LeCuyer, 2002-07-20 *The New Public Library* R. Thomas Hille, 2018-12-07 The New Public Library is an in depth design study of an exemplary collection of recent public libraries and the historical precedents that have informed and inspired their development An introductory overview presents seven critical themes that characterize public library design past and present highlighting the expressive architectural potential of this unique and important building type A survey of over 40 historically significant libraries traces the development of the building type over time with a primary focus on precedents from the US and northern Europe where the modern public library originated and its design has been most comprehensively

developed A selection of nearly 50 contemporary projects from the past 30 years focuses on the most current developments in public library design with a diverse and varied collection of work by over 35 regional national and international design firms Highly visual in its presentation the study includes 885 color photographs and illustrations and 195 scale drawings

Local Architecture Brian Mackay-Lyons, 2014-12-16 In architecture as in food local is an idea whose time has come Of course the idea of an architecture that responds to site draws on local building traditions materials and crafts and strives to create a sense of community is not recent Yet the way it has evolved in the past few years in the hands of some of the world's most accomplished architects is indeed defining a new movement From the rammed earth houses of Rick Joy and Pacific Northwest timber houses of Tom Kundig to the community built structures of Rural Studio and Francis K r designers everywhere are championing an architecture that exists from in and for a specific place The stunning projects presented here in the first book to examine this global shift were featured at the thirteenth and final Ghost conference held in 2011 organized by Nova Scotia architect educator and local practitioner Brian MacKay Lyons The result is the most complete collection of contemporary regionalist architecture available with essays by early proponents of the movement including Kenneth Frampton Juhani Pallasmaa and Pritzker Prize winning architect Glenn Murcutt *The Architectural Detail* Edward R. Ford, 2012-08-10 *The Architectural Detail* is author Edward R Ford's life's work and this may be his most important book to date Ford walks the reader through five widely accepted and wildly different definitions of detail in an attempt to find once and for all the quintessential definition of detail in architecture
