range of politics in doing so How did it arrive at its present form and what generated these others along the way Spanning several centuries and four detailed case studies The Counterinsurgent Imagination unpacks and explores this intellectual history through counterinsurgency manuals These military theoretical and instructional texts and the practitioners who produced them made counterinsurgency possible in practice By interrogating these processes this book explains how counterinsurrectionary war eventually took on its late twentieth and early twenty first century forms It shows how and why counterinsurgent ideas persist despite recurring failures **Red Hills** Andrew Hardy,2003-03-31 Several million rural inhabitants of Vietnam s northern deltas made the decision to move during the twentieth century seeking to make new homes in the country s highlands This book offers a historical analysis of the political economy of migration stimulated by the French colonial and independent socialist states It shows how socialist policies especially changed the face of the highlands as settlers from the plains turned the hills red **Old Saybrook** Barbara J. Maynard,Tedd Levy,2010 Named Saybrook after two early patentees Lord Saye and Sele and Lord Brook the small community of Old Saybrook has been shaped by its notable history and distinct geographical location at the mouth of the Connecticut River Deeply rooted in farming and fishing the town became a summer resort and tourist destination by the 1900s Through the years Old Saybrook s residents have made important contributions in government literature film architecture education science and technology **Publications Relating to Various Aspects of Communism** ,1946 **One Day That Shook the Communist World** Paul Lendvai,2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai s breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events **The French Revolution and Napoleon** Jean-Jacques Rousseau,Alexis de Tocqueville,Montesquieu,Charles Downer Hazen,2023-11-20 In The French Revolution and Napoleon readers are presented with a rich tapestry of reflections and analyses from some of the most influential thinkers of the 18th and 19th

popular and hugely significant topic introducing a bold interpretation of the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution These were issues that occupied the minds and helped shape the actions of women and men from the pornographic pamphlets about queen Marie Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside The people who lived through the French Revolution were surrounded by messages about gender sex religion and faith concerns which did not exist outside of the events of the Revolution This book is an essential resource for students of the French Revolution History of Catholicism and Women and Gender

Israel and the European Left Colin Shindler, 2011-12-22 Why has the European Left become so antagonistic towards Israel To answer this question Colin Shindler looks at the struggle between Marxism Leninism and Zionism from the October Revolution to today Is such antagonism in opposition to the policies of successive Israeli governments Or is it due to a resurgence of anti-Semitism The answer is far more complex Shindler argues that the new generation of the European Left was more influenced by the decolonization movement than by wartime experiences which led it to favor the Palestinian cause in the post 1967 period Thus the Israeli drive to settle the West Bank after the Six Day war enhanced an already existing attitude but did not cause it Written by a respected scholar this accessible and balanced work provides a novel account and analytical approach to this important subject Israel and the European Left will interest students in international politics Middle Eastern studies as well as anyone who seeks to understand issues related to today's Left and the Arab Israeli conflict
