Looking Back and Thinking Forward Lillian Weber, 1997 This book is a forward looking rather than retrospective collection of the influential writings of Lillian Weber These essays many of which are being published here for the first time represent the mature thinking of a progressive educator who after 20 years of teaching young children initiated dramatic changes in the public schools of New York City This important text reclaims the importance of teachers being seen by themselves and by others as intelligent capable central and committed to children s growth confronts the issue of equity for minority students and shows how it can be interpreted in the approach both to curriculum and to the school s role in the community probes the meaning of educating all children and of what education should be in a democracy looks at the school teachers parents and community as elements of the ecology of the child s educative experience and offers an original approach to the question of morality in education
