Bureau of Labor Statistics, 1956 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Phraseology and Culture in English** Paul Skandera, 2008-08-22 The proposition that there is a correlation between language and culture or culture specific ways of thinking can be traced back to the views of Herder and von Humboldt in the late 18th and early 19th centuries It is generally accepted today that a language especially its lexicon influences its speakers cultural patterns of thought and perception in various ways for example through a culture specific segmentation of the extralinguistic reality the frequency of occurrence of particular lexical items or the existence of keywords or key word combinations revealing core cultural values The aim of this volume is to explore the cultural dimension of a wide range of preconstructed or semi preconstructed word combinations in English The 17 papers of the volume are divided into four sections focusing on particular lexemes e g enjoy and its collocates types of word combinations e g proverbs and similes use related varieties such as the language of tourism or answering machine messages and user related varieties such as Aboriginal English or African

English The sections are preceded by a prologue tracing the development of the study of formulaic language and followed by an epilogue which draws together the threads laid out in the various papers The relation between language and culture in general has been explored in a number of important works over the past ten years However the study of the relation between English phraseology and culture in particular has been largely neglected This volume is the first book length publication devoted entirely to this topic Closure Bruce Eberts,2023-06-15 In 1984 the students at Tear Falls High School in Northern Ontario were terrorized by a group of four bullies who used any means possible to exert control over their peers Their favorite targets were four best friends Kevin Doug Art and Nelson and the abuse was relentless Nearly forty years later Kevin has died by suicide and Doug is diagnosed with a fatal disease Now living in Southern Ontario the three men try to move forward with an exciting new business venture but the trauma of these recent events causes old high school memories to resurface How much did the abuse impact who the men became Have they overcome their anger and their shame One day the men read in the newspaper that one of their high school bullies has been murdered Hamilton detective Tim Bennet begins to investigate uncovering a disturbing detail about the way the victim died In a matter of months a second and then a third bully is murdered Who is executing these men and why are they leaving such an alarming calling card Is there time to catch the killer and save the fourth man in the group of bullies the kingpin Or will his death finally bring closure Soft Focus Jayne Ann Krentz,2000-10-01 With her hallmark blend of sparkling style and wit intricate suspense and steamy passion Jayne Ann Krentz is truly one of a kind One of today s premier storytellers she has more than twenty three million copies of her novels in print Now the phenomenal New York Times bestselling author spins her latest scintillating tale a story of two people bound together by that most binding of ties a business contract Elizabeth Cabot is all business She knows how to maximize her investments and cut her losses in both her career and her personal life So when she discovers that Jack Fairfax has deceived her she s determined to end their relationship Putting a stop to their budding romance is easy But breaking up their business deal will be more difficult Despite all her efforts she has no luck disentangling herself from Jack s client company Excalibur But the situation becomes even more strained when a new obstacle emerges a lethal act of sabotage that could put both of them out of business for good Elizabeth is no fool If she can help Jack save Excalibur she ll recoup her substantial investment plus millions in profit Putting her emotions aside she insists on helping him search for the scientist who s disappeared with a valuable new crystal that could revolutionize the high tech industry She ll go in solve the problem and get out The trail leads Elizabeth and Jack to a fringe film festival but their goal is as elusive as the shadowy black and white images from classic noir films Life starts to imitate art and double dealing seems to be the name of the game For these business adversaries turned reluctant partners keeping an eye on each other and the lid on a sizzling attraction seems the only insurance against further treachery But with millions at stake trust can turn to betrayal in the blink of an eye Dr. Abravanel's Body Type Diet and Lifetime Nutrition Plan Elliot D.
