Patriotic Toil Northern Women And The American Civil War

Matthew Warshauer

Patriotic Toil Northern Women And The American Civil War:

Patriotic Toil Jeanie Attie,1998 During the Civil War the United States Sanitary Commission attempted to replace female charity networks and traditions of voluntarism with a centralized organization that would ensure women s support for the war effort served an elite liberal vision of nationhood Coming after years of debate over women s place in the democracy and status as citizens soldier relief work offered women an occasion to demonstrate their patriotism and their rights to inclusion in the body politic Exploring the economic and ideological conflicts that surrounded women s unpaid labors on behalf of the Union army Jeanie Attie reveals the impact of the Civil War on the gender structure of nineteenth century America She illuminates how the war became a testing ground for the gendering of political rights and the ideological separation of men s and women s domains of work and influence Attie draws on letters by hundreds of women in which they reflect on their political awakenings at the war s outbreak and their increasing skepticism of national policies as the conflict dragged on Her book integrates the Civil War into the history of American gender relations and the development of feminism providing a nuanced analysis of the relationship among gender construction class development and state formation in nineteenth century America

The Northern Home Front during the Civil War Paul A. Cimbala,Randall M. Miller,2023-02-21 With a new preface and updated historiographical essay Based on recent scholarship and deep research in primary sources especially the letters and diaries of ordinary people The Northern Home Front during the Civil War is the first full narrative history and analysis of the northern home front in almost a quarter century It examines the mobilization recruitment management politics costs and experience of war from the perspective of the home front with special attention to the ways the war affected the ideas identities interests and issues shaping people s lives and vice versa The book looks closely at people s responses to war s demands whether in supporting the Union cause or opposing it and it measures the ways the war transformed society and economy or simply reconfirmed ideas and reinforced practices already underway As The Northern Home Front during the Civil War reveals issues and concerns of emancipation conscription civil liberties economic policies and practices religion party politics war management popular culture and work were all part of what Lincoln rightly termed a People s Contest and as much as the armies in the field determined the outcome of the nation s ordeal by fire As The Northern Home Front during the Civil War shows understanding the experience of the women and men on the home front is essential to realizing Walt Whitman s oft quoted call to get the real war into the books

Women and the American Civil War Theresa McDevitt,2003-09-30 The first reference work to draw together the stories and studies of women in the American Civil War this annotated bibliography offers access to the literature that documents the history of women who experienced the war changed it and were changed by it Offering nearly 800 entries it lists both primary and secondary sources classic and current works and items in print and available on the Internet Drawing together over one hundred years of writings Women in the American Civil War An Annotated Bibliography is an invaluable resource for readers

and researchers interested in this neglected topic During the American Civil War women played a highly significant role yet modern writers often overlook their experiences and contributions Women in the American Civil War An Annotated Bibliography is the first reference work to focus exclusively on women in the war Sections list sources on such diverse topics as women as nurses and medical relief workers women s changing economic roles their lives as refugees as spies and scouts or in military camps It also looks at the literature on the miscellaneous topics of women in public wives of politicians and military commanders family life and women on the wrong side of the law

Themes of the American Civil War

Susan-Mary Grant,Brian Holden-Reid,2009-09-10 Themes of the American Civil War offers a timely and useful guide to this vast topic for a new generation of students The volume provides a broad ranging assessment of the causes complexities and consequences of America s most destructive conflict to date The essays written by top scholars in the field and reworked for this new edition explore how and in what ways differing interpretations of the war have arisen and explains clearly why the American Civil War remains a subject of enduring interest It includes chapters covering four broad areas including The Political Front The Military Front The Race Front and The Ideological Front Additions to the second edition include a new introduction added to the current introduction by James McPherson a chapter on gender as well as information on the remembrance of the war historical memory The addition of several maps a timeline and an appendix listing further reading battlefield statistics and battle regiment general names focuses the book squarely at undergraduates in both the US and abroad

