Cornelius Tacitus

Long Year A D 69:

AD69 Nic Fields,2014-03-31 The author of God s Viking brings to life a period in Roman history that provides many twists and turns as Rome emerged from the period of rule by Nero Firetrench With the death of Nero by his own shaky hand the ill sorted ill starred Julio Claudian dynasty came to an ignominious end and Rome was up for the taking This was 9 June AD 68 The following year commonly known as the Year of the Four Emperors was probably one of Rome s worst In all previous successions the new emperor had some relation to his predecessor but the psychotic and paranoid Nero had done away with any eligible relatives The new emperor had to secure his legal position and authority with regards to the Senate and to the army as well as to those who had a vested interest in the system the Praetorian Guard Because imperial authority was ultimately based on control of the military a player in the game of thrones had to gain an unshakable command over the legions Of course this in turn meant that the soldiers themselves could impose their own choice It was to take a tumultuous year of civil war and the death of three imperial candidates before a fourth candidate could come out on top remain there and establish for himself a new dynasty Nic Fields narrates the twists and turns and the military events of this short but bloody period of Roman history We appear to meet more people than the cast of Game of Thrones with about the same mortality rate but with the added bonus of this being history not fiction hugely entertaining Miniature Wargames Magazine

The Long Year A.D. 69 Kenneth Wellesley,1989 **Egypt, Greece, and Rome** Charles Freeman,2014-03 Regarded as one of the best general histories of the ancient world it is written for the general reader and the student coming to the subject for the first time and provides a reliable and highly accessible point of entry to the period The 3rd edition has been extensively revised with several chapters rewritten and a wealth of new material added **Annals and Histories**

Tacitus,2009-10-06 The complete historical works of the greatest chronicler of the Roman Empire in a wholly revised and updated translation A brilliant narrator and a master stylist Tacitus served as administrator and senator a career that gave him an intimate view of the empire at its highest levels and of the dramatic violent and often bloody events of the first century In the Annals he writes about Augustus Caesar s death and observes the inner workings of the courts of the emperors Tiberius and Nero In the Histories he describes an empire in tumult four emperors reigning in one year each overthrown by the next The Agricola a biography of Tacitus s father in law Julius Agricola the most celebrated governor of Roman Britain is the first detailed account of the island that would eventually rule over a quarter of the earth And in the Germania the famed warrior barbarians of ancient Germany come richly to life **The Romans and Their World** Brian Campbell,2020-10-07 A concise and accessible account of one of the largest longest lasting and most influential empires in world history ancient Rome This one volume history of the Roman world begins with the early years of the republic and carries the story nearly a thousand years forward to 476 when Romulus Augustus the last Western Roman emperor was deposed Brian Campbell respected scholar and teacher presents a fascinating and wide ranging introduction to Rome

drawing on an array of ancient sources and covering topics of interest to readers with little prior background in Roman history as well as those already familiar with the great civilization Campbell explores several themes including the fall of the republic the impact of colorful and diverse emperors on imperial politics the administrative structure of empire and the Roman army and how warfare affected the Roman world He also surveys cultural and social life including religion and the rise of Christianity Generously enhanced with maps and illustrations this book is a rich and inspiring account of a mighty civilization and the citizens who made it so A lucid survey of Roman history Adam Kirsch New Yorker One of the great joys of Campbell's unfailingly readable account is the readiness with which it returns to the Roman record drawing on ancient sources to give a lively and immediate feel for Roman life and culture Michael Kerrigan Scotsman Campbell masterfully discusses military affairs as expected from this scholar Excellent translations of ancient sources enliven the text Rare will be the scholar who also does not learn from Campbell P B Harvey Jr Choice *Dio: the Julio-Claudians* Jonathan Edmondson, 2023-10-19 Selections from Cassius Dio's account of the Julio Claudians in new English translations to support ancient history students *The Histories* Cornelius Tacitus, 1999 The story I now commence is rich in vicissitudes grim with warfare torn by civil strife a tale of horror even during times of peace Edward Gibbon called *The Histories* an immortal work every sentence of which is pregnant with the deepest observations and the most lively images Its author Cornelius Tacitus widely acknowledged as the greatest of all Roman historians describes with cynical power the murderous Year of the Four Emperors AD 69 when in just a few months the whole of the Roman Empire was torn apart by civil war The ultimate triumph of Vespasian and his sons Titus and Domitian was only the prelude to further conflicts and disasters with revolts among the Germans and Jews challenging the very foundations of Roman authority W H Fyfe's classic translation has been substantially revised to accord with modern scholarship and supplied with extensive historical and literary notes The Introduction provides an essential guide to understanding the subtleties of Tacitus writing and sets the historical scene with a succinct account of the political and social background to the Imperial Roman state Maps of the Roman Empire and a Glossary of Place Names complete this valuable edition **The Dragon and the Eagle** Sunny Auyang, 2014-12-18 This stimulating uniquely organized and wonderfully readable comparison of ancient Rome and China offers provocative insights to students and general readers of world history The book's narrative is clear completely jargon free strikingly independent and addresses the complete cycles of two world empires The topics explored include nation formation state building empire building arts of government strategies of superpowers and decline and fall **Roman Special Forces and Special Ops** Simon Elliott, 2023-06-30 Much has been written about the Roman army and the mighty legions that conquered their empire and then defended it for centuries against all comers But little has been written about the men and units employed when something more subtle than the march of legions into pitched battle was required This is the only book available dedicated to Roman special ops and the role of the *Speculatores* *Exploratores* *Protectores* and *Areani* Simon Elliott reveals the kinds of

