European Cities in the Modern Era, 1850-1914 Friedrich Lenger, 2012-08-17 In *European Cities in the Modern Era 1850-1914* Friedrich Lenger offers an account of Europe's major cities in a period crucial for the development of much of their present shape and infrastructure

Imperial Cities in the Tsarist, the Habsburg, and the Ottoman Empires Ulrich Hofmeister, Florian Riedler, 2023-08-24 This book explores the various ways imperial rule constituted and shaped the cities of Eastern Europe until World War I in the Tsarist Habsburg and Ottoman empires In these three empires the cities served as hubs of imperial rule their institutions and infrastructures enabled the diffusion of power within the empires while they also served as the stages where the empire was displayed in monumental architecture and public rituals To this day many cities possess a distinctively imperial legacy in the form of material remnants groups of inhabitants or memories that shape the perceptions of in and outsiders The contributions to this volume address in detail the imperial entanglements of a dozen cities from a long term perspective reaching back to the

eighteenth century They analyze the imperial capitals as well as smaller cities in the periphery All of them are imperial cities in the sense that they possess traces of imperial rule By comparing the three empires of Eastern Europe this volume seeks to establish commonalities in this particular geography and highlight trans imperial exchanges and entanglements This volume is essential reading to students and scholars alike interested in imperial and colonial history urban history and European history The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Paradox of Ukrainian Lviv Tarik Cyril Amar, 2015-11-17 The Paradox of Ukrainian Lviv reveals the local and transnational forces behind the twentieth century transformation of Lviv into a Soviet and Ukrainian urban center Lviv's twentieth century history was marked by violence population changes and fundamental transformation ethnically linguistically and in terms of its residents self perception Against this background Tarik Cyril Amar explains a striking paradox Soviet rule which came to Lviv in ruthless Stalinist shape and lasted for half a century left behind the most Ukrainian version of the city in history In reconstructing this dramatically profound change Amar illuminates the historical background in present day identities and tensions within Ukraine

The Routledge Handbook of Translation and the City Tong King Lee, 2021-06-27 The Routledge Handbook of Translation and the City is the first multifaceted and cross disciplinary overview of how cities can be read through the lens of translation and how translation studies can be enriched by an understanding of the complex dynamics of the city Divided into four sections the chapters are authored by leading scholars in translation studies sociolinguistics and literary and cultural criticism They cover contexts from Brussels to Singapore and Melbourne to Cairo and topics from translation as resistance to translanguaging and urban design This volume explores the role of translation at critical junctures of a city's historical transformation as well as in the mundane intercultural moments of urban life and uncovers the trope of the translational city in writing This Handbook is critical reading for researchers scholars and advanced students in translation studies linguistics and urban studies

Lviv's Uncertain Destination Andriy Zayarnyuk, 2020 This book re-examines the history of twentieth century Lviv by focusing on the city's main railway terminal It approaches the terminal as an embodiment of the city's built environment and a microcosm of society

Narrating the Sex Trade Tracie L. Wilson, 2025-09-30 Examining a range of sex trade accounts from state documents activist groups folk narratives and key figures in Polish Ukrainian and Yiddish literature this book applies new materialist perspectives to cultural history coloniality and imperialism in the study of Europe's eastern borderlands The text centers on late nineteenth and early twentieth century contexts with eastern Galicia and Lviv as its focal point However these narratives flow across time and space stretching back to the early modern period and continuing to the present across cities in the Americas in Asia and along the Mediterranean Sea The book addresses the convergence of sex trade stories with older narratives including links to early modern abduction accounts and antisemitic tropes It also examines the involvement of prominent activists whose personal lives contributed to

modern research in psychology and sexuality such as Bertha Pappenheim Anna O and Karl M Baer Its groundbreaking approach unsettling notions of center and periphery is relevant to study of a myriad of geographic contexts worldwide and to both historical analysis and present day situations This volume is intended for undergraduates postgraduates specialists and general readers interested in east central Europe gender coloniality imperialism migration technology and modernity narrative and literary studies and new materialist approaches

