Lane,2021-05-06 In Understanding Religion through Artificial Intelligence Justin E Lane looks at the reasons why humans feel they are part of a religious group despite often being removed from other group members by vast distances or multiple generations To achieve this Lane offers a new perspective that integrates religious studies with psychology anthropology and data science as well as with research at the forefront of Artificial Intelligence AI After providing a critical analysis of approaches to religion and social cohesion Lane proposes a new model for religious studies which he calls the Information Identity System This model focuses on the idea of conceptual ties links between an individual s self concept and the ancient beliefs of their religious group Lane explores this idea through real world examples ranging from the rise in global Pentecostalism to religious extremism and self radicalization to the effect of 9 11 on sermons Lane uses this lens to show how we can understand religion and culture today and how we can better contextualize the changes we see in the social world around us **Atlas of Religion in China: Social and Geographical Contexts** Fenggang Yang,2018-09-04 The speed and

the scale with which traditional religions in China have been revived and new spiritual movements have emerged in recent decades make it difficult for scholars to stay up to date on the religious transformations within Chinese society This unique atlas presents a bird s eye view of the religious landscape in China today In more than 150 full color maps and six different case studies it maps the officially registered venues of China s major religions Buddhism Christianity Protestant and Catholic Daoism and Islam at the national provincial and county levels The atlas also outlines the contours of Confucianism folk religion and the Mao cult Further it describes the main organizations beliefs and rituals of China s main religions as well as the social and demographic characteristics of their respective believers Putting multiple religions side by side in their contexts this atlas deploys the latest qualitative quantitative and spatial data acquired from censuses surveys and fieldwork to offer a definitive overview of religion in contemporary China An essential resource for all scholars and students of religion and society in China

Urban Religion Jörg Rüpke, 2020-02-24 So far religion has been seen as cause for dramatic developments in the history of cities it has contributed to the monumentalisation of centres and or has given importance to ex centric places Very recently anthropologists have been discovering religion in the contemporary global city But still awaiting historical investigation is the specific urban character of religious ideas practices and institutions and the role of urban space shaping this very religion in the course of history The time span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of religion and witnessed extended waves of urbanisation Rome being central to this In addressing this problem this book fills a significant gap in the scholarship on urban religion across time Taking seriously the proposition that space is condition medium and outcome of social relations the development of urban religion in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism The key thesis is that city space engineered the major changes that revolutionised religions This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life R pke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite Monica L Smith author of *Cities The First 6 000 Years* J rg R pke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled *Urban Religion* offers no single overarching thesis but it is consistently thought provoking and suggests many intriguing lines of investigation for the future Greg Woolf Institute of Classical Studies London

Islamic Modernism and the Re-Enchantment of the Sacred in the Age of History Monica M. Ringer, 2020-09-04 This book studies the complex relationship of religion to modernity and argues that modernity should be understood as the consequence not the cause of the new intellectual landscape of the 19th century Shows how the adoption of historicism in the 19th century engendered Islamic modernism as a theological reform movement

State of the Field and Disciplinary Approaches André Laliberté, Stefania Travagnin, 2019-08-05 The three volume project *Concepts and Methods for the Study of Chinese Religions* presents a history of the study of Chinese religions. It evaluates the current state of scholarship, discusses a variety of analytical approaches and theories about methodology, epistemology and the ontology of the field. The three books display an interdisciplinary approach and offer debates that transcend national traditions. It engages with a variety of methodologies for the study of East Asian religions and promotes dialogues with Western and Chinese voices. This volume covers successive historical stages in the study of religion in modern China, draws out the genealogy of major figures and intellectual achievements in a variety of research traditions and highlights as well the challenges and evolutions experienced by the main disciplines in the last 30 years. This volume serves as a reference for graduate students and scholars interested by religions in modern Chinese societies i.e. mainland China, Taiwan, Hong Kong and Chinese communities overseas. Using a wide range of methods from textual analysis to fieldwork, it presents case studies via the disciplines of religious studies, anthropology, sociology, history and political science.

