Numerous Avalanches At The Point Of Intersection:

Numerous Avalanches at the Point of Intersection Geraldine Kudaka, 1979-01-01 A Study Guide for Hisaye Yamamoto's "Eskimo Connection" Gale, Cengage Learning, 2016-07-14 A Study Guide for Hisaye Yamamoto's *Eskimo Connection* excerpted from Gale's acclaimed *Short Stories for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Short Stories for Students* for all of your research needs. **Contemporary American Poetry** Lloyd M. Davis, 1985 Lists over 5200 titles of books published by American poets between 1973 and 1983. **The Forbidden Stitch** Shirley Lim, Mayumi Tsutakawa, Margarita Donnelly, 1989 This first U.S. anthology of work by Asian American women contains poetry, prose, and graphic art, and a section of reviews of previously published literature. These women, in contrast to their foremothers, repeatedly identify themselves through their art. Very often they do this by showing who they are: not male, not white. The works reveal their pride in their cultural heritage. ISBN 0 934971 10 2. *A Literary History of the American West* Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who, ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance. **A History of California Literature** Blake Allmendinger, 2015-05-19 This History explores the historical periods, literary genres, and cultural movements of California. **An Ear to the Ground** Marie Harris, Kathleen Aguero, 1989 A multicultural anthology of contemporary American poetry featuring works by over one hundred famous and lesser-known writers, including Gwendolyn Brooks, Sandra Cisneros, Simon Ortiz, and Ray A. Young Bear. **The Oxford Encyclopedia of American Literature** Jay Parini, 2004 The *Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the *Encyclopedia* lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby-Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The *Encyclopedia* also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The *Encyclopedia of American Literature* is an outstanding reference source for