A Heretical History of Architecture Andrzej Piotrowski, 2024-12-09 A Heretical History of Architecture challenges the conventional understanding of significant developments in Western architecture as a series of alignments among dominant ideologies and artistic programs arguing instead that the most consequential changes in the evolution of artistic and design practices across Europe between the fifth and seventeenth centuries were motivated by tensions between local religious or cultural traditions and centralized power This groundbreaking study richly demonstrates the processes through which heterodox beliefs that persisted within numerous diverse communities resulted in design experimentation so syncretic that it has heretofore eluded scholars employing conventional Euro centric taxonomies of architectural styles

The City in Russian Culture Pavel Lyssakov, Stephen Norris, 2018-04-19 Cities are constructed and organized by people and in turn become an important factor in the organization of human life They are sites of both social encounter and social division and provide for their inhabitants a sense of place This book explores the nature of Russian cities outlining the role played by various Russian cities over time It focuses on a range of cities including provincial cities considering both physical iconic created cities and also cities as represented in films fiction and other writing Overall the book provides a rich picture of the huge variety of Russian cities

The Literary and Cultural Reception of Charles Darwin in Europe Thomas F. Glick, Elinor Shaffer, 2014-05-22 Beyond his pivotal place in the history of scientific thought Charles Darwin s writings and his theory of evolution by natural selection have also had a profound impact on art and culture and continue to do so to this day The Literary and Cultural Reception of Charles Darwin in Europe is a comprehensive survey of this enduring cultural impact throughout the continent With chapters written by leading international scholars that explore how literary writers and popular culture responded to Darwin s thought the book also includes an extensive timeline of his cultural reception in Europe and bibliographies of major translations in each country

Diversity in the East-Central European Borderlands Eleonora Fedor, Julie Narvselius, 2021-11-16 Built on up to date field material this edited volume suggests an anthropological approach to the palimpsest like milieus of Wroc aw Lviv Chernivtsi and Chi in u In these East Central European borderline cities the legacies of Nazism Marxism Leninism and violent ethno nationalism have been revisited in recent decades in search of profound moral reckoning and in response to the challenges posed by the post transitional period Present shapes and contents of these urban settings derive from combinations of fragmented material environments cultural continuities and political ruptures present day heritage industries and collective memories about the contentious past expressive architectural forms and less conspicuous meaning

making activities of human actors In other words they evolve from perpetual tensions between choices of the past and the burden of the past A novel feature of this book is its multi level approach to the analysis of engagements with the lost diversity in historical urban milieus full of post war voids and ruptures In particular the collected studies test the possibility of combining the theoretical propositions of Memory Studies with broader conceptualizations of borderlands cosmopolitan sociality urban mythologies and hybridity The volume s contributors are Eleonora Narvselius Bo Larsson Natalia Otrishchenko Anastasia Felcher Juliet D Golden Hana Cervinkova Pawe Czajkowski Alexandr Voronovici Barbara Pabjan Nadiia Bureiko Teodor Lucian Moga and Gaelle Fisher

The Jews in Poland and Russia Antony Polonsky, 2010-06-17 A comprehensive survey socio political economic and religious of Jewish life in Poland and Russia Wherever possible contemporary Jewish writings are used to illustrate how Jews felt and reacted to new situations and ideas

Three-Way Street Jay Howard Geller, Leslie Morris, 2021-03-11 As German Jews emigrated in the nineteenth and early twentieth centuries and as exiles from Nazi Germany they carried the traditions culture and particular prejudices of their home with them At the same time Germany and Berlin in particular attracted both secular and religious Jewish scholars from eastern Europe They engaged in vital intellectual exchange with German Jewry although their cultural and religious practices differed greatly and they absorbed many cultural practices that they brought back to Warsaw or took with them to New York and Tel Aviv After the Holocaust German Jews and non German Jews educated in Germany were forced to reevaluate their essential relationship with Germany and Germanness as well as their notions of Jewish life outside of Germany Among the first volumes to focus on German Jewish transnationalism this interdisciplinary collection spans the fields of history literature film theater architecture philosophy and theology as it examines the lives of significant emigrants The individuals whose stories are reevaluated include German Jews Ernst Lubitsch David Einhorn and Gershom Scholem the architect Fritz Nathan and filmmaker Helmar Lerski and eastern European Jews David Bergelson Der Nister Jacob Katz Joseph Soloveitchik and Abraham Joshua Heschel figures not normally associated with Germany Three Way Street addresses the gap in the scholarly literature as it opens up critical ways of approaching Jewish culture not only in Germany but also in other locations from the mid nineteenth century to the present