The Oxford Handbook of Mission Studies Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology, history and methodology of the propagation of Christian faith and the engagement of Christians with cultures, religions and societies worldwide. It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents. It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments. The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical, evangelical, Catholic and Orthodox sources and by a spate of academic works on the topic. Western church leaders now apply insights from foreign missions such as inculturation, liberation, interfaith work and power encounter to today's multicultural societies. Meanwhile, there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere. Therefore, this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements. In a time of growing recognition of religions more generally, this work examines and theorizes the missional dimensions of the world's largest religion, its agendas, growth, outreach, role in public life, effect on cultures, relevance for development and its approaches to other communities.

Religion, Spirituality and the Near-Death Experience Mark Fox, 2003-12-16 This dramatic and sustained response to decades of research into near-death experiences (NDEs) is the first book to credibly bridge the gap between the competing factions of science and spirituality. Neither a religious argument touting NDEs as hard evidence for God nor a scientific rebuke to religious interpretations, it balances investigation of these much-reported yet baffling phenomena and brings fresh urgency to the study of our hopes for a life beyond.

The Key to the Qigong Meditation State Tianjun Liu, 2016-12-21 Focusing on Rujiing, the meditation state fundamental to Qigong

meditation this ground breaking book looks at the practice from the perspective of psychology and cognitive science It describes what happens in mind and body during meditation and how to reach the state of Rujing An Introduction to the Sociology of Religion Inger Furseth,Pål Repstad,2023-09-05 What are religion and nonreligion How do fundamentalism and religious radicalization emerge and grow How do social class gender sexuality race ethnicity and other factors affect religious beliefs practices and organizations Is religion a fundamental driving force or do political leaders use religion for their own purposes In exploring these pertinent questions An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Theoretical discussion is accompanied by presentations of empirical research from several religious traditions in many parts of the world The sociology of religion is linked closely to developments in general sociology Some chapters are organized according to topic while others offer brief presentations of classical and contemporary sociologists from Karl Marx to Patricia Hill Collins and their perspectives on social life including on religion This second edition has been thoroughly updated throughout with new chapters on religion and social inequalities social and religious movements and extremism Covering classical sociology of religion as well as contemporary debates and topics this book is ideal reading for students approaching the sociology of religion for the first time *Liberation Theology for a Democratic Society* Heinrich Bedford-Strohm,2018 Public Theology is an indispensable dimension of the calling of the church As minister bishop and academic teacher Heinrich Bedford Strohm in this collection of articles in English language draws on a multitude of experiences in theological reflection as well as in pastoral praxis The contributions of this volume include fundamental reflections on the role of churches and religion in the public sphere But they also deal with issues of material ethics such as human rights economic justice overcoming violence ecology or interreligious dialogue The volume shows how theology can give moral guidance not only for the church but also for society as a whole **Introducing Theologies of Religion** Knitter, Paul F.,2014-04-10 An up to date accessible and comprehensive study of every major position taken by Christian churches and theologians on world religions and religious pluralism This volume shares insights into the positions of writers concerned with understanding Christianity among the worlds great religious traditions Avoiding tired labels of past debates Exclusivism Pluralism and Inclusivism Knitter suggest four different models Replacement Fulfillment Mutuality and Acceptance that more adequately link together thirteen ways of approaching and understanding the variety of the worlds religious expressions The Interior ,1893 Issues for Jan 12 1888 Jan 1889 include monthly Magazine supplement **Mimetic Theory and World Religions** Wolfgang Palaver,Richard Schenk,2017-11-01 Those who anticipated the demise of religion and the advent of a peaceful secularized global village have seen the last two decades confound their predictions Ren Girard s mimetic theory is a key to understanding the new challenges posed by our world of resurgent violence and pluralistic cultures and traditions Girard sought to explain how the Judeo Christian narrative exposes a founding murder at the origin of human civilization and demystifies the bloody sacrifices of archaic religions Meanwhile his

book *Sacrifice* a reading of conflict and sacrificial resolution in the Vedic Brahmanas suggests that mimetic theory's insights also resonate with several non Western religious and spiritual traditions This volume collects engagements with Girard by scholars of Judaism Christianity Islam Hinduism and Buddhism and situates them within contemporary theology philosophy and religious studies

Buddhist-Christian Dialogue as Theological Exchange Ernest M Valea, 2015-10-29 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections
