New American Review Brenda Jackson, Penguin Books Staff, Ronald L McDonald, 1969-01-01 *American Physical Education Review*, 1925 Includes abstracts of magazine articles and Book reviews **A List of Current Periodicals in the Reading Room, June, 1902** John Crerar Library, 1902 *The American Booksellers Guide*, 1874 *The American Review of Reviews*, 1909 *The American Bookseller*, 1876 Book Review Digest, 1913 A List of Serials in the Principal Libraries of Philadelphia and Its Vicinity Free Library of Philadelphia, John Porter Lamberton, 1908 **Who Killed American Poetry?** Karen L. Kilcup, 2019-10-25 Throughout the 19th century American poetry was a profoundly populist literary form It circulated in New England magazines and Southern newspapers it was read aloud in taverns homes and schools across the country Antebellum reviewers envisioned poetry as the touchstone democratic genre and their Civil War era counterparts celebrated its motivating power singing poems on battlefields Following the war however as criticism grew more professionalized and American literature emerged as an academic subject reviewers increasingly elevated difficult dispassionate writing and elite readers over their supposedly common counterparts thereby separating authentic poetry for intellectuals from popular poetry for everyone else Conceptually and methodologically unique among studies of 19th century American poetry *Who Killed American Poetry* not only charts changing attitudes toward American poetry but also applies these ideas to the work of representative individual poets Closely analyzing hundreds of reviews and critical essays Karen L Kilcup tracks the century's developing aesthetic standards and highlights the different criteria reviewers used to assess poetry based on poets class gender ethnicity and location She shows that as early as the 1820s critics began to marginalize some kinds of emotional American poetry a shift many scholars have attributed primarily to the late century emergence of affectively restrained modernist ideals Mapping this literary critical history enables us to more readily apprehend poetry's status in American culture both in the past and present and encourages us to scrutinize the standards of academic criticism that underwrite contemporary aesthetics and continue to constrain poetry's appeal *Who American Killed Poetry* enlarges our understanding of American culture over the past two hundred years and will interest scholars in literary studies historical poetics American studies gender studies canon criticism genre studies the history of criticism and affect studies It will also appeal to poetry readers and those who enjoy reading about American cultural history **Literary Transcendentalism** Lawrence Buell, 2016-11-01 Broader in scope than any previous literary study of the transcendentalists this rewarding book analyzes the theories and forms characteristic of a vital group of American writers as well as the principles and vision underlying transcendentalism All the movement's major literary figures and forms are considered in detail Lawrence Buell combines intellectual history and critical explication giving equal attention to general trends and to particular works and individuals His chapters on conversation religious discourse catalog rhetoric and literary travelogue treat intensively topics that have been relatively neglected His analyses of Ellery Channing's poetry and the use of persona in Emerson and Very are

also innovative In the final section he offers the first systematic account of the autobiographical tradition in transcendentalist writing This incisive and sympathetic overview of transcendentalist writing and thought will attract readers interested in American culture and it will suggest new critical approaches to nonfiction
