Julian Wolpert

Patterns Of Generosity In America

Charles Clotfelter, Thomas Ehrlich

Patterns Of Generosity In America:

Patterns of Generosity in America Julian Wolpert, 1993 In this book Julian Wolpert offers some measure to help move the debate over social policy away from the myth that when it comes to poverty government is the problem and lead us back to a balanced assessment of the ways in which it can be part of the solution

Patterns of Generosity in America Julian Wolpert, 1993 American Generosity Patricia Snell Herzog, Heather Elaine Price, 2016 This accessibly written book unique in its breadth presents a comprehensive approach to answering the what how much who where and why of giving The authors consider multiple forms of generosity but focus especially on three main forms donating money volunteering time and taking political action

Patterns of Development in Latin America John Sheahan, 2021-04-13 In this major work an economist with long experience as an advisor in developing countries explores the conflict between market forces and political reform that has led straight into Latin America's most serious problems John Sheahan addresses three central concerns the persistence of poverty in Latin American countries despite rising national incomes the connection between economic troubles and political repression and the relationships between Latin America and the rest of the world in trade and finance as well as overall dependence His comprehensive explanation of why many Latin Americans identify open political systems with frustration and economic breakdown will interest not only economists but also a broad range of other social scientists This is political economy in the classical sense of the word establishing a clear connection between the political and economic realities of Latin America

Jewish Giving Jack Wertheimer, 2025-07-22 Evaluating Jewish donors over time The American Jewish philanthropic enterprise is unparalleled in scope dynamism and the diversity of funders and the causes they support Yet even as Jewish giving has been largely successful in responding with alacrity to emergencies it has been subjected to severe criticism What once was regarded as a point of pride has become the object of scorn and dismissal with skepticism if not harsh criticism about its work rife both within and outside Jewish communal circles Based on 320 interviews with professionals at Jewish not for profits across the United States principals of foundations and their top staff personnel and also tax filings of major foundations Jewish Giving provides readers with fresh perspectives to evaluate the efforts of Jewish donors large and small The book traces the evolution of Jewish giving from the colonial era to the present charting the changing profile of those who give to Jewish causes and what funders have aimed to achieve through their largesse It makes the case that philanthropy serves as a prism through which broader themes in communal life are illuminated As society or politics change the priorities of charitable giving adjust in response These changes in targeted funding can help to sharpen our understanding of demographic and social patterns Devoting much attention to twenty first century developments in contemporary Jewish giving the book pays special attention to the changing landscape of donors who are remaking Jewish philanthropy including women Orthodox Jews Sephardi givers and young funders

The Paradox of Generosity Christian Smith, Hilary Davidson, 2014-08-01 Determining why when and to whom people feel compelled to be

generous affords invaluable insight into positive and problematic ways of life Organ donation volunteering and the funding of charities can all be illuminated by sociological and psychological perspectives on how American adults conceive of and demonstrate generosity Focusing not only on financial giving but on the many diverse forms generosity can take Christian Smith and Hilary Davidson show the deep impact usually good sometimes destructive that giving has on individuals The Paradox of Generosity is the first study to make use of the cutting edge empirical data collected in Smith s groundbreaking multidisciplinary five year Science of Generosity Initiative It draws on an extensive survey of 2 000 Americans more than sixty in depth interviews with individuals across twelve states and analysis of over 1 000 photographs and other visual materials This wealth of evidence reveals a consistent link between demonstrating generosity and leading a better life more generous people are happier suffer fewer illnesses and injuries live with a greater sense of purpose and experience less depression Smith and Davidson also show however that to achieve a better life a person must practice generosity regularly random acts of kindness are not enough Offering a wide range of vividly illustrative case studies this volume will be a crucial resource for anyone seeking to understand the true impact and meaning of generosity *The Pattern of Aid Giving* Eric

Neumayer,2003-04-24 Practically all donor countries that give aid claim to do so on the basis on the recipient s good governance but do these claims have a real impact on the allocation of aid Are democratic human rights respecting countries with low levels of corruption and military expenditures actually likely to receive more aid than other countries Using econo

The State of Nonprofit America Lester M Salamon,2012-05-14 Today America s nonprofit organizations seem caught in a force field buffeted by four impulses voluntarism professionalism civic activism and commercialism Too little attention however has been paid to the significant tensions among these impulses Understanding this force field and the factors shaping its dynamics thus becomes central to understanding the future of particular organizations and of the nonprofit sector as a whole In this second edition of an immensely successful volume Lester Salamon and his colleagues offer an overview of the current state of America s nonprofit sector examining the forces that are shaping its future and identifying the changes that might be needed The State of Nonprofit America has been completely revised and updated to reflect changing political realities and the punishing economic climate currently battering the nonprofit sector which faces significant financial challenges during a time when its services are needed more than ever The result is a comprehensive analysis of a set of institutions that Alexis de Tocqueville recognized to be more deserving of our attention than any other part of the American experiment

Creating Congregations of Generous People Michael Durall,1999-12-01 Asking parishioners for money is very different from creating congregations of generous people In this provocative book stewardship consultant Michael Durall argues convincingly that annual pledge drives inadvertently perpetuate low level and same level giving in congregations Written with the voice of experience this book will help clergy and lay leaders initiate and sustain effective stewardship programs Durall believes that asking for money eventually becomes routine even tedious but creating a

congregation of generous people becomes ever more meaningful with passing time *Dangerous Giving in Nineteenth-Century American Literature* Alexandra Urakova,2022-04-27 This book explores the dark unruly and self destructive side of gift giving as represented in nineteenth century literary works by American authors It asserts the centrality and relevance of gift exchange for modern American literary and intellectual history and reveals the ambiguity of the gift in various social and cultural contexts including those of race sex gender religion consumption and literature Focusing on authors as diverse as Emerson Kirkland Child Sedgwick Hawthorne Poe Douglass Stowe Holmes Henry James Twain Howells Wilkins Freeman and O Henry as well as lesser known obscure and anonymous authors *Dangerous Giving* explores ambivalent relations between dangerous gifts modern ideology of disinterested giving and sentimental tradition

American Generosity Patricia Snell Herzog,Heather E. Price,2016-02-01 American charitable giving veers from the hyperbolically generous to the hyperbolically stingy On some days no one has a quarter to spare in times of disaster Americans will put their lives on hold to build houses for those displaced by hurricanes The crucial question of who gives and why they do it lies at the heart of *American Generosity* Patricia Snell Herzog and Heather E Price sociologists who focus on philanthropy draw on findings from the groundbreaking Science of Generosity initiative which combines a nationally representative survey of adult Americans with in depth interviews and case studies For most Americans they find the important forms of giving are donating money volunteering time and taking political action Focusing on these three types of activity the authors go on to examine and analyze multiple dimensions of resources social status regional cultural norms different approaches to giving social psychological orientation and the relational contexts of generosity Herzog and Price conclude that giving is supported by circles of generosity which ripple outward in their reach to targets of giving The book offers not just analysis but practical tips for readers who want to increase their own giving for parents modeling giving to their children spouses desiring alignment in their giving and friends and community members seeking to support giving by others The authors also provide explicit fundraising ideas for nonprofits foundations and religious leaders Thought provoking and accessibly written *American Generosity* lays out a broad yet nuanced explanation of giving that sheds important new light on a topic that touches all of us in one way or another *American Jewish Year Book 1997* David Singer,Ruth R. Seldin,1997 The Library owns the volumes of the *American Jewish Yearbook* from 1899 current *Patterns of American Popular Heroism* James G. Shoopman,2020-10-06 The American popular hero has deeply bipolar origins Depending on prevailing attitudes about the use or abuse of authority American heroes may be rooted in the traditions of the Roman conquerors of *The Aeneid* or of the biblical underdog warriors and prophets This book reviews the history of American popular culture and its heroes from the Revolutionary War and pre Civil War women s literature to the dime novel tales of Jesse James and Buffalo Bill Hinge heroes like *The Virginian* and the Rider s of the Purple Sage paved the way for John Wayne s and Humphrey Bogart s champions of civilization while Jimmy Stewart s scrappy rebels fought soulless bankers and

cynical politicians The 1960s and 1970s saw a wave of new renegades the doctors of MASH and the rebel alliance of Star Wars but early 21st Century terrorism called for the grit of world weary cops and the super heroism of Wonder Woman and Black Panther to make the world safe

Chinese Diaspora Charity and the Cantonese Pacific, 1850-1949 John Fitzgerald, Hon-ming Yip, 2020-04-15 Chinese Diaspora Charity and the Cantonese Pacific 1850 1949 sheds new light on the history of charity among Chinese overseas and its place in the history of charity in China and in the wider history of global philanthropy It finds that diaspora charity besides serving traditional functions of helping the sick and destitute and supporting development in China helped to build trust among dispersed hometown networks while challenging color boundaries in host societies by contributing to wider social causes The book shows that charitable activities among the Gold Rush communities of the Pacific rim a loosely integrated migr network from Guangdong Province perhaps better known for its business acumen and hard work among English speaking settler societies in North America and Australasia also led the way with social innovations that helped to shape modern charity in China Fitzgerald and Yip s volume demonstrates that charity lay at the heart of community life among Chinese communities overseas From remittances accompanying letters to contributions to benevolent organizations emigrants transferred funds in many different ways to meet urgent requirements such as disaster relief while also contributing to long term initiatives like building schools or hospitals By drawing attention to diaspora contributions to their host societies the contributors correct a common misunderstanding of the historical Chinese diaspora which is often perceived by host communities as self interested or disengaged This important study also reappraises the value of charitable donations in the maintenance of networks an essential feature of diaspora life across the Cantonese Pacific Fitzgerald and Yip s fascinating collection is a major contribution to the growing study of charity and its relationship to social welfare The essays show how remittances were used for much more than family support The book fills a large gap on the almost unrecognized importance of charity among Cantonese communities in the Chinese diaspora Diana Lary University of British Columbia This collection is a great contribution to our understanding of how important charity became among overseas Chinese in the early stages of the diaspora between 1850 and 1949 Philanthropy was crucial in the creation of trust networks among the diasporic communities that earned Chinese recognition to the overseas communities both in China and in their host countries Sue Fawn Chung University of Nevada Las Vegas *The Hands of Hope: Chronicles of American Philanthropy* Pasquale De Marco, 2025-04-21 In a world where challenges abound philanthropy emerges as a beacon of hope a testament to the human spirit s unwavering commitment to making a difference This comprehensive book delves into the rich history diverse practices and profound impact of philanthropy in America offering a captivating exploration of the forces that drive individuals and organizations to give back to their communities From the early days of the nation s founding when charitable giving was primarily a religious endeavor to the rise of modern philanthropy characterized by strategic investments and data driven approaches this book traces the evolution of

philanthropy shedding light on the changing motivations and methods that have shaped the field Through engaging storytelling and insightful analysis the book introduces readers to the major players in philanthropy from the titans of industry who have made transformative gifts to the countless individuals who quietly donate their time and resources to causes they care about It examines the different types of philanthropy from traditional charitable giving to innovative approaches like venture philanthropy and donor advised funds The book also explores the challenges facing philanthropy today such as the need for greater transparency and accountability the rise of political polarization and the growing wealth gap It offers thoughtful insights into the future of philanthropy considering the role of technology the increasing globalization of giving and the need for more diversity and inclusion in the field With its comprehensive scope and engaging narrative The Hands of Hope is an essential read for anyone interested in philanthropy nonprofit management or the history of social change It is a valuable resource for students scholars practitioners and anyone who wants to make a positive impact on the world This book is a must read for anyone who wants to understand the role of philanthropy in society and its potential to create a better world If you like this book write a review on google books

God and Money Gregory Baumer, John Cortines, 2016 Two young Harvard MBAs on the fast track to wealth and success tell their story of God's transforming power and how Scripture brought them to the startling conclusion that they should give the majority of their money away to those in need Packed with compelling case studies research and practical strategies God and Money offers an honest look at what the Bible says about generous giving No matter what your salary may be God and Money shows you how you can reap the rewards of radical generosity in your own life from publisher description

Philanthropy and the Nonprofit Sector in a Changing America Charles Clotfelter, Thomas Ehrlich, 2001-10 This collection brings together the views of a stellar assemblage of scholars practitioners and a host of other talented and distinguished citizens of the independent sector A must read Philanthropy Monthly In an attempt to analyze future directions of the increasingly influential nonprofit sector the American Assembly and the Indiana Center on Philanthropy sponsored a conference that brought in leading scholars and practitioners Participants were asked to consider what forces will determine the shape and activities of philanthropy and the nonprofit sector in the next decade This volume is a product of this inquiry Contributors focused on a variety of pressures including the devolution of federal programs the blurring of lines between non profit and for profit organizations the changing distributions of income a revived interest in community and civil society the evolution of religion and other regulatory reform and a retreat of government from various policy areas

Leadership in Nonprofit Organizations Kathryn A. Agard, 2011 Leadership in Non Profit Organizations tackles issues and leadership topics for those seeking to understand more about this dynamic sector of society A major focus of this two volume reference work is on the specific roles and skills required of the non profit leader in voluntary organizations Key features include contributions from a wide range of authors who reflect the variety vibrancy and creativity of the sector itself an overview of the history of non profit

organizations in the United States description of a robust and diverse assortment of organizations and opportunities for leadership an exploration of the nature of leadership and its complexity as exemplified in the non profit sector availability both in print and online this title will form part of the 2010 Encyclopedia Collection on SAGE Reference Online The Handbook includes topics such as personalities of non profit leaders vision and starting a nonprofit organization nonprofit law statutes taxation and regulations strategic management financial management collaboration public relations for promoting a non profit organization human resource policies and procedures *The American Catalogue of books: or English guide to American literature, giving the full title of original works published in the United States since the year 1800* S. Low & Co. (Firm),1856 The American Catalogue of Books: Or, English Guide to American Literature, Giving the Full Title of Original Works Published in the United States Since the Year 1800. With Especial Reference to Works of Interest to Great Britain, Etc ,1856

Patterns Of Generosity In America Introduction

In today's digital age, the availability of Patterns Of Generosity In America books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Patterns Of Generosity In America books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Patterns Of Generosity In America books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Patterns Of Generosity In America versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Patterns Of Generosity In America books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Patterns Of Generosity In America books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Patterns Of Generosity In America books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Patterns Of Generosity

In America books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Patterns Of Generosity In America books and manuals for download and embark on your journey of knowledge?
