Routes to Reform Ben Ross Schneider, 2024-02-27 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations The key to sustained and equitable development in Latin America is high quality education for all However coalitions favoring quality reforms in education are usually weak because parents are dispersed business is not interested and much of the middle class has exited public education In Routes to Reform Ben Ross Schneider examines education policy throughout Latin America to show that reforms to improve learning especially making teacher careers more meritocratic and less political are possible Several Andean countries and state governments in Brazil achieved notable reform since 2000 though on markedly different trajectories Although rare the first bottom up route to reform was electoral The second route was more top down and technocratic with little support from voters or civil society Ultimately by framing education policy in a much broader comparative perspective Schneider demonstrates that contrary to much established theory reform outcomes in Latin America depended less on institutions and broad coalitions but rather due to the emptiness of the education policy space on more micro factors like civil society organizations teacher unions policy networks and technocrats

The Obama Administration and Educational Reform Eboni M. Zamani-Gallaher, 2014-12-04 The Obama Administration and Educational Reform seeks to situate problematize and bring to light the goals accomplishments experienced blockades and disappointments of the Obama administration's educational policies

Aziabah,2018-07-09 This book comprises six main chapters and addresses the core research question How can the endurance of academic bias in Ghana s secondary education system be explained in the context of educational reform versus change of government concurrence Six sub questions have subsequently been derived from the core research question enabling a comprehensive and rigorous treatment of the subject matter of investigation The manuscript adopts an historical institutionalism approach combining path dependency with partisan theory in explicating structural persistence in the secondary school system in Ghana A case study methodological design procedure has been employed in the investigation of three episodes of educational reform anchored on qualitative content analysis as the main data reduction mechanism

Pathways to Academic Success in Higher Education Edward P. St. John,Glenda Droogsma Musoba,2010-07-02 Pathways to Academic Success in Higher Education examines two major challenges facing the nation preparing high school students for college and creating new pathways to academic success for underrepresented students in higher education

The Chinese Path Toward a Leaner Government Yining Li,Zhiqiang Cheng,2023-04-01 This book focuses on the administration streamlining aligned with the market oriented reform process in China The book is divided into two parts The first part clarifies why administration is necessary and important what it covers and how to deal with the relation between the central and the local governments The second part presents empirical analysis in specific areas including agricultural reform fiscal reform government reform and education reform and a series of decentralization reforms This book is a collective wisdom from Peking University and is edited by Chinese economist Yining Li *Balancing Change and Tradition in Global Education Reform* Iris C. Rotberg,2010-04-16 In Balancing Change and Tradition in Global Education Reform Rotberg brings together examples of current education reforms in sixteen countries written by insiders This book goes

beyond myths and stereotypes and describes the difficult trade offs countries make as they attempt to implement reforms in the context of societal and global change In some countries reforms are a response to major political or economic shifts in others they are motivated by large upsurges in immigration and increased student diversity Irrespective of the reasons for education reform all countries face decisions about resource allocation equality of educational opportunity across diverse populations access to higher education student testing and tracking teacher accountability school choice and innovation The essays in this volume reveal the policy choices about the school reforms made by countries throughout the world the consequences associated with these choices the role that societal values historical antecedents and political structures play in facilitating or constraining reform *Balancing Change and Tradition in Global Education Reform* is an invaluable resource for policymakers faculty students and anyone interested in how decisions made about the education system ultimately affect the quality of education educational access and social justice

Education Reform as Political Theater Elena Aydarova,2019-10-01 An ethnography of Russian teacher education reforms as scripted performances of political theater Around the world countries undertake teacher education reforms in response to international norms and assessments Russia has been no exception Elena Aydarova develops a unique theatrical framework to tell the story of a small group of reformers who enacted a major reform to modernize teacher education in Russia Based on scripts circulated in global policy networks and ideologies of national development this reform was implemented despite great opposition but how Drawing on extensive ethnographic material Aydarova teases out the contradictions in this process *Teacher Education Reform as Political Theater* reveals how the official story of improving education obscured dramatic and ultimately socially conservative changes in the purposes of schooling the nature and perception of teachers work and the design of teacher education Despite the official rhetoric Aydarova argues modernization reforms such as we see in the Russian context normalize social inequality and put educational systems at the service of global corporations As similar dramas unfold around the world this book considers how members of scholarly communities and the broader public can respond to reformers stories of crises and urgent calls for reform on other national stages This book provides an unprecedented ethnographic look into the making of national education policy The setting amazingly is Russia but the volume raises questions about how ideas become policy in other nations as well It is thus a highly provocative and fascinating case study that should get the attention of anyone interested in national and global education policymaking Kathryn Anderson

Levitt coeditor of *Comparing Ethnographies Local Studies of Education Across the Americas* **Building a Unified Teacher Licensing System: Policies, Education Reforms, and Cultural Integration** Massouti, Ayman,Abdallah, Asma Khaleel,2025-07-23 The current education system faces complex challenges in teacher education and retention Insights into

the latest developments in teacher education policies and procedures suggest that a unified system of teacher licensing may facilitate a sustainable approach to hiring newly qualified and certified teachers. Additionally, a unified system of licensing may expand career opportunities for current and future teachers, providing a more sustainable approach to teacher retention. This improvement in teacher education and licensing policies may promote effective and informative knowledge on teaching and learning strategies. Building a Unified Teacher Licensing System: Policies, Education Reforms, and Cultural Integration explores teacher education programs, licensing policies and procedures, and the current education systems. It highlights existing teacher education programs and licensing practices while exploring complex educational challenges and opportunities for a unified system of teacher licensing. Covering topics such as professional development, cultural integration, and teacher preparedness, this book is an excellent resource for educators, policymakers, school administrators, professionals, researchers, academicians, and more.
