Optimizing Women's Health through Nutrition Lilian U. Thompson, Wendy E. Ward, 2007-12-03 It is no surprise that women and men experience biological and physiological differences fundamentally and throughout the lifecycle What is surprising is that faced with such a self evident truth there should be so little consideration to date of how these differences affect susceptibility to disease and metabolic response to dietary treatment U For Mothers & Daughters Myron Winick, 1983-01-01 A nutrition guide for women focuses on the nutritional imbalances caused by the menstrual cycle reproduction oral contraceptives and menopause and explains how to alleviate such nutritional deficiencies **Women's empowerment and child nutrition in polygynous households of Northern Ghana** Bourdier, Tomoé, 2019-03-01 Weather shocks and other shocks affecting the economy of farm households often trigger a cascade of coping mechanisms from reducing food consumption to selling assets with potentially lasting consequences on child development In polygynous households in which a man is married to several women the factors that may aggravate or mitigate the impacts of such

adverse events are still poorly understood In particular little is known about the complex mechanisms through which women s empowerment may affect the allocation of household resources in the presence of more than one female decision maker Where polygyny is associated with discriminatory social norms co wives may have limited bargaining power which may translate into poorer outcomes for their children While competition between co wives may generate inefficiencies in the allocation of household resources cooperation in the domains of agricultural production or domestic labor may lead to economies of scale and facilitate informal risk sharing The rank of each co wife may also have a strong influence on the welfare of her own children relative to other children Using the Feed the Future Ghana Population Survey data I investigate the relationship between polygyny and children s nutrition and how it may be mediated through women s bargaining power Using the age of each co wife as a proxy for rank I also study how the senior wife status of a mother may influence her children s nutrition outcomes Women's Health Care in Advanced Practice Nursing, Second Edition Ivy M.
