Characters and Authors in Luigi Pirandello Ann Caesar,1998 Luigi Pirandello is best known in the English speaking world for his radical challenge to traditional Western theatre with plays such as *Six Characters in Search of an Author* But theatre is just one manifestation of his experiments with language which led to a remarkable collection of novels short stories and essays as well as his work for a film industry then in its infancy This study which is based on the view that Pirandello s writings are most fruitfully discussed in a European context takes as its starting point the author s belief in the primacy of the literary character in a creative process which is necessarily conflictual The book argues that all Pirandello s characters are engaged in a continual performance which transcends the genre distinction between narrative and dramatic forms In this performance it is the spoken word in which the characters invest most heavily as they struggle to sustain an identity of their own tell their life stories and assert themselves before their most prominent antagonist the author himself Aesthetic Modernism and Masculinity in Fascist Italy John Champagne,2013 *Aesthetic Modernism and Masculinity in Fascist Italy* is an interdisciplinary historical re reading of a series of representative texts that complicate our current understanding of the portrayal of masculinity in the Italian fascist era Champagne seeks to evaluate how the aesthetic analysis of the artifacts explored offer a more sophisticated and nuanced understanding of what world politics is what is at stake when something like masculinity is rendered as being an element of world politics and how such an understanding differs from more orthodox cultural analyses common to international relations Understanding Luigi Pirandello Fiora A. Bassanese,1997 This is an introduction to the life and literary contributions of a Nobel Prize winner and one of Italy s most distinguished writers Luigi Pirandello It evaluates the significance of his influence on 20th century literature *Gender and the Italian Stage* Maggie Günsberg,1997-12-11 An exploration of the portrayal of gender on the Italian stage from the Renaissance to the present in a social and theoretical context World Encyclopedia of Contemporary Theatre Irving Brown (Consulting Bibliographer),Natasha Rappaport (Bibliographer),Don Rubin (General Editor),Rosabel Wang (Consulting Bibliographer),2013-10-11 An annotated world theatre bibliography documenting significant theatre materials published world wide since 1945 plus an index to key names throughout the six volumes of the series **The Feminist Encyclopedia of Italian Literature** Rinaldina Russell,1997-07-16 Over the last 20 years there has been an increasing interest in feminist views of the Italian literary tradition While feminist theory and methodology have been accepted by the academic community in the U S the situation is very different in Italy where such work has been done largely outside the academy Among nonspecialists knowledge of feminist approaches to Italian literature and even of the existence of Italian women writers remains scant This reference work the first of its kind on Italian literature is a companion volume for all who wish to investigate Italian literary culture and writings both by women and by men in light of feminist theory Included are alphabetically arranged entries for authors schools movements genres and forms figures and types and similar topics related

to Italian literature from the Middle Ages to the present Each entry is written by an expert contributor and summarizes feminist thought on the subject Entries provide brief bibliographies and the volume concludes with a selected general bibliography of major studies This volume covers eight centuries of Italian literature from the Middle Ages to the present Included are entries for major canonical male authors such as Dante Petrarch and Boccaccio as well as for female writers such as Lucrezia Marinella and Gianna Manzini These entries discuss how the authors have shaped the image of women in Italian literature and how feminist criticism has responded to their works Entries are also provided for various schools and movements such as deconstruction Marxism and new historicism for genres and forms such as the epic devotional works and misogynistic literature for figures and types such as the enchantress the witch and the shepherdess and for numerous other topics Each entry is written by an expert contributor summarizes the relationship of the topic to feminist thought and includes a brief bibliography The volume closes with a selected general bibliography of major studies **Playing with**

Gender Maggie Gunsberg, 2017-12-02 This work takes gender as its point of entry into the comedies of Carlo Goldoni 1707-93 The dramatization of femininity and masculinity is explored in conjunction with that of other social categories class the family and age The plays reinforce the patriarchal association of femininity with the body with spectacle and with theatricality while the dramatic backdrop of Venice and carnival provides a context for the staging of issues relating to identity disguise and fashion In the plays pretence and theatricality vie with bourgeois Enlightenment values of morality honesty and respectability to produce dramatic tension with distinct gender implications *Encyclopedia of Italian Literary Studies* Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The Encyclopedia is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism film media children's literature food and vernacular literatures Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person It will be useful to people without specialized knowledge of Italian literature as well as to scholars

