Why I Love Money PRICELY FRANCIS, 2011-08-05 Why I Love Money runs boldly brazenly and assertively against the grain of conventional and religious wisdom on money and wealth Religious belief the author asserts has conditioned the Faithful to be poor by the negative and aggressive assaults on money wealth and the wealthy from the pulpit The author demonstrates that money can buy life health respect happiness fulfillment freedom salvation and a host of other intangible benefits Wealth is good Poverty is evil God is Life and Abundance and as long as people religious or not are hostile to the idea of wealth they will remain poor Why I Love Money reveals in brazen and biting frankness why the author loves money with much apology to the apostle Paul of course

Love, Money, and Parenting Matthias Doepke, Fabrizio Zilibotti, 2020-11-03 Doepke and Zilibotti investigate how economic forces shape how parents raise their children They show that in countries with increasing economic inequality such as the United States parents push harder to ensure their children have a path to security and success Economics has transformed the hands off parenting of the 1960s and 70s into a frantic overscheduled activity Growing inequality has also resulted in an increasing parenting gap between richer and poorer families raising the disturbing prospect of diminished social mobility and fewer opportunities for children from disadvantaged backgrounds The authors discuss how investments in early childhood development and the design of education systems factor into the parenting equation and how economics can help shape policies that will contribute to the ideal of equal opportunity for all From publisher description
