Looking After Insects And Other Small Creatures:

Looking After Insects (and Other Small Creatures), 1975 Therapeutic Approaches in Work with Traumatized Children and Young People Patrick Tomlinson, 2004-07-15 Therapeutic Approaches in Work with Traumatized Children and Young People provides a clear and comprehensive link between theory and practice The author shows how practice in residential child care fostering and other areas of work with children can be developed in a way that is thoughtful and underpinned by a sound theoretical base *Small Creatures and Ordinary Places* Allen M. Young, 2000-11-07 Small Creatures and Ordinary Places reveals to us the beauty and value of hornets bats katydids mice cicadas and other tiny dwellers in our own backyards Young a renowned expert on butterflies and cicadas of the American tropics records in these charming essays his keen observations of the natural world as he walks through an urban woods near the Lake Michigan shore or sits on his deck facing his backyard or gazes at a field of corn stubble in autumn He invites us to venture into our own yards neighborhood parks fields and forests and pause there to look and to listen Small creatures have unique and interesting stories to tell us Young points out Their brief life cycles illustrate the intricate workings of a bigger clock driving the seasons and they dominate the larger web of life in which humans are but a strand Far too often they are ignored taken for granted reviled or misunderstood Even now Young writes as we move into a new millennium as a species and the technological pace of our existence further quickens we can gain much from appreciating nature close at hand despite how steadily it is being pushed aside Partners and Parents Michael Chinery, 2000 Tropical rainforests cover only about 6% of the earth's surface yet they are home to more than half the world's species This book looks at the biology and behaviour of rainforest animals and people describing how they live together in harmony and balance and how vital they are to the wellbeing of the whole world It is one of a series of books which aims to provide an understanding of the unique ecosystems of the rainforest It describes the amazing plants and animals and how they interact and addresses local and global environmental and conservation issues