Everyday Zionism in East-Central Europe Jan Rybak, 2021-08-05 Everyday Zionism examines Zionist activism in East Central Europe during the years of war occupation revolution the collapse of empires and the formation of nation states in the years 1914 to 1920 Against the backdrop of the Great War its brutal aftermath and consequent violence the day to day encounters between Zionist activists and the Jewish communities in the region gave the movement credibility allowed it to win support and to establish itself as a leading force in Jewish political and social life for decades to come Through activists efforts Zionism came to mean something new Rather than being concerned with debates over Jewish nationhood and pioneering efforts in Palestine it came to be about aiding starving populations organizing soup kitchens establishing orphanages schools kindergartens and hospitals negotiating with the authorities and

leading self defence against pogroms Through this engagement Zionism evolved into a mass movement that attracted and inspired tens of thousands of Jews throughout the region Everyday Zionism approaches the major European events of the period from the dual perspectives of Jewish communities and the Zionist activists on the ground demonstrating how war revolution empire and nation held very different meanings for people depending on their local circumstances Based on extensive archival research the study shows how during the war and its aftermath East Central Europe saw a large scale nation building project by Zionist activists who fought for and led their communities to shape for them a national future

From Maimonides to Microsoft Neil Netanel, David Nimmer, 2016 From Maimonides to Microsoft traces the historical development of Jewish copyright law by comparing rabbinic reprinting bans with secular and papal book privileges and by relaying the stories of dramatic disputes among publishers of books of Jewish learning and liturgy He describes each dispute in its historical context and examines the rabbinic rulings that sought to resolve it Remarkably the rabbinic reprinting bans and copyright rulings address some of the same issues that animate copyright jurisprudence today Is copyright a property right or just a right to receive fair compensation How long should copyrights last What purposes does copyright serve While Jewish copyright law has borrowed from its secular law counterpart at key junctures it fashions strikingly different answers to those key questions *The Mobility-Security Nexus and the Making of Order* Heidi Hein-Kircher, Werner

Distler, 2022-07-21 The book explores the complex multi directional connections of the mobility security nexus in the re ordering of states empires and markets in historical perspective Contributing to a vivid academic debate the book offers in depth studies on how mobility and security interplay in the emergence of order beyond the modern state While mobilities studies migration studies and critical security studies have focused on particular aspects of this relationship such as the construction of mobility as a political threat or the role of infrastructure and security we still lack comprehensive conceptual frameworks to grasp the mobility security nexus and its role in social political and economic orders With authors drawn from sociology International Relations and various historical disciplines this transdisciplinary volume historicizes the mobility security nexus for the first time In answering calls for more studies that are both empirical and have historical depth the book presents substantial case studies on the nexus ranging from the late Middle Ages right up to the present day with examples from the British Empire the Russian Empire the Habsburg Empire Papua New Guinea Rome in the 1980s or the European Union today By doing so the volume conceptualizes the mobility security nexus from a new innovative perspective and further highlights it as a prominent driving force for society and state development in history This book will be of much interest to researchers and students of critical security studies mobility studies sociology history and political science

Crossing Central Europe Helga Mitterbauer, Carrie Smith-Prei, 2017-01-01 This volume studies elements of Austro Hungarian or Central European culture that were common across linguistic national and ethnic communities and shows how some of these commonalities survived or were transformed by the turmoil of the 20th century two world wars a major

depression between the wars Stalinism and the Iron Curtain The Jews in Poland and Russia: A Short History Antony Polonsky, 2013-09-26 A very readable and comprehensive overview that examines the realities of Jewish life while setting them in their political economic and social contexts **Intermarium** Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture
