Patriots Canadians Five Iv Volume Vol 4:

Canadian State Trials, Volume I Frank Murray Greenwood, Barry Wright, 1996-12-15 State trials reveal much about a nation's insecurities and shed light on important themes in political constitutional and legal history. In Canada, perceived and real threats to the state have ranged from dissent, disaffection, and the emergence of threatening ideologies to insurrection, riot, violent protest, and military invasion. The Canadian State Trials series will explore the role of the law in regulating such threats from the period of early European settlement to 1971. The first volume and the planned series as a whole present a great deal of new material by prominent Canadian historians and legal scholars. Although certain Canadian political trials and security crises have received scholarly attention in the past, there has never been a comprehensive and systematic examination of the country's surprisingly rich record in this area. The eighteen essays in Volume I examine this record for the period 1608-1837, covering proceedings in New France, the four Atlantic colonies, the Old Province of Quebec, and the two Canadas. They highlight security law during the American revolution, the wars against revolutionary Napoleonic France, and the War of 1812, comparative treason law, and the trials of David McLane, Robert Gourlay, Francis Collins, and Joseph Howe, among others. The essays, which use extensive use of primary sources, the most illuminating of which appear in a documentary appendix, place the examination of the law and its administration during these events in socio-political and comparative context.

Gavin K. Watt's Revolutionary Canadian History 5-Book Bundle Gavin K. Watt, 2014-07-02 This special bundle collects five titles by military history specialist Gavin K. Watt. This series has a unique focus: The American War of Independence viewed from the perspective of British operations in the north. *The Burning of the Valleys* concerns a decisive campaign against the northern frontier of New York in the fifth year of the war. *A Dirty Trifling Piece of Business* is about operations in the sixth year, including in the south. *Poisoned by Lies and Hypocrisy* Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia, American loyalists, and British regulars managed to defend Quebec and repel the invaders. *Rebellion in the Mohawk Valley* concerns the campaign that led to the destruction of British-held Fort Ticonderoga. These titles are essential reading for military history, early Canadian history, and War of Independence history buffs. Includes *The Burning of the Valleys*, *A Dirty Trifling Piece of Business*, *I Am Heartily Ashamed*, *Poisoned by Lies and Hypocrisy*, *Rebellion in the Mohawk Valley*.

Enemies Within Franca Iacovetta, Roberto Perin, Angelo Principe, 2000-01-01 *Enemies Within* is the first study of its kind to examine not only the formulation and uneven implementation of internment policy but the social and gender history of internment. It brings together national and international perspectives.

Canadian State Trials, Volume II F. Murray Greenwood, Barry Wright, 2002-12-15 This second volume of the Canadian State Trials series focuses on the largest state security crisis in 19th-century Canada: the rebellions of 1837-1838 and associated patriot invasions in Upper and Lower Canada, Ontario, and Quebec. Historians have long debated the causes and implications of the rebellions but until now have done remarkably little work on

the legal aspects of the insurrections and their aftermath Given that over 350 men were tried for treason or equivalent offences in connection with the rebellions this volume is long overdue The essays collected here written by prominent Canadian historians legal scholars and archivists break new ground in the existing historiography of the rebellions by presenting the first comprehensive examination of the legal dimensions of the crises In addition to examining trials and court martial proceedings the essays examine their political social and comparative contexts including the passage of emergency legislation and executive supervision of legal responses the treatment of women and the plight of political convicts transported to the Australian penal colonies Canadian State Trials Volume Two contributes significantly to the ongoing reassessment of the rebellion period
