution and the political use of biographical narratives.

**Eric Hobsbawm** Richard J. Evans, 2019-03-29 Eric Hobsbawm's works have had a nearly incalculable effect across generations of readers and students, influencing more than the practice of history but also the perception of it. Born in Alexandria, Egypt, of second-generation British parents, Hobsbawm was orphaned at age fourteen in 1931. Living with an uncle in Berlin, he experienced the full force of world economic depression and, in the charged reaction to it in Germany, was forced to choose between Nazism and Communism, which was no choice at all. Hobsbawm's lifelong allegiance to Communism inspired his pioneering work in social history, particularly the trilogy for which he is most famous: *The Age of Revolution*, *The Age of Capital*, and *The Age of Empire*, covering what he termed the long nineteenth century in Europe. Selling in the millions of copies, these held sway among generations of readers, some of whom went on to have prominent careers in politics and business. In this comprehensive biography of Hobsbawm, acclaimed historian Richard Evans, author of *The Third Reich Trilogy* among other works, offers both a living portrait and vital insight into one of the most influential intellectual figures of the twentieth century. Using exclusive and unrestricted access to the unpublished material, Evans places Hobsbawm's writings within their historical and political context. Hobsbawm's Marxism made him a controversial figure but also uniquely and universally someone who commanded respect even among those who did not share or who even outright rejected his political beliefs. *Eric Hobsbawm: A Life in History* gives us one of the 20th century's most colorful and intellectually compelling figures. It is an intellectual life of the century itself.