special operations conducted by the Romans tactical scouting ahead of the legions covert strategic reconnaissance in neighboring states espionage assassination or abduction of dissidents and enemies counter insurgency and close protection of Roman officials and commanders While such missions were frequently executed by ad hoc units or individuals detailed for that specific mission the author goes on to reveal the evidence for the aforementioned specialist units He concludes with an analysis of the extent to which these various forces corresponded to a modern conception of Special Forces These men were the eyes and ears of the Empire the deadly tip of the Roman sword

The Oxford History of the Roman World John Boardman, Jasper Griffin, Oswyn Murray, 2001-09-27 In less than fifty three years Rome subjected most of the known world to its rule This authoritative and compelling work tells the story of the rise of Rome from its origins as a cluster of villages to the foundation of the Roman Empire by Augustus to its consolidation in the first two centuries CE It also discusses aspects of the later Empire and its influence on Western civilization not least of which was the adoption of Christianity Packed with fascinating detail and written by acknowledged experts in Roman history the book expertly interweaves chapters on social and political history the Emperors art and architecture and the works of leading Roman poets historians and philosophers Reinforcing the book s historical framework are maps diagrams a useful chronology and a full bibliography Taken as a whole this rich work offers an indispensable resource on the history of one of the world s greatest empires

The Oxford Illustrated History of the Roman World John Boardman, Jasper Griffin, Oswyn Murray, 2001-01-18 This book tells the story of the rise of Rome from its origins as a cluster of villages to the foundation of the Roman Empire by Augustus and its consolidation in the first two centuries AD It also discusses some aspects of the later Empire and its influence on western civilizations not least through the adoption of Christianity

Nero David Colin Arthur Shotter, 2005 The reign of Nero is often judged to be the embodiment of the extravagance and the corruption that have for many come to symbolise ancient Rome David Shotter provides a reassessment of this view in this accessible introduction to Nero emperor of Rome from 54 to 68 AD All the major issues are discussed including Nero s early life and accession to power Nero s perception of himself Nero s domestic and international policies the reasons for Nero s fall from power and its aftermath This new edition has been revised throughout to take account of recent research in the field

Imperial Ideology and Provincial Loyalty in the Roman Empire Clifford Ando, 2013-08-29 The Roman empire remains unique Although Rome claimed to rule the world it did not Rather its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates Moreover the empire created this culture with a bureaucracy smaller than that of a typical late twentieth century research university In approaching this problem Clifford Ando does not ask the ever fashionable question Why did the Roman empire fall Rather he asks Why did the empire last so long Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified This consensus was itself the product of a complex conversation between the central

government and its far flung peripheries Ando investigates the mechanisms that sustained this conversation explores its contribution to the legitimation of Roman power and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse Throughout his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber Jürgen Habermas and Pierre Bourdieu

A Psychoanalytic History of the Jews Avner Falk, 1996 This includes the evolution of the Hebrew religion as a projective response to the inner conflicts produced by the human family the sociopsychological development of the Israelite kingdoms in Canaan the fascinating duality of Jewish life in the Diaspora and the emotional ties of the Jews to their idealized motherland from the Babylonian exile to modern political Zionism

Tacitus Ronald H. Martin, 1981-01-01

Clement and the Early Church of Rome Rev Thomas J Herron, Thomas J. Herron, 2010-12 Clement of Rome's First Epistle to the Corinthians one of the very few Christian texts having survived from the first century is a supremely valuable historical document Modern scholars affirm as much although many have called into question whether Clement was a direct disciple of Sts Peter and Paul arguing instead that he lived and wrote many decades after the martyrdom of the apostles In the groundbreaking *Clement and the Early Church of Rome* On the Dating of Clement's First Epistle to the Corinthians Msgr Thomas J Herron presents his rigorously researched conclusions and sketches out the significance of his findings Clement's Epistle stands as an early example of the exercise of hierarchical and Roman authority in the Church It is a disciplinary letter addressed with confident authority to a distant Church About the Author Msgr Thomas J Herron served for many years as an official of the Vatican Congregation for the Doctrine of the Faith He was the English language secretary for Cardinal Joseph Ratzinger who later became Pope Benedict XVI Msgr Herron held a doctorate in biblical theology from the Pontifical Gregorian University in Rome Later in life he taught at St Charles Borromeo Seminary and served as a pastor in Philadelphia He died of pancreatic cancer in 2004

Endorsements His methods are rigorous His writing is clear and unflinchingly honest His tone is modest Nevertheless his conclusions are stunning He argues very persuasively for the earlier dates and then he proceeds to sketch out the significance of the early dating for history theology and apologetics Did he succeed Well his work has been cited as authoritative by scholars as illustrious as Cardinal Joseph Ratzinger And His Holiness Pope Benedict XVI is certainly not alone Scott Hahn Bestselling Author and Popular Speaker I am dependent upon the brilliant analysis by Thomas J Herron Dr Clayton Jefford St Meinrad School of Theology author of *The Apostolic Fathers and the New Testament*

Tacitus Reviewed Anthony John Woodman, 1998 Tacitus writing early in the second century AD is acknowledged to be ancient Rome's greatest historian his *Annals* describing the emperors from Tiberius to Nero AD 14-68 is his greatest work This book gathers together Professor Woodman's writings on Tacitus over the past twenty five years focusing almost exclusively on the *Annals* He starts from and argues for the basic premiss that as a historian Tacitus must be seen in ancient rather than in modern terms The *Annals* is a literary text of immense subtlety and acknowledged difficulty and complexity it is also a very familiar text

read and reread by generations of scholars who want to find out about the Roman empire One of Professor Woodman's principal contentions is that through familiarity these readers have misread significant passages of the text thereby gaining and perpetuating a distorted view of what Tacitus has to say especially about Tiberius This distorted view is revealed and the true meaning disclosed by minute and detailed literary analysis The author offers radically new or different interpretations of some of the most famous passages the murder of Agrippa Postumus the notorious accession debate of Tiberius Tacitus statement of the so called highest function of history Tiberius obituary Nero's debauched water borne party and the Pisonian conspiracy against Nero in AD 65 There is also discussion of major narrative sections of Books 1 and 4 concentrating on such matters as structure vivid representation imitation and allusion and dramatic and generic manipulation of the narrative The new interpretations have profound implications for those who wish to use Tacitus Annals as a source for what happened in the first century AD

The Cambridge History of Greek and Roman Warfare Philip Sabin,Hans van Wees,Michael Whitby,2007-12-06 Second volume of a systematic and up to date account of Roman warfare from the Late Republic to Justinian

Emperors Don't Die in Bed Fik Meijer,2004-07-31 A lively general introduction to the Roman Emperors from Julius Ceasar 44BC to Romulus Augustulus 476 AD the last western Emperor Focusses on their unusual deaths and what their final days can tell us about their lives

Following Hadrian Elizabeth Speller,2004-10-14 One of the greatest and most enigmatic Roman emperors Hadrian stabilized the imperial borders established peace throughout the empire patronized the arts and built an architectural legacy that lasts to this day the great villa at Tivoli the domed wonder of the Pantheon and the eponymous wall that stretches across Britain Yet the story of his reign is also a tale of intrigue domestic discord and murder In *Following Hadrian* Elizabeth Speller illuminates the fascinating life of Hadrian rule of the most powerful empire on earth at the peak of its glory Speller displays a superb gift for narrative as she traces the intrigue of Hadrian's rise making brilliant use of her sources and vividly depicting Hadrian's bouts of melancholy his intellectual passions his love for a beautiful boy whose death sent him into a spiral and the paradox of his general policies of peace and religious tolerance even as he conducted a bitter three year war with Judea Most important the author captures the emperor as both a builder and an inveterate traveler guiding readers on a grand tour of the Roman Empire at the moment of its greatest extent and accomplishment
