Look Over Your Shoulder:

Looking Over Your Shoulder P.D. Workman, 2014-09-01 A peaceful life shatters under the weight of suspicion Things were going well for Abe Despite all of his past struggles with mental illness he was happily married had three wonderful children a nice home and a fantastic consulting business that satisfied his creativity and brought in a good income But you can never get too comfortable When Abe becomes a prime suspect in a jewel heist one of the largest successful jewel heists in history his schizophrenia becomes unmanageable and everything begins to spiral out of control Abe s own investigation into the heist has the jewel thieves hot on his tail but are they really or is he just losing the battle against his inner demons I really liked the description of mental illness in this book and living with a person like that I m a nurse not a specialist in a psychiatry but from what I know it is pretty accurate portrayal of a schizophrenic person The mystery alone was very compelling I only guessed half of the riddle so the reveal at the end surprised me It was a great novel Another great thing about this book was the main character Abe He was a likeable star at least in my opinion He has playful banters with his children and the schizophrenia part of his character was done very well Will he uncover the truth before it s too late This compelling tale masterfully weaves themes of mental health with a riveting mystery that keeps readers guessing until the very last page Don t miss out on this thought provoking thriller that invites you into Abe s world a place where love and fear intertwine Click to begin your journey through this unforgettable tale filled with suspense emotional depth and shocking revelations Keywords mystery jewel heist schizophrenia mental illness bipolar paranoia family drama ocd allergies foodie addiction substance abuse depression divorce

Impressions and Reflections Peter Chapel, 2014-06-16 My song lyrics were a consequence of being a captive in my automobile twice a month from 1978 to 1981 while driving eight hours at a stretch mostly at night This opportunity to reminisce made me recall incidents and people who for one reason or another left an indelible impression on my mind With a small cassette tape recorder by my side I decided one day to express my thoughts memories and feelings As the words formed phrases and sentences they fell into a rhythm and evolved into melodies that became my form of self expression for about two years I never tried consciously to be poetic or profound Writing in the first person singular seemed the easiest way to go Taking advantage of poetic license it worked well even when I personally had the experience only as an observer Because I have had no musical training I depended on a friend to transcribe the songs from tape to lead sheet form and piano accompaniment Where I used real names the songs were intended to be a tribute to the persons Where a fictitious name was used it was no less a tribute
