

Microcomputers In Patient Care

Russell C. Swansburg

Microcomputers In Patient Care:

Microcomputers in Patient Care Henry S. Eden, Murray Eden, 1981 Consists of Papers Findings In Microcomputers Used in Medical Facilities Discusses a Microcomputer Based Intensive Care Monitor s Use In Hospitals Its Capabilites Includes a Glossary of Terms

Microcomputers in Health Care Management William W. Christensen, Eugene I. Stearns, 1990 Reflecting the more mature microcomputer environment of the 1990s this second edition addresses the issue of upgrading existing systems new and advanced features of the modern spreadsheet database management word processing and graphics software

The use of microprocessor-based, "intelligent" machines in patient care National Institutes of Health (U.S.). Biomedical Engineering and Instrumentation Branch, 1979

Microcomputers in Health Care Management William W. Christensen, Eugene I. Stearns, 1984

Third International Conference on System Science in Health Care W. van Eimeren, R. Engelbrecht, C. D. Flagle, 2012-12-06 In the early stages of planning the Third International Conference in System Science in Health Care the steering committee members most of whom had participated in the first conference in Paris 1976 and the second in Montreal 1980 made some basic decisions about organization of subject matter The earlier meetings had been very successful in bringing together specialists from the health professions and the traditional sciences In addition to physicians and nurses these were representatives of the disciplines of the behavioral sciences system theory economics engineering and the emergency fields of management science and informatics all concerned with the development of health resources in a broad system context The reported research and experience of the many disciplines represented had dealt with one or more of three concerns 1 a major health problem such as cardiovascular disease or an important popUlation at risk such as the elderly or children or workers 2 some generic aspect of organization and decision making including trial and evaluation of innovative health strategies and 3 the methodology of research and analysis in system of health service The challenge to the conference organizers lay in the eliciting and arranging of experiences in such a way that the health services could be seen as purposeful living evolving systems

Medical Applications of Microcomputers Philip D. Coleridge-Smith, John H. Scurr, 2012-12-06 Medical Applications of Microcomputers deals with microcomputer applications in a wide area of clinical medicine Recent developments are discussed in several clinical specialties including medicine surgery urology anaesthesia and oncology Topics include the storage of analysis of clinical audit data the display of processing of data from direct physiological measurements and computers in control of therapy The authors draw on their practical experience and knowledge of specific areas to which they have applied modern microcomputer techniques and give detailed descriptions of the means by which the problems that may be encountered may be overcome Those wishing to implement their own computer systems will find this book a useful further source of ideas and techniques which add to those described in the earlier volume *Microcomputers in Medicine* by the same editors

Cognitive Retraining Using Microcomputers Veronica A. Bradley, John L. Welch, Clive E. Skilbeck, 1993 The last decade has seen considerable development in the field of

neuropsychological rehabilitation following brain damage and the use of computerized methods has attracted attention and stimulated controversy This practically oriented text reviews representative examples from the literature relating to the training of cognitive systems with the emphasis on studies describing the use of computerized methods The topic is discussed in context and the contents include sections on cognitive change in neurological disorders assessment techniques the interaction between cognition and behaviour and the advantages and disadvantages of the use of microcomputers The authors describe the evaluation of a computerized cognitive retraining programme run at the Regional Neurological Centre in Newcastle upon Tyne and draw on their experience of running such programmes to give practical guidance to those wishing to set up cognitive retraining programmes

Management and Leadership for Nurse Managers Russell C. Swansburg, 1996 This edition of the highly acclaimed *Management and Leadership for Nurse Managers* offers theoretical and practical perspectives on the major management functions as they are practiced in today's organizations The author introduces current and future nurse managers to the challenges of planning organizing leading and controlling The most recent research on management theory is incorporated throughout the book in the context of its practical application New coverage includes total quality management pay for performance the rising temporary workforce and downsizing

Current Catalog National Library of Medicine (U.S.), 1992 *Medical Devices: Measurements, Quality Assurance, and Standards* Cesar Augusto Caceres, 1983 *Mini and Micro Computer Systems, Israel*, 1986 Systems Research in Health Care, Biocybernetics and Ecology G.E. Lasker, 2013-10-22 *Applied Systems and Cybernetics Volume IV Systems Research in Health Care Biocybernetics and Ecology* documents the proceedings of the International Congress on Applied Systems Research and Cybernetics This volume compiles papers that present several concepts of health care and reflect thinking in this field This book introduces various health care systems and models and then tackles some issues on managing the long term health care facility A special information system for public health is also described in this volume This text will be invaluable to those interested in systems research and its applications to a variety of fields including health care

Medical Informatics Europe 85 F.H. Roger, P. Grönroos, R. Tervo-Pellikka, R. O'Moore, 2012-12-06 The European Federation for Medical Informatics EFMI is a regional coordinating body for the National Informatics Societies of Europe EFMI has organized a number of congresses The Congresses in Cambridge 1978 Berlin 1979 Toulouse 1981 Dublin 1982 and Brussels 1984 were all successful in providing the wide variety of people in the caring and specialists in the computing profession with up to date information from the expanding multidisciplinary field of medical informatics We hope that the sixth European Congress on Medical Informatics MIE 85 in Helsinki will be equally successful You have in your hand the pre publication of papers to be presented at MIE 85 as well as the short abstracts of the posters The proceedings enable the participants to follow work presented at sessions that they are unable to attend It also provides a permanent record with relevant bibliography for workers in the field of medical computing All the papers have been refereed and the referees suggestions

incorporated in the final text Rapid publication using camera ready paper reduces the time required for editing and indexing The editorial board has worked hard to improve the standard of the communications and to reduce the number of errors Very few papers did not arrive in time to be included in the proceedings these are marked with in the table of contents U.S. *Government Software for Microcomputers* ,1993 Budgeting and Financial Management for Nurse Managers Russell C. Swansburg,1997 **Nursing Education: A Promising Market for Interactive Video** Christine Bolwell, RN MSN,1990-05-01 Provides and overview of the use and promise of interactive video for use in nursing education Includes the structure of nursing education and overview of the nursing education market and the growing use of microcomputers and interactive video Explores the economic pressures on hospitals nursing schools and how interactive video can address them Also discusses the barriers to implementation **Microcomputers in Medicine** Michael J. Geisow,Anthony N. Barrett,1987 The Use of Microprocessor-based "intelligent" Machines in Patient Care ,1979 **Medical Service Digest** ,1982 Handbook on Human Service Administration Jack Rabin,1988-05-27 Introducing theories and concepts essential for human services administration this book covers organization theory and management budgeting and financial management personnel administration and labor relations laws and regulations innovation and change and data administration and information systems The author explores bioethics and managing Babies Doe legal right to refuse treatment nursing home payments and more He applies important general concepts to specific concerns such as organizational structure and service delivery arrangements internal financial planning innovations in drug services delivery and implementing medical information systems