Connecticut in the American Civil War Matthew Warshauer,2014-08-01 Serves as a model of what a state level survey of the Civil War can achieve a potent combination of description and analysis The Civil War Monitor Connecticut in the American Civil War offers a remarkable window into the state s involvement in a conflict that challenged and defined the unity of a nation The arc of the war is traced through the many facets and stories of battlefield home front and factory Matthew Warshauer masterfully reveals the varied attitudes toward slavery and race before during and after the war Connecticut s reaction to the firing on Fort Sumter the dissent in the state over whether or not the sword and musket should be raised against the South the raising of troops the sacrifice of those who served on the front and at home and the need for closure after the war This book is a concise amazing account of a complex and troubling war No one interested in this period of American history can afford to miss reading this important contribution to our national and local stories

Women's

Radical Reconstruction Carol Faulkner,2007-01-08 Carol Faulkner offers a vivid social history of the way the women s radical reform movement shaped government policy toward former slaves in the Civil War and Reconstruction era

Civil War

America Maggi M. Morehouse,Zoe Trodd,2013 As war raged on the battlefields of the Civil War men and women all over the nation continued their daily routines They celebrated holidays ran households wrote letters read newspapers joined unions attended plays and graduated from high school and college Civil War America reveals how Americans both Northern and Southern lived during the Civil War the ways they worked expressed themselves artistically organized their family lives

treated illness and worshipped Written by specialists the chapters in this book cover the war s impact on the economy the role of the federal government labor welfare and reform efforts the Indian nations universities healthcare and medicine news coverage photography and a host of other topics that flesh out the lives of ordinary Americans who just happened to be living through the biggest conflict in American history Along with the original material presented in the book chapters the website accompanying the book is a treasure trove of primary sources both textual and visual keyed for each chapter topic Civil War America and its companion website uncover seismic shifts in the cultural and social landscape of the United States providing the perfect addition to any course on the Civil War

The Rise and Fall of the Second American Republic Manisha Sinha, 2024-03-26 Sinha not only has taken on this vast subject but has greatly expanded its definition both temporally and spatially She covers these difficult issues with remarkable skill and clarity S C Gwynne New York Times Book Review We are told that the present moment bears a strong resemblance to Reconstruction the era after the Civil War when the victorious North attempted to create an interracial democracy in the unrepentant South That effort failed and that failure serves as a warning today about violent backlash to the mere idea of black equality In *The Rise and Fall of the Second American Republic* acclaimed historian Manisha Sinha expands our view beyond the accepted temporal and spatial bounds of Reconstruction which is customarily said to have begun in 1865 with the end of the war and to have come to a close when the corrupt bargain of 1877 put Rutherford B Hayes in the White House in exchange for the fall of the last southern Reconstruction state governments Sinha s startlingly original account opens in 1860 with the election of Abraham Lincoln that triggered the secession of the Deep South states and take us all the way to 1920 and the ratification of the Nineteenth Amendment which granted women the right to vote and which Sinha calls the last Reconstruction amendment Within this grand frame Sinha narrates the rise and fall of what she calls the Second American Republic The Reconstruction of the South a process driven by the alliance between the formerly enslaved at the grassroots and Radical Republicans in Congress is central to her story but only part of it As she demonstrates the US Army s conquest of Indigenous nations in the West labor conflict in the North Chinese exclusion women s suffrage and the establishment of an overseas American empire were all part of the same struggle between the forces of democracy and those of reaction The main concern of Reconstruction was the plight of the formerly enslaved but its fall affected other groups as well women workers immigrants and Native Americans From the election of black legislators across the South in the late 1860s to the Great Railroad Strike of 1877 to the colonial war in the Philippines in the 1890s Sinha narrates the major episodes of the era and introduces us to key individuals famous and otherwise who helped remake American democracy or whose actions spelled its doom A sweeping narrative that remakes our understanding of perhaps the most consequential period in American history *The Rise and Fall of the Second American Republic* shows how the great contest of that age is also the great contest of our age and serves as a necessary reminder of how young and fragile our democracy truly is

The Civil War Rachel Filene Seidman, 2001 Chronicles the American Civil

War through wartime documents illustrations and photos *Union Heartland* Ginette Aley, Joseph L. Anderson, 2013-08-28

