celibacy has been reclaimed by some feminists and sociologists over the last 20 years as a radical alternative in secular society to the liberal sexual lifestyle. What after all is sexual liberation when so often the outcome is pain and social chaos? In the context of promiscuity, sexual abuse and confusion, celibacy can herald a different sexual freedom. Jenny Taylor draws on personal experience and interviews with men and women of all ages to demonstrate the impact of the sexual revolution and to make a case for celibacy. She argues that celibacy is a viable alternative that deserves to be taken seriously and challenges the church to speak out for sexual abstinence with confidence and certainty.

Women Shaping Theology Mary Ann Hinsdale, 2006. In the 2004 Madeleva Lecture, Mary Ann Hinsdale uses the lens of her own life experience to tell the story of how visionary and prophetic women set in motion the important institutional structures that have allowed women to shape Catholic theology in North America over the past fifty years. She pays particular attention to issues and problems facing women theologians in the Catholic Church today, such as the implications of the changing demographics of women theologians, women's impact on the theological establishment, the reception of feminism and feminist theology by the hierarchy, and the unmet intercultural challenges posed by those on the margins, as well as women theologians' response to them. Coming at the beginning of a new papacy, Hinsdale's compelling narrative is especially timely for a consideration of the future of women in the Catholic Church.

Compassionate Love in Intimate Relationships Josiane M. Apollon, 2021-12-29. Drawing on interviews conducted with Black couples in the United States, this book explores relational resilience and identifies unique adaptation strategies that enable couples to overcome the multigenerational effects of violence and sexual mass trauma from slavery and activate compassionate love in flourishing relationships. By applying Appreciative Inquiry (AI) methodology and family systems theory, the book captures the spiritual, emotional, and sexual dimensions in Black couple systems that gives meaning to their resilient relationships in the context of contemporary America. Within the framework of compassionate love, the book highlights the need for researchers and clinicians to include the broader cultural contexts in their sexual trauma-informed studies and interventions. Using genetic studies and empirical evidence, the volume contributes significantly to discussion around Black relationships and historical trauma and to the broader challenges within race relations in the United States. This book will benefit researchers, academicians, and clinicians with an interest in sexual trauma, marriage and family therapy, and couples counseling more broadly. Readers will also find this book useful when designing research in Black studies, intergenerational issues, or sexual intimacy.