Berecche and the War Luigi Pirandello, 2000 This represents the first time that Pirandello's *Berecche and the War* has been translated into the English Language Pirandello's historical novella set in the months preceding Italy's entry into the First World War is amongst much else a highly individual contribution to war literature and historical fiction As he charts the crisis of those times as it affects the carefully constructed identity of his protagonist he embarks on a radical questioning of nineteenth century notions of order method and discipline Further his dialogue with historical narrative leads him to explore and expose the fiction inherent in representing historical reality and

the fictions by which we all live **Niccolo Machiavelli's The Prince** Martin Coyle,2024-06-04 No text has attracted more controversy over the centuries than Machiavelli's *The Prince*. Placed on the Index of Prohibited Books by the Catholic Church in 1599, *The Prince* nevertheless proved to be the means by which Machiavelli came to be known throughout Europe, establishing his name as a byword for the cunning and unscrupulous politician. Written as the medieval world was giving way to the new dynamic of renaissance capitalism, *The Prince* embodies a whole series of vital issues that affect our understanding of modern politics, including power and morality, history and human nature, language and meaning, gender and government. It is these issues which the essays in this volume debate and explore from a variety of perspectives, from the original responses to *The Prince* through to feminist and deconstructive approaches. The result is a volume packed with ideas and insights. With contributions by international scholars and critics, a chronological table and select bibliography, this is an essential guide for anyone studying Machiavelli.

The Epic Rhetoric of Tasso Maggie Gunsberg,2017-12-02 Maggie Gunsberg examines the poetica and poesia of Tasso in the context of the historical and cultural climate in which he lived. His epic theory is explored from the point of view of three rhetorical faculties current in 16th century poetics: inventio, dispositio, and elocutio. His discussion of dispositio reveals a fascinating similarity with ideas on art expressed by the Russian Formalists in the 1920s, a coincidence that can be attributed to the lasting influence of Aristotelian writings on plot. In her textual analysis of *Gerusalemme liberata*, Dr Gunsberg uses modern methodologies, drawing on Freud, Lacan, and the ideology of body language, to develop new ways of reading the epic text. The two parts of this study, dealing with Tasso's theory and practice, respectively, offer complementary approaches that together illuminate his epic contribution.

Six Characters in Search of an Author Luigi Pirandello,2016-01-14 Six people arrive in a theatre during rehearsals for a play. But they are not ordinary people. They are the characters of a play that has not yet been written. Trapped inside a traumatic event from which they long to escape, they desperately need a writer to complete their story and release them. Intrigued by their situation, the director invites them to act out the key events of their lives. Pirandello's best known play and one of the most extraordinary and mysterious plays of the 20th century, *Six Characters* speaks directly to an age of uncertainty: where do we come from, where are we going, how do we become what we want to be.

Mal'uocchio Sam Migliore,1997-01-01 The evil eye has received considerable attention in the literature of disciplines as diverse as anthropology and medicine. Researchers have attempted to identify and explain this essentially ambiguous and variable phenomenon from a number of perspectives: as a culture-bound syndrome, an idiom of distress, a mechanism of social control, and a representation of psychological fear. In *Mal'uocchio: Ambiguity, Evil Eye, and the Language of Distress*, Sam Migliore shifts the focus of discussion from paradigms to a practical examination of how people use the notion of the evil eye in a variety of sociocultural contexts, particularly in various aspects of Sicilian, Canadian, and American culture and experience. Drawing on the theories of Luigi Pirandello and Ludwig Wittgenstein, Migliore argues that *mal'uocchio* and, by implication, other folk constructs, is like a character in search of an author to give it form or

meaning The book begins by considering the indeterminate nature of the evil eye complex Migliore proposes that this indeterminacy allows people to create myriad alternative meanings and messages to define and make sense of their personal experiences He then examines how the evil eye relates to Sicilian Canadian conceptions of health and illness and discusses treatment and prevention strategies Throughout the study the author blends context setting case studies personal recollection and interpretation to provide readers with an accessible alternative look at the multifaceted nature of this folk tradition His position as both an anthropologist and a community insider affords him a unique perspective on the subject This study will be essential reading for students of medical anthropology religion and ethnic studies *Italian Cinema* M. Günsberg, 2004-11-23 Maggie Günsberg examines popular genre cinema in Italy during the 1950s and 1960s focussing on melodrama commedia all italiana peplum horror and the spaghetti western These genres are explored from a gender standpoint which takes into account the historical and socio economic context of cinematic production and consumption An interdisciplinary feminist approach informed by current film theory and other perspectives psychoanalytic materialist deconstructive leads to the analysis of genre specific representations of femininity and masculinity as constructed by the formal properties of film