The Civil War has historically been viewed somewhat simplistically as a battle between the North and the South. Southern historians have broadened this viewpoint by revealing the many Souths that made up the Confederacy but the North has remained largely undifferentiated as a geopolitical term. In this welcome collection seven Civil War scholars offer a unique regional perspective on the Civil War by examining how a specific group of Northerners, Midwesterners known as Westerners and Middle Westerners during the 1860s experienced the war on the home front. Much of the intensifying political and ideological turmoil of the 1850s played out in the Midwest and instilled in its people a powerful sense of connection to this important drama. The 1850 federal Fugitive Slave Law and highly visible efforts to recapture former bondsmen and women who had escaped underground railroad stations and supporters throughout the region, publication of Ohioan Harriet Beecher Stowe's widely influential and best-selling *Uncle Tom's Cabin*, the controversial Kansas Nebraska Act of 1854, the murderous abolitionist John Brown who gained notoriety and hero status attacking proslavery advocates in Kansas, the emergence of the Republican Party and Illinoisan Abraham Lincoln all placed the Midwest at the center of the rising sectional tensions. From the exploitation of Confederate prisoners in Ohio to wartime college enrollment in Michigan, these essays reveal how Midwestern men, women, families and communities became engaged in myriad war-related activities and support. Agriculture figures prominently in the collection with several scholars examining the agricultural power of the region and the impact of the war on farming, farm families and farm women. Contributors also consider student debates and reactions to questions of patriotism, the effect of the war on military families, relationships, issues of women's loyalty and deference to male authority as well as the treatment of political dissent and dissenters. Bringing together an assortment of home front topics from a variety of fresh perspectives, this collection offers a view of the Civil War that is unabashedly Midwestern.

A People at War Scott Reynolds Nelson, Carol Sheriff, 2007-04-16

Claiming more than 600,000 lives, the American Civil War had a devastating impact on countless numbers of common soldiers and civilians, even as it brought freedom to millions. This book shows how average Americans coped with despair as well as hope during this vast upheaval. *A People at War* brings to life the full humanity of the war's participants from women behind their plows to their husbands in army camps, from refugees from slavery to their former masters, from Mayflower descendants to freshly recruited Irish sailors. We discover how people confronted their own feelings about the war itself and how they coped with emotional challenges: uncertainty, exhaustion, fear, guilt, betrayal, grief as well as physical ones: displacement, poverty, illness, disfigurement. The book explores the violence beyond the battlefield, illuminating the sharp-edged conflicts of neighbor against neighbor, whether in guerilla warfare or urban riots. The authors travel as far west as China and as far east as Europe, taking us inside soldiers' tents, prisoner-of-war camps, plantations, tenements, churches, Indian reservations and even the cargo holds of ships. They stress the war years but also cast an eye at the tumultuous decades that preceded and followed the battlefield confrontations. An engrossing account

of ordinary people caught up in life shattering circumstances A People at War captures how the Civil War rocked the lives of rich and poor black and white parents and children and how all these Americans pushed generals and presidents to make the conflict a people's war

Gender and the Sectional Conflict Nina Silber, 2015-12-01 In an insightful exploration of gender relations during the Civil War Nina Silber compares broad ideological constructions of masculinity and femininity among Northerners and Southerners She argues that attitudes about gender shaped the experiences of the Civil War's participants including how soldiers and their female kin thought about their causes and obligations in wartime Despite important similarities says Silber differing gender ideologies shaped the way each side viewed participated in and remembered the war Silber finds that rhetoric on both sides connected soldiers' reasons for fighting to the women left at home Consequently although in different ways women on both sides took up new roles to advance the wartime agenda At the same time both Northern and Southern women were accused of waning patriotism as the war dragged on but their responses to such charges differed Finally noting that our postwar memories are often dominated by images of Southern belles Silber considers why Northern women despite their heroic contributions to the Union cause have faded from Civil War memory Silber's investigation offers a new understanding of how Unionists and Confederates perceived their reasons for fighting of the new attitudes and experiences that women black and white on both sides took up and of the very different ways that Northern and Southern women were remembered after the war ended

Civil War Lisa T. Tendrich Frank, 2009-07-14 This volume offers a social historian's view of the Civil War shifting the focus away from political and military leaders to look at how the war affected and was affected by ordinary citizens of all kinds Civil War People and Perspectives looks at one of the most convulsive events in American history through the eyes of ordinary citizens examining issues related to the home front and war front across the full spectrum of racial class and gender boundaries Moving away from the traditional focus on famous political and military figures this insightful volume recounts the experiences of soldiers women and children slaves and freed persons Native Americans immigrants and other social groups during a time of extraordinary national upheaval It is a revealing look at how the lives of everyday people Northern and Southern black and white rich and poor male and female enslaved and free shaped and were shaped by the American Civil War

Historical Dictionary of the Civil War Terry L. Jones, 2011 The Civil War was the most traumatic event in American history pitting Americans against one another rending the national fabric leaving death and devastation in its wake and instilling an anger that has not entirely dissipated even to this day 150 years later This updated and expanded two volume second edition of the Historical Dictionary of the Civil War relates the history of this war through a chronology an introductory essay an extensive bibliography and hundreds of cross referenced dictionary entries on persons places events institutions battles and campaigns This book is an excellent access point for students researchers and anyone wanting to know more about the Civil War

The Great Task Remaining Before Us Paul Alan Cimbala, Randall M. Miller, 2010 An unusually strong collection of essays the scholarship is impeccable

Gaines M Foster Louisiana State University Baton Rouge Lesser Civil Wars Marsha R. Robinson, 2012-12-05 Lesser Civil Wars Civilians Defining War and the Memory of War is an edited volume that surveys three hundred years of the Memory of war and the Will to war in the greater Ohio River Valley and Great Lakes region Military theorists from von Clausewitz to Dingiswayo and Chandragupta calculated the Will of their own soldiers and of the enemy's soldiers Sometimes the Will is assigned an erroneously low strength as Abraham Lincoln learned quickly at the onset of the United States Civil War In this volume we examine the civilian production of the national Will to fight future wars through the least civil war each individual's war to remember or to forget and no armistice or accord brings this internal battle to an end This is not a book about the atrocities committed during war This is a book about the very nature of the Will Memory Will cycle where the Memory of war continues for generations until a new war requires the resurrection of the Will As these essays show sometimes it only takes a few individuals to prosecute these Memory wars with rules of engagement that do not necessarily include civil behavior By focusing on microhistories from a specific region and by bracketing the US Civil War with an essay about a century prior to it and essays about the century following it we are able to demonstrate the power and energy of the incubating stage of Memory in the Will Memory Will cycle In the greater Ohio River Valley and Great Lakes region ordinary civilians controlled and incubated the memories of the Iroquois Wars the French and Indian Wars 1756-1763 the American Revolution 1776-1783 and the War of 1812 and they converted Memory into the Will to fight the US Civil War and the Vietnam War In these chapters we present micro wars between civilians over control of the Will of a nation They are indeed lesser civil wars *The Business of Civil War* Mark R. Wilson, 2006-07-15 Publisher Description **Battle Scars** Catherine Clinton, Nina Silber, 2006-02-23 Over a decade ago the publication of *Divided Houses* ushered in a new field of scholarship on gender and the Civil War Following in its wake *Battle Scars* showcases insights from award winning historians as well as emerging scholars This volume depicts the ways in which gender race nationalism religion literary culture sexual mores and even epidemiology underwent radical transformations from when Americans went to war in 1861 through Reconstruction Examining the interplay among such phenomena as racial stereotypes sexual violence trauma and notions of masculinity *Battle Scars* represents the best new scholarship on men and women in the North and South and highlights how lives were transformed by this era of tumultuous change **Maladies of Empire** Jim Downs, 2021-09-07 Standard histories of infectious disease celebrate brilliant minds such as Florence Nightingale John Snow and Robert Koch In this unorthodox telling Jim Downs focuses on a forgotten group of contributors the conscript soldiers colonial subjects and enslaved people whose bodies were the experimental matter on which medical progress relied *A Companion to the U.S. Civil War, 2 Volume Set* Aaron Sheehan-Dean, 2020-05-05 *A Companion to the U.S. Civil War* presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861-1865 Represents the most comprehensive coverage available relating to all aspects of the U.S. Civil War Features contributions

from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory
